

The Girl Behind The Keys 1903

Katherine Mullin

The Girl Behind The Keys 1903:

The Girl Behind the Keys Tom Gallon, 2005-12-19 As the door was thrust open I heard as in a dream the voice of Neal Larrard calm and cool as ever dictating to me mechanically my fingers touched the keys and I began to type While I did so I felt that fearful dead thing pressing against my knees and felt also the muzzle of the revolver hard against my side First published in 1903 *The Girl Behind the Keys* is a delightful example of early detective fiction in which Bella Thorn a savvy young typist foils the nefarious plans of her employer a confidence man who exploits the hopes and fears infusing the popular imagination As Arlene Young's critical introduction demonstrates the story unites many of the cultural and literary motifs marking the dawn of the twentieth century when the Victorian era was giving way to modernity *Working Girls* Katherine Mullin, 2016-05-05 *Working Girls* Fiction Sexuality and Modernity investigates the significance of a new form of sexual identity at the end of the nineteenth and beginning of the twentieth century Young women of the lower middle and working classes were increasingly abandoning domestic service in favour of occupations of contested propriety They inspired both moral unease and erotic fascination *Working Girls* considers representations of four highly glamorised yet controversial types of women worker telegraphists and typists in newly feminised offices shop assistants in the new department stores and barmaids in the new gin palaces of major British cities Economically emancipated more or less and liberated more or less from the protection and constraints of home and family shop girls barmaids typists and telegraphists became mass media sensations They energised a wide range of late Victorian and Modernist fiction This study will bring late Victorian and Modernist British writers into intimate conversation with a substantial new archive of ephemeral sources often regarded as remote from high art and its concerns popular fiction music hall and musical comedy beauty pageants and fairground exhibitions visual art and early film careers manuals magazine and periodical journalism moral reform crusades Royal Commissions and attempts at protective legislation *Working Girls* argues that these seductive yet perilous young women helped writers negotiate anxieties about the state of literary culture in the United Kingdom Crucially they preoccupy novelists who were themselves beleaguered by anxieties over cultural capital the shifting pressures of the literary marketplace or controversies about the morality of fiction often leading to the threat of censorship In articulating questions about sexual integrity *Working Girls* articulate often submerged questions about textual integrity and the role of the modern novel **Gender, Technology and the New Woman** Lena Wanggren, 2017-04-28 This book examines late nineteenth century feminism in relation to technologies of the time marking the crucial role of technology in social and literary struggles for equality The New Woman the fin de siècle cultural archetype of early feminism became the focal figure for key nineteenth century debates concerning issues such as gender and sexuality evolution and degeneration science empire and modernity While the New Woman is located in the debates concerning the crisis in gender or sexual anarchy of the time the period also saw an upsurge of new technologies of communication transport and medicine As this monograph demonstrates literature of

the time is inevitably caught up in this technological modernity technologies such as the typewriter the bicycle and medical technologies through literary texts come to work as freedom machines as harbingers of female emancipation The Sympathetic Medium Jill Galvan,2011-03-15 The nineteenth century saw not only the emergence of the telegraph the telephone and the typewriter but also a fascination with s ances and occult practices like automatic writing as a means for contacting the dead Like the new technologies modern spiritualism promised to link people separated by space or circumstance and like them as well it depended on the presence of a human medium to convey these conversations Whether electrical or otherworldly these communications were remarkably often conducted in offices at telegraph stations and telephone switchboards and in s ance parlors by women In The Sympathetic Medium Jill Galvan offers a richly nuanced and culturally grounded analysis of the rise of the female medium in Great Britain and the United States during the Victorian era and through the turn of the century Examining a wide variety of fictional explorations of feminine channeling in both the technological and supernatural realms by such authors as Henry James George Eliot Arthur Conan Doyle Bram Stoker Marie Corelli and George Du Maurier Galvan argues that women were often chosen for that role or assumed it themselves because they made at a distance dialogues seem more intimate less mediated Two allegedly feminine traits sympathy and a susceptibility to automatism enabled women to disappear into their roles as message carriers Anchoring her literary analysis in discussions of social economic and scientific culture Galvan finds that nineteenth and early twentieth century feminization of mediated communication reveals the challenges that the new networked culture presented to prevailing ideas of gender dialogue privacy and the relationship between body and self *Culture on Two Wheels* Jeremy Withers,Daniel P. Shea,2016 Bicycles have more cultural identities than many realize functioning not only as literal vehicles in a text but also as vehicles for that text s themes ideas and critiques In the late nineteenth century the bicycle was seen as a way for the wealthy urban elite to reconnect with nature and for women to gain a measure of personal freedom while during World War II it became a utilitarian tool of the French Resistance and in 1970s China stood for wealth and modernization Lately it has functioned variously as the favored ideological steed of environmentalists a means of community bonding and aesthetic self expression in hip hop and the ride of choice for bike messenger idolizing urban hipsters *Culture on Two Wheels* analyzes the shifting cultural significance of the bicycle by examining its appearances in literary musical and cinematic works spanning three continents and more than 125 years of history Bringing together essays by a variety of cyclists and scholars with myriad angles of approach this collection highlights the bicycle s flexibility as a signifier and analyzes the appearance of bicycles in canonical and well known texts such as Samuel Beckett s modernist novel *Molloy* the Oscar winning film *Breaking Away* and various Stephen King novels and stories as well as in lesser known but equally significant texts such as the celebrated Russian director Andrei Tarkovsky s film *Sacrifice* and Elizabeth Robins Pennell s nineteenth century travelogue *A Canterbury Pilgrimage* the latter of which traces the route of Chaucer s pilgrims via bicycle The Aristocracy of Talent

