The Girl in the Hairy Paw Ronald Gottesman, Harry M. Geduld, 1976

The Guide to United States Popular Culture

Ray Broadus Browne, Pat Browne, 2001 To understand the history and spirit of America one must know its wars its laws and its presidents To really understand it however one must also know its cheeseburgers its love songs and its lawn ornaments The long awaited Guide to the United States Popular Culture provides a single volume guide to the landscape of everyday life in the United States Scholars students and researchers will find in it a valuable tool with which to fill in the gaps left by traditional history All American readers will find in it one entry at a time the story of their lives Robert Thompson President Popular Culture Association At long last popular culture may indeed be given its due within the humanities with the publication of The Guide to United States Popular Culture With its nearly 1600 entries it promises to be the most comprehensive single volume source of information about popular culture The range of subjects and diversity of opinions represented will make this an almost indispensable resource for humanities and popular culture scholars and enthusiasts alike Timothy E Scheurer President American Culture Association The popular culture of the United States is as free wheeling and complex as the society it animates To understand it one needs assistance Now that explanatory road map is provided in this Guide which charts the movements and people involved and provides a light at the end of the rainbow of dreams and expectations Marshall W Fishwick Past President Popular Culture Association Features of The Guide to United States Popular Culture 1 010 pages 1 600 entries 500 contributors Alphabetic entries Entries range from general topics golf film to specific individuals items and events Articles are supplemented by bibliographies and cross references Comprehensive index

Tracking King Kong Cynthia Erb, 2009-04-01 Studies the cultural impact and audience reception of King Kong from the 1933 release of the original film until today In Tracking King Kong Cynthia Erb charts the cultural significance of the character of King Kong from the early 1930s when Merian C Cooper and Ernest B Schoedsack s classic film King Kong was first released to Peter Jackson s 2005 remake Although King Kong has received much academic attention over the past twenty five years the bulk of these analyses deal with the film s human characters rather than Kong himself In this revised edition of an influential study Erb argues that King Kong is a particular kind of cultural outsider who represents a cross penetration of American notions of exoticism and monstrosity Tracking King Kong considers problems such as race and gender in the King Kong tradition as well as historical international and contemporary audience and fan responses to this classic film and its popular protagonist Erb begins her examination of King Kong in the 1930s when the original film was produced and released extending through the 1970s when the film and its hero reached the height of their cultural visibility in a remake by Dino De Laurentiis and concluding with a look at Peter Jackson s version in 2005 The book includes a detailed production history of the original 1933 film based on primary historical and archival sources a genre study examining Kong s relations to horror jungle adventure and travel documentary genres an analysis of Kong s influence on the Japanese film

Godzilla and a look at sequels remakes and spinoffs related to King Kong such as Mighty Joe Young Erb also analyzes Jackson's remake of King Kong to determine how and why Jackson revised the main character casting him as a melancholy hero The revised edition of Tracking King Kong updates a groundbreaking study of King Kong as the iconic character enters the twenty first century Scholars of film and television studies as well as general readers interested in film and popular culture will appreciate this significant volume *King Kong* Ray Morton, 2005-11 Chronicling the making of all seven feature films in which King Kong has appeared including the Peter Jackson film due for release in December 2005 this book includes coverage of all the original films as well as the many variants and offshoots *Social Life in the Movies* James J. Dowd, 2020-10-27 Through an analysis of hundreds of Hollywood movies this book examines some of the most contentious social issues of our time including racism social inequality sexism and gerontophobia With studies of some of the most enduring film genres in Hollywood's history including romantic films such as Casablanca war movies from World War II through the Iraq and Afghanistan conflicts alienation films including Five Easy Pieces and Lost in Translation the school movie from Goodbye Mr Chips to other films set in academia including Dead Poets Society and Dangerous Minds the book outlines and demonstrates the sociological approach to viewing films and highlights the socially conservative nature of much Hollywood movie production which draws on common stereotypes and reinforces dominant cultural values but is also capable of challenging and serving to change them *Encyclopedia of the Documentary Film 3-Volume Set* Ian Aitken, 2013-10-18 The Encyclopedia of the Documentary Film is a fully international reference work on the history of the documentary film from the Lumi re brothers Workers Leaving the Lumi re Factory 1885 to Michael Moore's Fahrenheit 911 2004 This Encyclopedia provides a resource that critically analyzes that history in all its aspects Not only does this Encyclopedia examine individual films and the careers of individual film makers it also provides overview articles of national and regional documentary film history It explains concepts and themes in the study of documentary film the techniques used in making films and the institutions that support their production appreciation and preservation *The Screen Chills Companion, 1931-1939* Chris Fellner, 2025-05-05 This first volume of a two volume set covers every film released during the first wave of Hollywood horror 1931-1939 providing 74 chilling entries with important historical context frightening facts and terrifying trivia Each entry supplies a detailed production history derived from trade publication reports contemporary press hype cast scenario critiques and behind the scenes production tidbits Postscripts detailing noteworthy events that followed a picture's theatrical run such as sequels or award nominations also are featured An appendix presents a full roster of horror films that came out of New York instead of Hollywood This complete history of the first wave of Hollywood horror is thoroughly illustrated and meticulously documented **The Animated Bestiary** Paul Wells, 2008-11-28 Cartoonists and animators have given animals human characteristics for so long that audiences are now accustomed to seeing Bugs Bunny singing opera and Mickey Mouse walking his dog Pluto The Animated Bestiary critically evaluates the depiction of animals in cartoons and animation more

