between success and failure in Christian ministries the book discusses a series of factors that could ensure a successful ministry for the Christian leader from the time he first receives his calling from God to the time he finishes his life's course. The presentation is illustrated with a wealth of biblical examples, contemporary real ministry cases, and historical anecdotes which give an insight into why some ministers have failed and why others have succeeded. Obviously inspired by the Holy Spirit to improve the leadership of the church in these end times, the book is not only an invaluable asset to any Christian minister who is eager for success in his calling but also a fruitful addition to the library of the average reader.