Adrian Wooldridge, 2021-07-13 The Times UK book of the year Meritocracy the idea that people should be advanced according to their talents rather than their birth While this initially seemed like a novel concept by the end of the twentieth century it had become the world's ruling ideology How did this happen and why is meritocracy now under attack from both right and left In The Aristocracy of Talent esteemed journalist and historian Adrian Wooldridge traces the history of meritocracy forged by the politicians and officials who introduced the revolutionary principle of open competition the psychologists who devised methods for measuring natural mental abilities and the educationalists who built ladders of educational opportunity He looks outside western cultures and shows what transformative effects it has had everywhere it has been adopted especially once women were brought into the meritocratic system Wooldridge also shows how meritocracy has now become corrupted and argues that the recent stalling of social mobility is the result of failure to complete the meritocratic revolution Rather than abandoning meritocracy he says we should call for its renewal **Never Done** Erin Hill, 2016-10-05 Histories of women in Hollywood usually recount the contributions of female directors screenwriters designers actresses and other creative personnel whose names loom large in the credits Yet from its inception the American film industry relied on the labor of thousands more women workers whose vital contributions often went unrecognized Never Done introduces generations of women who worked behind the scenes in the film industry from the employees wives who hand colored the Edison Company's films frame by frame to the female immigrants who toiled in MGM's backrooms to produce beautifully beaded and embroidered costumes Challenging the dismissive characterization of these women as merely menial workers media historian Erin Hill shows how their labor was essential to the industry and required considerable technical and interpersonal skills Sketching a history of how Hollywood came to define certain occupations as lower paid women's work or feminized labor Hill also reveals how enterprising women eventually gained a foothold in more prestigious divisions like casting and publicity Poring through rare archives and integrating the firsthand accounts of women employed in the film industry the book gives a voice to women whose work was indispensable yet largely invisible As it traces this long history of women in Hollywood Never Done reveals the persistence of sexist assumptions that even today leave women in the media industry underpraised and underpaid For more information <http://erinhill.squarespace.com> **The Art of Detective Fiction** NA NA, 2016-04-30 In the hands of many of the great writers the unravelling of mystery is only one strand within a complex project Other things get unravelled too the belief in a rationally explicable world in the beneficent ordering force of culture and civilization Constantly the detective story delights in muddying the waters in acknowledging the omnipresent possibilities of anarchy and carnage As a genre it is supremely able to combine popular appeal with the ability to disturb provoke and challenge the reader The essays in this volume all pay tribute to and seek to account for the astonishing durability of the detective story as a narrative genre They range generously taking a variety of theoretical approaches and including detective fiction in languages other than English but particular attention is paid to the Golden Age