generally Paul Wells argues that artists use animals to engage with issues that would be more difficult to address directly because of political religious or social taboos Consequently and principally through anthropomorphism animation uses animals to play out a performance of gender sex and sexuality racial and national traits and shifting identity often challenging how we think about ourselves Wells draws on a wide range of examples from the original King Kong to Nick Park's Chicken Run to Disney cartoons such as Tarzan The Jungle Book and Brother Bear to reflect on people by looking at the ways in which they respond to animals in cartoons and films

The 1931-1940: American Film Institute Catalog of Motion Pictures Produced in the United States American Film Institute, 1993 The entire field of film historians awaits the AFI volumes with eagerness Eileen Bowser Museum of Modern Art Film Department Comments on previous volumes The source of last resort for finding socially valuable films that received such scant attention that they seem lost until discovered in the AFI Catalog Thomas Cripps Endlessly absorbing as an excursion into cultural history and national memory Arthur Schlesinger Jr

The Gothic's Gothic (Routledge Revivals) Benjamin Franklin Fisher IV, 2016-05-05 First published in 1988 this book aims to provide keys to the study of Gothicism in British and American literature It gathers together much material that had not been cited in previous works of this kind and secondary works relevant to literary Gothicism biographies memoirs and graphic arts Part one cites items pertaining to significant authors of Gothic works and part two consists of subject headings offering information about broad topics that evolve from or that have been linked with Gothicism Three indexes are also provided to expedite searches for the contents of the entries This book will be of interest to students of literature

American Cinema of the 1930s Ina Rae Hark, 2007 Abstract

Encountering Gorillas James L. Newman, 2013-07-05 Gorillas the largest of the apes inhabiting our planet have been a source of fear awe and inspiration to humans In this book James L Newman brings a lifetime of study of Africa to his compelling story of the rich and varied interaction between gorillas and humans since earliest contact He illuminates the complex relationship over time through the interlinked themes of discovery exploitation understanding and continuing survival Tragically the number of free living gorillas facing habitat loss disease and poaching has declined dramatically over the course of the past century and the future of the few that remain is highly uncertain At the same time those in zoos and sanctuaries now lead much more secure lives than they did earlier Newman follows this transition highlighting the roles played by key individuals both humans and gorillas Among the former have been adventurers opportunists writers and scientists The latter include real gorillas such as Gargantua and Koko and fictional ones notably King Kong and Mighty Joe Young This thoughtful and engaging book helps us understand how our image of gorillas has been both distorted and clarified through culture and science for centuries and how we now control the destiny of these magnificent great apes

Lost Times and Untold Tales from the Malay World Jan van der Putten, Mary Kilcline Cody, 2009 This book brings together a group of international scholars inspired by the scholarly perspective of Australian philologist Ian Proudfoot who look at calendars and time royal myths colonial expeditions

printing propaganda theater art Islamic manuscripts and many more aspects of Malayan history *The Metamorphosis of Apuleius* Pasquale J. Accardo, 2002

LEWIS s Till We Have Faces being only one of the more notable recent retellings

BOOK JACKET *Wild Man from Borneo* Robert Cribb, Helen Gilbert, Helen Tiffin, 2014-01-31

