The German Mind:

The German Mind, 1928 *War and the German Mind* Wilhelm Karl Pfeiler, Wm. K. Pfeiler, 1941 **The German Mind** William J. Bossenbrook, 1979 **The German Mind** William John Bossenbrook, 1961 Study of the influence of German culture in the development of European civilization **Tales From The German Mind** Jenean McBrearty, 2008-06-04 A cycle of short stories about how the lives of ordinary people touched by extraordinary circumstances intertwine How do people manage to go on with badly broken hearts while others despair How is it that some of us still strive when we know it is for nothing **The German Mind** George Santayana, 1968 *Hugo Ball's Critique of the German Mind* Hugo Ball, Brian La Mont Harris, 1979 **Calderón in the German Lands and the Low Countries** Henry W. Sullivan, 2009-10-29 This book recounts the afterlife of the great Golden Age dramatist Pedro Calderón de la Barca in Dutch and German speaking Europe The high quality of the German critical and philosophical tradition has led to a far greater appreciation of Calderón outside than inside his native Spain and it is in the German territories that the playwright's influence has been most remarkable and widespread Professor Sullivan documents and analyses Calderón's reception and influence on the stage and on playwriting criticism philosophy and music in these territories In addressing his book to students of both the German and the Spanish traditions Professor Sullivan has supplied the necessary background to both cultures and has rendered all quotations into English The range of material will also make the book important for students of philosophy comparative drama and German opera **Addresses to the German Nation** Johann Gottlieb Fichte, 2013-03-15 In the winter of 1807 while Berlin was occupied by French troops the philosopher Johann Gottlieb Fichte presented fourteen public lectures that have long been studied as a major statement of modern nationalism Yet Fichte's Addresses to the German Nation have also been interpreted by many as a vision of a cosmopolitan alternative to nationalism This new edition of the Addresses is designed to make Fichte's arguments more accessible to English speaking readers The clear readable and reliable translation is accompanied by a chronology of the events surrounding Fichte's life suggestions for further reading and an index The groundbreaking introductory essay situates Fichte's theory of the nation state in the history of modern political thought It provides historians political theorists and other students of nationalism with a fresh perspective for considering the interface between cosmopolitanism and republicanism patriotism and nationalism **The Germans** Erich Kahler, 2019-07-11 This book is intended as a characterological history of the Germans German history viewed as the formation of the German character It suggests some reasons why the term capitalism can be properly applied only to commercial development in Germany **«Two skeletons in the closet» of the German reunification.**, V.V.Voronov, 2014-04-09 Now it is about a topic of this work The big part of text is dedicated to the largest and I suppose the most important country in Europe This is Germany The fact that Germans had not comprehended their own nature its basics led to two world wars greatest tragedies of the 20th century But even today one can authoritatively add that they have not studied historical lesson properly As the last crisis

showed the German market command economy socially oriented is far from the most effective economic systems in the world the German pension system was near to collapsing in 2013 but the main example for the above thesis is the German reunification Still today many Germans are indignant with the Soviet occupying forces comrade Stalin the whole Russia and Russian people over the establishment of GDR Strange but they do not remember their own unique contribution to the development of communist doctrine Were it not for the two key Marxists Karl Liebknecht Rosa Luxemburg Clara Zetkin and some other German activists too would communism develop in a way it did May the establishing in the east part of the Germany of the separate republic of workers and peasants not be seen as the return of the spectre of communism what was glorified by Marx in his famous manifesto to its historical homeland Others reasons for charges against Russia are Berlin Wall and East German security service Stasi But it might have been much worse For example the Ulbricht Mausoleum in Alexanderplatz with a mummy of comrade Walter inside could be added to this list of sights of GDR And I am sure if it happened the soiled reputation of Russian folk would become dirtier **LIFE** ,1944-01-10 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today s people and events They have free access to share print and post images for personal use The German-American Encounter Frank Trommler,Elliott Shore,2001 While Germans the largest immigration group in the United States contributed to the shaping of American society and left their mark on many areas from religion and education to food farming political and intellectual life Americans have been instrumental in shaping German democracy after World War II Both sides can claim to be part of each other s history and yet the question arises whether this claim indicates more than a historical interlude in the forming of the Atlantic civilization In this volume some of the leading historians social scientists and literary scholars from both sides of the Atlantic have come together to investigate for the first time in a broad interdisciplinary collaboration the nexus of these interactions in view of current and future challenges to German American relations **The Quarterly Christian Spectator** ,1835

Shakespeare on the German Stage: Volume 2, The Twentieth Century Wilhelm Hortmann,Michael Hamburger,1998-05-28 Shakespeare has been a central figure in German literature and theatre This book tells the story of Shakespeare in the German speaking theatre against the background of German culture and politics in the twentieth century It follows the earlier volume by Simon Williams on the reception of Shakespeare during the previous 300 years Shakespeare on the German Stage 1586 1914 Hortmann concentrates on the two most important and fruitful periods the years of the Weimar Republic 1919 1933 and the turbulent decades of the sixties and seventies when the German theatre was revitalised by a stormy marriage of avant garde art and revolutionary politics A section by Maik Hamburger covers developments in the theatres of the German Democratic Republic Hortmann focuses on the most representative and colourful directors and actors describing and illustrating individual productions as examples of particular trends or movements **Bulletin of the John**

Rylands Library John Rylands Library,1926 Society and Politics in Wilhelmine Germany (Routledge Revivals) Richard J.