of English detective story writing and to the hard boiled American version of the genre This is a collection that will appeal to the scholar and to the devotee alike to all those in fact who cannot resist the lure of finding out whodunit **In Search of the New Woman** Gillian Sutherland,2015-02-19 A study of the New Woman phenomenon examining whether British women really achieved the economic independence to challenge social conventions The Bloomsbury Companion to Modernist Literature Ulrika Maude,Mark Nixon,2018-11-01 In this book leading international scholars explore the major ideas and debates that have made the study of modernist literature one of the most vibrant areas of literary studies today The Bloomsbury Companion to Modernist Literature offers a comprehensive guide to current research in the field covering topics including The modernist everyday emotion myth geographies and language scepticism Modernist literature and the arts music the visual arts cinema and popular culture Textual and archival approaches manuscripts genetic criticism and modernist magazines Modernist literature and science sexology neurology psychology technology and the theory of relativity The geopolitics of modernism globalization politics and economics Resources keywords and an annotated bibliography Critical Alliances S. Brooke Cameron,2020-01-28 This study argues that feminist collaboration was vital to women s successful infiltration of the marketplace at the end of the nineteenth century and Edwardian period An Introduction to the Detective Story LeRoy Panek,1987 This book traces the origins of the detective story presents the literary and cultural forces that have influenced it follows its development and discusses some of the major authors who have contributed to its evolution and popularity Adapted from the author s Preface Modernism, Labour and Selfhood in British Literature and Culture, 1890-1930 Morag Shiach,2004-02-26 Shiach examines the ways in which labour was experienced and represented between 1890 and 1930 There is a critical tradition in literary and historical studies that sees the impact of modernity on human labour in terms of intensification and alienation Shiach however explores a series of efforts to articulate the relations between labour and selfhood within modernism Through readings of Sylvia Pankhurst and D H Lawrence Shiach shows how labour underpins the political and textual innovations of the period This study will be of interest to literary and cultural scholars alike **Revisiting "The Waste Land"** Lawrence Rainey,2008-10-01 divThis groundbreaking book of literary detective work alters our understanding of T S Eliot s poetic masterpiece The Waste Land Lawrence Rainey not only resolves longstanding mysteries surrounding the composition of the poem but also overturns traditional interpretations of the poem that have prevailed for more than eighty years He shines new light on Eliot s greatest achievement and on the poem s place in the modern canon Far from the austere and sober monument to neoclassicism that admirers have praised The Waste Land turns out to be something quite different something grim and wild unruly and intractable violent and shocking and radically indeterminate yet also deeply compassionate Rainey looks at how Eliot went about writing the poem and at the sequence in which he composed the parts Arriving at new insights into the poet s intentions Rainey unsettles tradition bound views of the poem and shows us that The Waste Land is even stranger and more startling than we knew DIV *The New Cambridge*

Companion to T. S. Eliot Jason Harding, 2017 Drawing on the latest scholarship and criticism this volume provides an authoritative accessible introduction to T S Eliot s complete oeuvre It extends the focus of the original 1994 Companion addressing issues such as gender and sexuality and challenging received accounts of his at times controversial critical reception

The Alternative Sherlock Holmes Peter Ridgway Watt, Joseph Green, 2017-03-02 Between 1887 and 1927 Sir Arthur Conan Doyle wrote sixty Sherlock Holmes stories and his great Canon has become the most praised most studied and best known chapter in the history of detective fiction Over twenty thousand publications pertaining to the Sherlock Holmes phenomenon are known to have been published most of them historical and critical studies In addition however almost since the first stories appeared such was their uniqueness and extraordinary attraction that other authors began writing stories based on or derived from them A new genre had appeared pastiches parodies burlesques and stories that attempted to copy or rival the great detective himself As the field widened there was hardly a year in the twentieth century in which new short stories or novels did not appear Many hundreds are now known to have been published some of them written by authors well known for their work in other literary fields The non canonical Sherlock Holmes literature not only constitutes a literary field of considerable historical interest but includes many stories that are both enjoyable and fascinating in their own right Although a large bibliography on these stories exists and a few limited anthologies have been published no attempt has previously been made to collect them all and discuss them comprehensively The Alternative Sherlock Holmes does so it provides a new and valuable approach to the Sherlock Holmes literature as well as making available many works that have for years remained forgotten Presented as an entertaining narrative of interest to both the aficionado and the scholar it provides full bibliographic data on virtually all the known stories in the field

Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of The Girl Behind The Keys 1903 eBooks, including some popular titles.

FAQs About The Girl Behind The Keys 1903 Books

What is a The Girl Behind The Keys 1903 PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a The Girl Behind The Keys 1903 PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF:

Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF.

How do I edit a The Girl Behind The Keys 1903 PDF? Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a The Girl Behind The Keys 1903 PDF to another file format?**

There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobat's export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a The Girl Behind**

The Keys 1903 PDF? Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
