

## *The Kitten Playing with the Falling Leaves*

See the kitten on the wall  
Sporting with the leaves that fall!  
Withered leaves, one, two and three,  
From the lofty elder-tree,  
Through the calm and frosty air  
Of this morning bright and fair  
Eddying round and round they sink  
Softly, slowly.—One might think,  
From the motions that are made,  
Every little leaf conveyed  
Some small fairy, hither tending,  
To this lower world descending.  
—But the kitten how she starts!  
Crouches, stretches, paws, and darts:  
First at one, and then its fellow,  
Just as light, and just as yellow;  
There are many now—now one—  
Now they stop and there are none.  
What intentness of desire  
In her up-turned eye of fire!  
With a tiger-leap half way,  
Now she meets the coming prey.  
Lets it go at last, and then  
Has it in her power again.

**Creativity and Children's Literature** Marianne Saccardi, 2014-07-31 Today's students need to be able to do more than score well on tests; they must be creative thinkers and problem solvers. The tools in this book will help teachers and parents start students on the path to becoming innovative, successful individuals in the 21st-century workforce. The children in classrooms today will soon become adult members of society; they will need to apply divergent thinking skills to be effective in all aspects of their lives, regardless of their specific occupation. How well your students meet complicated challenges and take advantage of the opportunities before them decades down the road will depend largely upon the kind of thinking they are trained and encouraged to do today. This book provides a game plan for busy librarians and teachers to develop their students' abilities to arrive at new ideas by utilizing children's books at hand. Following an introduction in which the author defines divergent thinking, discusses its characteristics, and establishes its vital importance, chapters dedicated to types of literature for children, such as fantasy, poetry, and non-fiction, present specific titles and relevant activities geared to fostering divergent thinking in young minds. Parents will find the recommendations of the kinds of books to read with their children and explanations of how to engage their children in conversations that will help their creative thinking skills extremely beneficial. The book also includes a case study of a fourth-grade class that applied the principles of divergent thinking to imagine innovative designs and come up with new ideas while studying a social studies/science unit on ecology. *A Guide to Spanish Literature in Translation* Lawrence J. Olszewski, 2025-07-16 There's more to Spanish literature than Don Quixote. In addition to Miguel de Cervantes Saavedra's immortal classic, Spain produced the earliest evidence of works in a Romance dialect, debuted the picaresque genre, and introduced the Don Juan figure to the world. This guide analyzes the merits and shortcomings of nearly 300 English translations of 100 major works of Spanish literature in poetry, prose, and theater. Each entry summarizes the importance of the author and the work, discusses elements of the translations, such as the source text, format, supplementary material, and translator's methodology, and provides commentary that evaluates the fidelity and readability of the translations and the utility of the supplementary material. **A.L.A. Catalog, 1926** Isabella Mitchell Cooper, Marion Horton, 1926 **Selected Poems** Kamala Das, 2014-12-01 A major poet in English, Kamala Das's taboo-breaking work explores themes of love and betrayal, the corporeal and the spiritual, while celebrating female sexuality and remaining deeply rooted in the poet's ancestral tradition and landscape. A rigorous selection from her oeuvre, six published volumes and other uncollected and previously unpublished poems, this edition offers a unified perspective on her poetic achievement. An illuminating introduction to her poetry by Devindra Kohli traces the sources of its ferment and showcases its originality of style and its acts of resistance.
