**1001 Walks in Britain** Automobile Association (Great Britain),2004-04 Walks of 2 to 10 miles in every corner of Britain

The Self-contained Village? Christopher Dyer,2007 These essays show how historical revisionism has overturned the view that English villages before industrialization had self sufficient economies and populations largely separated from the outside world Topics include demography migration agriculture inheritance politics employment industry and markets and covers such communities as Norfolk and Westmorland

**The Village Homes of England** Charles Holme,1912 Village England Trevor Wild,2004-02-26 The romantic imagery of village England and the prominence that this commands in English cultural identity is well known Yet just how accurate is this notion of the rural idyll in which the organic nature of village life was gradually undermined and destroyed by social and economic factors Trevor Wild s text explores the evolution of village England from the earliest times to the present Drawing upon both contemporary accounts and scholarship he provides an engaging and revealing account of the major transformations affecting the English village Of particular interest is the book s coverage of the more recent past with the whittling away of the great estates the appearance of such institutions as the village hall and the development of alternative systems of power such as the councils

Rural England Joan Thirsk,2002 From prehistory to the present day our landscape has been transformed by successive periods of human activity triggered by the rise and fall of populations and their need to be fed housed and employed These changes have built up layers of evidence which offer historians exciting insights into land use through the centuries and how rural communities of the past lived their lives In this ground breaking study published in hardback as The English Rural Landscape and now available in paperback Joan Thirsk and her team of distinguished contributors many of whom live in the places they describe invite us to explore the historical richness of the English landscape Each chapter synthesizes the latest thinking and provides fresh perspectives on its subject It is the first book since W G Hoskins definitive study The Making of the English Landscape published nearly 50 years ago to do so The first ten chapters describe the characteristic features of the main landscape types including fenland downland woodland marshland and moorland However geographically scattered areas of a particular landscape type are they have often been moulded by successive generations in ways that have produced strong physical similarities The second part of the book is made up of five case studies each exploring an individual place in detail the people and the distinctive histories that shaped them These include the Land Settlement experimental village of Fen Drayton set up during the Great Depression in the 1930s and surveys of the very different settlements of Hook Norton in North Oxfordshire and Stainton Dale in North Yorkshire Rural England A History of the Landscape shows us how much of the rural past is still visible if we choose to dig for it It illustrates how we might go about exploring it for ourselves It is the definitive work on the history of the English landscape for all would be landscape and local history detectives professional and amateur alike

**The English Village Community** ,1884 The English Peasantry and the Growth of Lordship Rosamond Faith,1999-04-01 This account

of the changing relationship between lords and peasants in medieval England challenges many received ideas about the origins of the manor the status of the Anglo Saxon peasantry the 12th century economy and the origins of villeinage The author covers the period from the end of the Roman empire to the late 12th century tracing in post Conquest society the continuing influence of developments which originated in Anglo Saxon England Drawing on work in archaeology and landscape studies as well as on documentary sources the book describes a fundamental division within the peasantry that between the very dependent tenants and agricultural workers on the inland of the estates of ministers kinds and lords and the more independent peasantry of the warland The study leads to the expression of views on many aspects of the development of society in the period

**Everyday Life in Medieval England** Christopher Dyer,2001-01-01 Everyday Life in Medieval England captures the day to day experience of people in the middle ages the houses and settlements in which they lived the food they ate their getting and spending and their social relationships The picture that emerges is of great variety of constant change of movement and of enterprise Many people were downtrodden and miserably poor but they struggled against their circumstances resisting oppressive authorities to build their own way of life and to improve their material conditions The ordinary men and women of the middle ages appear throughout Everyday life in Medieval England is an outstanding contribution to both national and local history

**The English Village Community ...** Frederic Seebohm,1883

*The Book of English Rivers* Samuel Lewis (the younger.),1855

**Urbane and Rustic England** Carl B. Estabrook,1998

The rapid growth and renewed vitality of English cities and towns in the century after 1660 was remarkable But what was the effect of this urban renaissance on villages and those ordinary people whose roots were in the countryside

**The book of English rivers, an account of the rivers of England and Wales** Samuel Lewis,1855

**The Book of English Rivers. An Account of the Rivers of England and Wales** Samuel LEWIS (Topographer, the Younger.),1855

**The Arts in Early England** Gerard Baldwin Brown,1903 The author died while several chapters of v 6 were obviously unfinished but no attempt was made to complete the subject matter The work was to have been concluded with a 7th volume discussing the illuminated manuscripts of the period

*The Oxford Handbook of English Law and Literature, 1500-1700* Lorna Hutson,2017-06-29 This Handbook triangulates the disciplines of history legal history and literature to produce a new interdisciplinary framework for the study of early modern England Scholars of early modern English literature and history have increasingly found that an understanding of how people in the past thought about and used the law is key to understanding early modern familial and social relations as well as important aspects of the political revolution and the emergence of capitalism Judicial or forensic rhetoric has been shown to foster new habits of literary composition poetry and drama and new processes of fact finding and evidence evaluation In addition the post Reformation jurisdictional dominance of the common law produced new ways of drawing the boundaries between private conscience and public accountability Accordingly historians critics and legal historians come together in this Handbook to develop accounts of the past that are

attentive to the legally purposeful or fictional shaping of events in the historical archive They also contribute to a transformation of our understanding of the place of forensic modes of inquiry in the creation of imaginative fiction and drama Chapters in the Handbook approach from a diversity of perspectives topics including forensic rhetoric humanist and legal education Inns of Court reveals drama poetry emblem books marriage and divorce witchcraft contract property imagination oaths evidence community local government legal reform libel censorship authorship torture slavery liberty due process the nation state colonialism and empire
