Ewart Oakeshott Hilda Roderick Ellis Davidson, **Gaelic Influence in the Northumbrian Kingdom** Fiona Edmonds, 2019 WINNER OF THE FRANK WATSON BOOK PRIZE 2021 SHORTLISTED IN SCOTLAND NATIONAL BOOK AWARDS 2021 The first full scale interdisciplinary treatment of the wide ranging connections between the Gaelic world and the Northumbrian kingdom Northumbria was the most northerly Anglo Saxon kingdom its impressive landscape featured two sweeping coastlines which opened the area to a variety of cultural connections This book explores influences that emanated from the Gaelic speaking world including Ireland the Isle of Man Argyll and the kingdom of Alba the nascent Scottish kingdom It encompasses Northumbria's Golden Age the kingdom's political and scholarly high point of the seventh and early eighth centuries and culminates with the kingdom's decline and fragmentation in the Viking Age which opened up new links with Gaelic Scandinavian communities Political and ecclesiastical connections are discussed in detail the study also covers linguistic contact material culture and the practicalities of travel bringing out the realities of contemporary life This interdisciplinary approach sheds new light on the west and north of the Northumbrian kingdom the areas linked most closely with the Gaelic world Overall the book reveals the extent to which Gaelic influence was multifaceted complex and enduring Dr FIONA EDMONDS is Reader in History and Director of the Regional Heritage Centre at Lancaster University **The Golden Age of Probation** Roger Statham, 2014-09-24 The Golden Age of Probation is the first book on probation by those practitioners who became its leaders A comprehensive account exploring culture values and tensions It looks at the dynamics of probation supervision and political dimensions including the shift to a market driven form of public service A lively and challenging collection of writings by those at the very heart of the Probation Service for 50 years Complete with descriptions of life at all levels of what has been described as the jewel in the crown of criminal justice Moral and other challenges are presented alongside those of standing up to government Ministers whose aspirations for political immortality have led to profound tensions The book describes how tough talk and market strategies have undermined 100 years of devoted public service and ideas about how best to help change the lives of some of the most

marginalised people in society Equality race and social deprivation are amongst the issues explored as the ethos of probation and its deeply rooted values are laid bare in a book that deals with highs and lows hazards innovation hopes aims and the international influence of an organization whose original mission not always popular was to advise assist and befriend those otherwise heading for prison and a life of crime Colourful and highly readable The Golden Age of Probation takes the reader on a journey through England and Wales exposing social disadvantage unrest and increasingly London centric policies It records first hand what life was like for those at the sharp end during an era of extensive progress development and change From the book The price of the semi privatised probation estate is that probation has lost its umbilical cord with the courts the police the prosecution service and our partners in local authorities It will be difficult for the courts in particular to understand the transforming rehabilitation agenda when services for low and medium risk offenders will be carried out by an origami of commissioned enterprises whose experience for the most part is in the private sector of running prisons mostly in the USA and whose staff may not necessarily have the qualifications to properly assess and supervise known offenders John Harding CBE Chapter 10 Although the restructure made the service vulnerable to later changes through the 2000 Act it did achieve better consistency reduced costs in due course more women at the top and a national programme of assessment and interventions that was internationally ground breaking The mistake in my view was to abandon this direction later that decade combine with the Prison Service under the banner of offender management and sacrifice the national probation influence that had been gained Because of the nature of the caseload with most offenders on community orders we have always had more joint work with police and local authorities than with the Prison Service Personalities and some bad judgements however got in the way Mary Anne McFarlane Chapter 14 For the last three decades probation just like health and education has been caught up in the dynamics and mechanisms of creating pseudo pseudo markets to deliver public services The underlying philosophy might appear to be simply to get the cost of these things off the government s balance sheet but the structures created to do this are not transparent enough for a real assessment to be made of the true financial costs At the same time organizational targets and protocols have helped stifle initiative and even the capacity to care Roger Statham Chapter 18

Multivalence and Innovation in the Material Culture of Northumbria's Golden Age ,2006 Irish Catholic identities Oliver P. Rafferty,2015-06-01 What does it mean to be Irish Are the predicates Catholic and Irish so inextricably linked that it is impossible to have one and not the other Does the process of secularisation in modern times mean that Catholicism is no longer a touchstone of what it means to be Irish Indeed was such a paradigm ever true These are among the fundamental issues addressed in this work which examines whether distinct identity formation can be traced over time The book delineates the course of historical developments which complicated the process of identity formation in the Irish context when by turns Irish Catholics saw themselves as battling against English hegemony or the Protestant Reformation Without doubt the Reformation era cast a long shadow over how Irish Catholics would see themselves But the

process of identity formation was of much longer duration Newly available in paperback this work traces the elements which have shaped how the Catholic Irish identified themselves and explores the political religious and cultural dimensions of the complex picture which is Irish Catholic identity The essays represent a systematic attempt to explore the fluidity of the components that make up Catholic identity in Ireland *The Northumbrians* Daniel M. Jackson, 2019 A stirring account of the Northumbrians and their astonishing contribution to British and global history *The Story of Holy Island* Kate Tristram, 2013-01-03 From its misty beginnings as part of the mainland in the Stone Age this history covers Lindisfarne's formation as an island the Roman and Anglo Saxon eras the influence of Columba and Iona Lindisfarne's own apostle Bede and the monastic tradition the coming of the Vikings the Benedictine years and the dissolution of the monasteries

Michael Alexander, 2002-01-14 Alexander's *A History of Old English Literature* is an outstanding introduction to a difficult period of literary history. It provides a simple historical and cultural context for the study of the Anglo Saxons and offers a history illustrated by many passages in translation of the whole of the literature that survives. While it contains solid insightful and sensible criticism of individual literary works, its overall historical organization suggests that Old English literature was created in a cultural context that changed from one century to another. Although its intentions are scholarly, this history of Old English literature is also an introduction assuming little knowledge of this period or its surviving products and none of its language. This edition has been revised and rewritten throughout and offers a new preface as well as an updated bibliography.
