The God Hunt David R. Mains, Karen Burton Mains, 1984 A guide to discovering that God is real and active in your life e g gathering evidence that He answers our prayers *Keeping the Sabbath Wholly* Marva J. Dawn, 1989-08-24 This book invites the reader to experience the wholeness and joy that come from observing God s order for life a rhythm of working six days and setting apart one day for rest worship festivity and relationships Dawn s work offers both motivation and methods for enjoying a special holy day *Lonely No More* Karen Burton Mains, 1993 **Friends and Strangers** Karen Burton Mains, 1990 The Cumulative Book Index , 1998 A world list of books in the English language **Sermons in Stones** Osho, 2024-05-08 Raman Maharshi is a mystic of the highest quality but a master of the lowest quality And you have to understand that to be a mystic is one thing to be a master is totally different Out of a thousand mystics perhaps one is a master **West Coast Review of Books** , 1986 *The Father Glorified* Patrick Robertson, David Watson, 2013-06-18 Learn the best methods for winning people to Christ with the help of CityTeam Ministries In a follow up to their book *Miraculous Movements* the missionaries of CityTeam share more insights into how best to share God s love around the world The authors take you beyond their work in Africa to California to show how the biblical principles used by the early church in the Book of Acts can work for us today This book highlights the key scriptural principles that help Christians use faith based discipleship to reach out in love in their own communities The authors outline the principle of service to others that open doors of opportunity to the work of the gospel Features include Biblical principles for reaching new people for Christ Ways to lead people to Christ by leading them through the story of the Bible Stories of Gods work around the world When the Troops are Tired David R. Mains, 1997 At first the Christian life is exciting full of pep and purpose But eventually we all get tired That s just part of being in Christ s troops So when we feel we re continually falling short when our fast paced lives are zapping our spiritual strength it s time for some outside help David Mains doesn t offer a miracle cure for tapped out Christians he offers eight of them He tackles the problem of spiritual fatigue head on you see he s encountered it many times in his own journey This short book talks about eight biblical but often overlooked way Christians can experience a God given infusion of spiritual energy And like most powerful ideas these are amazingly simple and easy to put into practice Feeling spiritually tapped out It s time to tap into eight remedies that can add miracle dimensions to your Christian life *When the Troops Are Tired* will get you started back over **The Market Revolution** Charles Sellers, 1994-05-19 In *The Market Revolution* one of America s most distinguished historians offers a major reinterpretation of a pivotal moment in United States history Based on impeccable scholarship and written with grace and style this volume provides a sweeping political and social history of the entire period from the diplomacy of John Quincy Adams to the birth of Mormonism under Joseph Smith from Jackson s slaughter of the Indians in Georgia and Florida to the Depression of 1819 and from the growth of women s rights to the spread of the temperance movement Equally important he offers a provocative new way of looking at

this crucial period showing how the boom that followed the War of 1812 ignited a generational conflict over the republic's destiny a struggle that changed America dramatically Sellers stresses throughout that democracy was born in tension with capitalism not as its natural political expression and he shows how the massive national resistance to commercial interests ultimately rallied around Andrew Jackson An unusually comprehensive blend of social economic political religious and cultural history this accessible work provides a challenging analysis of this period with important implications for the study of American history as a whole It will revolutionize thinking about Jacksonian America A Pictorial History of the United States Benson John Lossing, 1854

**Sacred Mushrooms** Carl A. P. Ruck, 2016-01-18 In the ancient world men and women joined cults known as Mysteries to unite with the deities of the otherworld and achieve eternal life The most important of the Mysteries existed for two millennia at the village of Eleusis Its deities were Demeter and Persephone interchangeable in their roles as mother and daughter The initiations and other rituals of this goddess based cult were a profound secret divulging information was punishable by death For centuries scholars have probed the secrets of the Eleusinian Mysteries and kykeon its sacramental Eucharist a sacred drink containing psychoactive chemicals similar to those in LSD Their discoveries have been buried in the arcane language of alchemy the occult sciences and secret societies Here in prose accessible to all readers Carl Ruck unravels the Mysteries revealing the awesome powers of the goddesses as well as the pagan underpinnings of Western culture Community Building Leonard Jason, 1997-07-23 This work is a description of vulnerabilities that help account for many of the serious problems facing contemporary society in industrialized countries including high rates of crime homelessness alcohol tobacco and other drug addictions and a breakdown of the psychological sense of community Historical philosophical and epistemological issues are also explored in this book as a foundation for understanding what appears to have gone wrong Several solutions are suggested borrowing heavily from the fields of education religion and mythology Several wisdom traditions are presented as illustrations of alternative conceptualizations for defining mental health along with discussion of the implications of borrowing from these models to set new directions for the helping fields The final chapters provide examples from communities of healing to successful community based interventions of how these elements promote human well being and social improvement today Toni Morrison and the Queer Pleasure of Ghosts Juda Bennett, 2014-11-13 Toni Morrison and the Queer Pleasure of Ghosts radically intervenes in one of the most established and sacred topics in Toni Morrison scholarship love Moving beyond Morrison's representation of ghosts as the forgotten or occluded past Juda Bennett uncovers how Morrison imagines the spectral sphere as always already queer a provocation and challenge to heteronormativity with the ghost appearing as an active participant in disruptions of compulsory heterosexuality as a figure embodying closet desires or as a disembodied emanation that counterpoints homophobia From *The Bluest Eye* to *Home* Morrison's novels have included many queer ghosts that challenge our most cherished conceptions of love and speak to cultural anxieties about black sexualities gay marriage AIDS lesbian visibility and

transgender identities Not surprisingly the scene stealing ghost Beloved appears at the very heart of this book but Bennett cautions against interpretative stasis inviting readers to break free of the stranglehold Beloved has had on imaginations so as not to miss the full force of Morrison's lifelong project to queer love

*An Anatomy of Witchcraft* Oscar Di Simplicio, Martina Di Simplicio, 2023-11-30 Much has been written on witchcraft by historians theologians philosophers and anthropologists but nothing by scientists This book aims to reappraise witchcraft by applying to it the advances in cognitive sciences The book is divided into four parts Part I Deep History deals with human emotions and the drive to represent witches as evil female agents Part II Historical Times focuses on those rare state and church repressions of malefice which surprisingly did not feature in Islamic lands Modern urbanization dealt a blow to the rural civilizations where accusations of witchcraft were rife Part III In the Laboratory applies neuroscience to specific case studies to investigate the personification of misfortune the millenary stereotype witch woman the reality of evil and the phenomenon of treasure hunting Part IV Millenials wonders whether intentional malefic hatred in a closed chapter in the history of humanity *An Anatomy of Witchcraft* is ideal reading for students and scholars Given its interdisciplinary nature the book will be of interest to scholars from many fields including evolutionary psychology anthropology women's history and cognitive sciences
