The Sexual Life of Our Time in Its Relations to Modern Civilization Iwan Bloch, 1909 **The Sexual Life of Our Time in Its Relations to Modern Civilization** Ivan Bloch, 2021-04-22 The author s aim in writing this book was to write a complete Encyclop dia on the sexual sciences and it will probably be acknowledged by all who study its pages that the author has accomplished his intention in a very scholarly manner and in such form as to be of great value to the professions for whom this translation is intended The subject is no doubt one which appeals to and affects the interests of all adult persons but the publishers have after very serious and careful consideration come to the conclusion that the sale of the English translation of the book shall be limited to members of the legal and medical professions To both these professions it is essential that a knowledge of the science of Sex and the various causes for the existence of abnormals should be ascertained so that they may be guided in the future in their investigations into and the practice of attempts to mitigate the evil which undoubtedly exists and to bring about a more healthy class of beings It is the first time that the subject has been so carefully and fully gone into in the English language and it is believed that the very exhaustive examination which the author has made into the matter and the various cases to which he has called attention will be of considerable use to the medical practitioner and also to the lawyer in criminal and quasi criminal matters and probably in matrimonial disputes and cases of insanity

Anglo-Irish Novel and the Big House Vera Kreilkamp, 1998-10-01 This book is a comprehensive study of the ascendancy novel from Maria Edgeworth's *Castle Rackrent* 1800 through contemporary reinventions of the form Kreilkamp argues that Irish fiction needs to be rescued from the critical assumptions underlying attacks on the historical mythologies of Yeats and the Literary Revival Exploring the uniquely Irish dimensions of colonial and post colonial societies Kreilkamp charts the self critical formulations of a gentry culture facing its extinction more often and more successfully with comic irony than nostalgia Kreilkamp positions the *Big House* novels within current debates in postcolonial criticism and theory She argues that these fictional representations of a beleaguered society provide a complex nuanced gaze into a hybrid colonial group that distanced itself from the self aggrandizements of the revivalists As she examines the gothic revisionist and postmodern permutations of an enduring national form she illustrates the ways ascendancy women transformed conventions of an English domestic genre into political fiction Her attention to Edgeworth's Irish works the fiction of the neglected Victorian novelist Charles Lever and the gothic forms of the *Big House* by Sheridan Le Fanu and Charles Maturin provide a historical context for later reformulations of the genre by Somerville and Ross Elizabeth Bowen Molly Keane William Trevor Jennifer Johnston Aidan Higgins and John Banville **Sexuality and the World's Religions** David Wayne Machacek, Melissa M.

Oziewicz,2015-04-17 This book is the first to offer a justice focused cognitive reading of modern YA speculative fiction in its narrative and filmic forms It links the expansion of YA speculative fiction in the 20th century with the emergence of human and civil rights movements with the communitarian revolution in conceptualizations of justice and with spectacular advances in cognitive sciences as applied to the examination of narrative fiction Oziewicz argues that complex ideas such as justice are processed by the human mind as cognitive scripts that scripts when narrated take the form of multiply indexable stories and that YA speculative fiction is currently the largest conceptual testing ground in the forging of justice consciousness for the 21st century world Drawing on recent research in the cognitive and evolutionary sciences Oziewicz explains how poetic retributive restorative environmental social and global types of justice have been represented in narrative fiction from 19th century folk and fairy tales through 21st century fantasy dystopia and science fiction Suggesting that the appeal of these and other nonmimetic genres is largely predicated on the dream of justice Oziewicz theorizes new justice scripts as conceptual tools essential to help humanity survive the qualitative leap toward an environmentally conscious culturally diversified global world This book is an important contribution to studies of children's and YA speculative fiction adding a new perspective to discussions about the educational as well as social potential of nonmimetic genres It demonstrates that the justice imperative is very much alive in YA speculative fiction creating new visions of justice relevant to contemporary challenges
