The Gift of Cancer Brenda Michaels, Marsha Mercant, 2014-10-14 For fourteen years Brenda Michaels battled cancer Then one day she surrendered to the experience and found the gift in her disease The Gift of Cancer A Miraculous Journey to Healing speaks to anyone on a journey of wellbeing whether suffering from a life threatening disease or merely desiring to live a better more fulfilling life After Brenda's third cancer diagnosis and being told she had a year to live she boldly stepped away from the accepted medical model said no to chemotherapy and chose alternative treatment This unorthodox path the connection of mind body and spirit which many experts now believe is the key to true healing ultimately saved Brenda's life and put her in control of her own destiny Her story reveals the immense healing power available within each of us With each obstacle Brenda encounters we see the indefatigable courage and fortitude she demonstrates in facing her demons both inside and out Michaels' uplifting memoir encourages us to listen to our inner voice trust our intuition and look at the true source of healing When we are willing to look deep within and take responsibility for our choices we have the power to alter the course of our lives in miraculous and unexpected ways

Out of the Darkness Steve Taylor, 2011-03-07 Out of the Darkness tells the stories of more than 20 people who have undergone permanent spiritual awakening after intense trauma and turmoil in their lives Although psychological turmoil often has no positive effects for some people it can be the catalyst for a kind of spiritual alchemy transforming the base metal of suffering into the gold of intense well being and freedom Read about the young woman who became enlightened after suffering terrible injuries in the 7/7 tube bombings in London the man who became paralysed after falling from a bridge onto a river bed but now lives in a state of permanent bliss and the recovering alcoholic who shifted to a permanent state of enlightenment after hitting rock bottom and losing everything The author has also interviewed several spiritual teachers whose original awakening occurred after intense psychological turmoil including Eckhart Tolle and Catherine Ingram In addition to telling these people's stories Out of the Darkness explains why turmoil has this awakening effect and illustrates the almost infinite capacity of human beings to overcome suffering It suggests that so long as we have the courage to face up to and accept negative situations there is nothing for us to fear But perhaps most importantly it shows how natural spiritual awakening is to human beings and how close it is to all of us

Bright-sided Barbara Ehrenreich, 2009-10-13 Barbara Ehrenreich's Bright-sided is a

sharp witted knockdown of America's love affair with positive thinking and an urgent call for a new commitment to realism. Americans are a positive people cheerful optimistic and upbeat this is our reputation as well as our self image. But more than a temperament being positive we are told is the key to success and prosperity. In this utterly original take on the American frame of mind Barbara Ehrenreich traces the strange career of our sunny outlook from its origins as a marginal nineteenth century healing technique to its enshrinement as a dominant almost mandatory cultural attitude. Evangelical mega churches preach the good news that you only have to want something to get it because God wants to prosper you. The medical profession prescribes positive thinking for its presumed health benefits. Academia has made room for new departments of positive psychology and the science of happiness. Nowhere though has bright siding taken firmer root than within the business community where as Ehrenreich shows the refusal even to consider negative outcomes like mortgage defaults contributed directly to the current economic crisis. With the mythbusting powers for which she is acclaimed Ehrenreich exposes the downside of America's penchant for positive thinking. On a personal level it leads to self blame and a morbid preoccupation with stamping out negative thoughts. On a national level it's brought us an era of irrational optimism resulting in disaster. This is Ehrenreich at her provocative best poking holes in conventional wisdom and faux science and ending with a call for existential clarity and courage.

Doing Valuable Time Cheshire Calhoun, 2018-03-05. Doing Valuable Time considers the interest and disinterest we take in our own lives. It explores the nature of meaningful living the attraction to the future that is lost in depression the motivating force of hope the role of commitments the inevitability of boredom and the possibilities for contentment with imperfection.

Christianity and Depression Tasia Scrutton, 2020-03-31. It is now universally accepted that we are experiencing a profound mental health epidemic and too often Christians have struggled to know how to respond. The need for the church to take mental health issues more seriously is urgent and this is perhaps especially true when it comes to understanding depression. Offering a theological and biblical account of depression this book considers how depression has been understood and interpreted by Christians and how plausible and pastorally helpful these understandings are. It offers an important and well informed resource for those with or preparing for positions of pastoral responsibility within the Christian Church. With a foreword by John Swinton.

FROM A GREAT ESCAPE TO A NEW AWAKENING - MY JOURNEY THROUGH CANCER Eddy Li, 2012-12-11. This is an autobiography of a cancer survivor a veteran network news journalist. For 38 years since 1971 the author as Asia video editor for ABC News chased news stories round the clock often without sleep. With early retirement in sight the sudden diagnosis of cancer one day radically changed his lifestyle overnight. By an unusual coincidence his links to golf were also linked to his discovery of cancer. Here's a man who led an incredible life even before he overcame his battle with cancer. It took more than the conventional means of treatment. His treatment and road to recovery is a revelation. Today as a cancer survivor and a

retiree who now enjoys a healthier and more fulfilling life the author tells a compelling story of how he entered into the darkest tunnel and emerged a more vigilant and environmentally aware individual Eddy Li shares his painful experience what he has learned about an increasingly hazardous environment and how you can protect yourself from its toxicity *The Awakening Call* James Finley, 1984