Wild Man from Borneo offers the first comprehensive history of the human orangutan encounter Arguably the most humanlike of all the great apes particularly in intelligence and behavior the orangutan has been cherished used and abused ever since it was first brought to the attention of Europeans in the seventeenth century The red ape has engaged the interest of scientists philosophers artists and the public at large in a bewildering array of guises that have by no means been exclusively zoological or ecological One reason for such a long term engagement with a being found only on the islands of Borneo and Sumatra is that like its fellow great apes the orangutan stands on that most uncomfortable dividing line between human and animal existing for us on what has been called the dangerous edge of the garden of nature Beginning with the scientific discovery of the red ape more than three hundred years ago this work goes on to examine the ways in which its human attributes have been both recognized and denied in science philosophy travel literature popular science literature theatre museums and film The authors offer a provocative analysis of the origin of the name orangutan trace how the ape has been recruited to arguments on topics as diverse as slavery and rape and outline the history of attempts to save the animal from extinction Today while human populations increase exponentially that of the orangutan is in dangerous decline The remaining wild men of Borneo are under increasing threat from mining interests logging human population expansion and the widespread destruction of forests The authors hope that this history will by adding to our knowledge of this fascinating being assist in some small way in their preservation

American Popular Culture Larry N. Landrum, 1982 *Tarzan, Primus Inter Primates* Olufunmilayo Bamidele Arewa, 1988

The Concise Routledge Encyclopedia of the Documentary Film Ian Aitken, 2013-01-04

documentary film this accessible concise edition provides an invaluable resource for both scholars and students With film stills from key films this resource provides the decisive entry point into the history of an art form **Framing Monsters**

Joshua David Bellin,2005 Beginning with celebrated classics the author locates King Kong 1933 within the era of lynching to evince how the film protects whiteness against supposed aggressions of a black predator and reviews The Wizard of Oz 1939 as a product of the Depression s economic anxieties From there the study moves to the cult classic animated Sinbad Trilogy 1958 1977 of Ray Harryhausen films rampant with xenophobic fears of the Middle East as relevant today as when the series was originally produced Advancing to more recent subjects the author focuses on the image of the monstrous woman and the threat of reproductive freedom found in Aliens 1986 Jurassic Park 1993 and Species 1995 and on depictions of the mentally ill as dangerous deviants in 12 Monkeys 1996 and The Cell 2000 An investigation into physical freakishness guides his approach to Edward Scissorhands 1990 and Beauty and the Beast 1991 *Gorilla* Ted Gott,Kathryn Weir,2013-06-01 Since coming to international prominence in the mid nineteenth century when English French and American scientists first encountered them the gorilla s physical resemblance to humans has struck a deep chord Gorillas quickly came to dominate evolutionary debates and grew prevalent in literature art film and popular culture they are the focus of movies such as Congo and the inspiration for the video game character Donkey Kong and DC Comics super villain Gorilla Grodd In *Gorilla* Ted Grott and Kathryn Weir provide a compelling and unsettling account of our relationship with these highly intelligent animals as they fight extinction due to habitat destruction commercial hunting and disease Gott and Weir describe how early European observations of gorillas in their native Africa were the genesis of literary and artistic representations such as King Kong At the same time gorillas became symbolic of sexuality and subconscious uncontrolled urges and influenced theories of criminality It was not until Dian Fossey s research in the 1960s and 1970s that many misconceptions about the gorilla especially their violence were dispelled A notable history of the gorilla s influence on our culture and its plight at the hands of humans *Gorilla* will appeal to any animal lover wanting to learn more about this noble creature and its uncertain future

Unveiling the Power of Verbal Art: An Psychological Sojourn through **The Girl In The Hairy Paw King Kong As Myth Movie And Monster**

In a global inundated with monitors and the cacophony of instant conversation, the profound power and mental resonance of verbal artistry usually fade into obscurity, eclipsed by the constant onslaught of noise and distractions. However, situated within the musical pages of **The Girl In The Hairy Paw King Kong As Myth Movie And Monster**, a charming perform of fictional splendor that impulses with organic feelings, lies an unforgettable trip waiting to be embarked upon. Penned with a virtuoso wordsmith, this exciting opus manuals viewers on an emotional odyssey, delicately exposing the latent possible and profound affect stuck within the delicate web of language. Within the heart-wrenching expanse of this evocative analysis, we shall embark upon an introspective exploration of the book is key subjects, dissect its charming publishing type, and immerse ourselves in the indelible impact it leaves upon the depths of readers souls.
