Birth to Maturity Jerome Kagan,Howard A. Moss,1983-01-01 This relevant and influential book is the analysis of a longitudinal study of eighty nine individuals who were assessed at birth and again at regular intervals observational psychometric and interview data were collected for each child and his family until the child reached adolescence and seventy one of the subjects were reassessed when they became adults The book emphasizes the relationship between early experiences and adult characteristics and has remained throughout the years a forceful argument for and illustration of the continuity thesis

The Avatar Ivar Tabrizi,2004 The story is based on the alleged discovery of Elvis Presley s reincarnation in Mangalam a small village set amidst the backwaters of the Malabar Coast in India The subsequent events when an Elvis mad matron from Memphis Tennessee comes to claim the child as her very own make for a very hilarious reading The events start unfolding when the astrologer called into cast the child s birth horoscope declares the child to be an avatar a great reincarnation Everybody assumes the reincarnation to be that of Lord Krishna the deity worshipped in the village But the two precocious daughters of Sunita the neighbour and a distant relation of the child s parents create without meaning to a feeling that the child is actually a reincarnation of Elvis Presley Neeli the

eldest of the two editor of her college magazine and an aspiring journalist manages to publish an article about the phenomenon in the Memphis Tattler Maggie Duckworth a rich widow and fanatic in her devotion to Elvis reads the article and lands in India to claim the child She has Alonzo Bosworthy a novice reporter from the tabloid in tow to cover what she thinks will be a scoop Besides her ulterior motive is to chase out the present guardians of the Presley Foundation with whom she had a long series of run ins and install the true heir to the throne of Graceland Mansions The Mangalam villagers meanwhile have come to very different conclusions about the impending visit of the Americans The village barber a fanatic Maoist is convinced that the Americans are actually CIA agents coming to take over what he imagines to be the oil wealth hidden under the village He organizes the farm workers to protest against the visit Meanwhile a defrocked priest and his small coterie of Christian followers in the village maintain that the child is actually the second Christ come to redeem the world and maintain a vigil outside the reincarnation s house They are there to prevent the child being spirited away to the West The barber s wild imagination had also infected the staid householders of the village and they want their cut of the oil wealth lying under their feet Of course there is the village yokel suddenly transformed by a series of misunderstandings into a Greek scholar whose wild oratory is listened to by the villagers avidly but without understanding By the time Maggie Duckworth arrives at the village she is met by all these forces which she cannot fathom Things are not helped by the avaricious nature of the reincarnation s father Mr Keshavan who dreams of inheriting Presley s Graceland on behalf of his son As if these things were not enough for Maggie Duckworth Bosworthy manages to get himself arrested as a spy with designs on India s cultural heritage when he wanders into the village temple The story goes on to its ultimate denouement as the Indian papers slow on the uptake now create a country wide furor making the incident take on an international flavour with formal protests being lodged with the American Ambassador in India and nearly bringing the Indian Government down for kowtowing to the Americans Sunita s two daughters though central to the theme are just onlookers and as bewildered as Maggie by the course of events they have unleashed Babli the younger one is the agnostic with a healthy disrespect for the superstitions surrounding the village life But she triggers off events leading to the acceptance of the child to be a reincarnation of Elvis
