Hermann Goering in the First World War Blaine Taylor , 2017-05-17 When modern readers think of Hermann Goering what probably comes to mind is the overweight drug addict and convicted war criminal who cheated the hangman s noose at Nuremberg by committing suicide just hours before he was due to die Or perhaps there is the image of his powerful German air force in the Second World War the Luftwaffe bombing defenceless European cities and towns in the early part of the war until it was defeated by the Royal Air Force in the epic Battle of Britain Perhaps the reader might think of Goering the debauched art collector who pirated captured collections all over Nazi Europe during the Occupation years All of these images are correct but here we see another Hermann Goering the slim dashing fighter pilot and combat ace of an earlier struggle the Great War of 1914-18 which he began as an infantry officer fighting the French Army in the 1914 Battle of the Frontiers During a hospitalization his friend Bruno Lorzer convinced him to become an aerial observer photographer photographing the mighty French fortress of Verdun He did and began these never before seen personal photo albums of men and aircraft at war up close This remarkable book the first of an intimate series of photographic diaries is a unique photographic record of the early years of this notorious figure Illustrations 348 black and white photographs **German Knights of the Air, 1914-1918** Terry C. Treadwell, Alan C. Wood, 1998 **500 Great Military Leaders** Spencer C. Tucker, 2014-12-16 This insightful encyclopedia examines the most influential commanders who have shaped military history and the course of world events from ancient times to the present From Alexander the Great and Attila the Hun to Ho Chi Minh and Colin Powell 500 Great Military Leaders provides readers with insight into the most innovative and prominent

individuals who have led armies to victory on battlefields all over the world The broad coverage ranges from military leaders from the ancient world to the present day including political figures who directed war efforts and those who were responsible for major technological improvements This encyclopedia goes beyond providing factual information about each individual s life to delve into the greater historical context and impact on their contemporaries as well as on future military history The presentation of information is designed to enable readers to both observe the gradual evolution of warfare over time and clearly perceive the differences in tactics used by generals with varying military resources at their disposal The entries include not only information on the individual s life and work but a summary statement that assesses successes and failures across each leader s career and summarizes the overall impact Each entry also provides several references for further reading about that individual The accessible writing style of this resource and in depth information and analyses make it appropriate for high school and undergraduate level students as well as scholars of military history and individuals who simply enjoy reading about military history

Authority, Identity and the Social History of the Great War Frans Coetzee, Marilyn Shevin-Coetzee, 1995 The unprecedented scope and intensity of the First World War has prompted an enormous body of retrospective scholarship However efforts to provide a coherent synthesis about the war s impact and significance have remained circumscribed tending to focus either on the operational outlines of military strategy and tactics or on the cultural legacy of the conflict as transmitted by the war s most articulate observers This volume departs from traditional accounts on several scores by exploring issues barely touched upon in previous works by deviating from the widespread tendency to treat the experiences of front and homefront isolation and by employing a thematic treatment that by considering the construction of authority and identity between 1914 and 1918 illuminates the fundamental question of how individuals whether in uniform or not endured the war s intrusion into so many aspects of their public and private lives

The Devil's General Raymond Bagdonas, 2014-01-19 A detailed military biography of the most highly decorated Nazi regimental commander in WWII The most highly decorated German regimental commander of World War II Hyazinth Graf Strachwitz first won the Iron Cross in the Great War He was serving with the 1st Panzer Division when the Polish campaign inaugurated World War II Strachwitz s exploits as commander of a panzer battalion during the French campaign earned him further decorations before he transferred to the newly formed 16th Panzer Division There he participated in the invasion of Yugoslavia and then Operation Barbarossa where he earned the Knight s Cross At Stalingrad he reached the Volga and fought on the northern rim of Sixth Army s perimeter Severely wounded during battle he was flown out of the Stalingrad pocket and was thus spared the fate of the rest of Sixth Army Upon recuperation he was named commander of the Grossdeutschland Division s panzer regiment and won the Swords to the Knight s Cross during Manstein s counteroffensive at Kharkov Wounded twelve times during the war and barely surviving a lethal car crash Strachwitz finally surrendered to the Americans in May 1945 Historian Raymond Bagdonas though impaired by the disappearance of 16th Panzer Division s

official records at Stalingrad and the fact that many of the Panzer Graf s later battlegroups never kept them has written a vividly detailed account of this combat leader s life as well as ferocious armored warfare in World War II A Companion to World War I John Horne,2012-01-30 A Companion to the First World War brings together an international team of distinguished historians who provide a series of original and thought provoking essays on one of the most devastating events in modern history Comprises 38 essays by leading scholars who analyze the current state of historical scholarship on the First World War Provides extensive coverage spanning the pre war period the military conflict social economic political and cultural developments and the war s legacy Offers original perspectives on themes as diverse as strategy and tactics war crimes science and technology and the arts Selected as a 2011 Outstanding Academic Title by CHOICE **Researching World War I** Robin Higham,Dennis Showalter,2003-12-30 World War I was the greatest cataclysm Europe had ever known directly involving 61 million troops from 16 nations Yet the history of the war and the reasons it started and spread so rapidly were vastly more complex than the players realized Written by highly respected authorities this book discusses the literature on all aspects of the war making it an excellent starting point for anyone seeking guidance to the immense and often daunting body of World War I literature The struggle mobilized manpower from home troops from the colonies abroad and in most countries women as well as men Governments increasingly intervened in everyday life New weapons and organizational structures were developed Yet the history of the war and the reasons it started and spread so rapidly were vastly more complex than the players realized Written by highly respected authorities this book discusses the literature on all aspects of the war Dennis Showalter s opening chapter covers the controversial issue of the war s origins a complex subject that has been much debated by historians Ensuing chapters consider the literature on each of the participating countries The broader subjects of the war at sea and the war in the air are also covered Daniel Beaver s final chapter discusses the mobilization of industry and the new military technology This book is an excellent starting point for anyone seeking guidance to the immense and often daunting body of World War I literature Angels Of Armageddon: The Royal Air Force In The Battle Of Megiddo [Illustrated Edition] Major Gary J. Morea,2014-08-15 Includes World War One In The Desert Illustration Pack 115 photos illustrations and 19 maps spanning the Desert campaigns 1914 1918 Egypt and Palestine offered the British an opportunity to fight a war of movement Unlike the Western Front Egypt and Palestine were undeveloped with wide expanses of land It was ripe for the development of maneuver warfare using the mechanical products of the industrial age motor cars machine guns tanks and aeroplanes In particular the use of aeroplanes proved vital to the successful British defense of the Suez Canal by providing reconnaissance of enemy formations and early warnings of attack This role of the Royal Flying Corps expanded in this theater to cover the breadth and depth of British efforts at the tactical operational and strategic levels The strategic success of the Royal Air Force in wresting air superiority from the Germans was the key that allowed the Egyptian Expeditionary Force EEF to prepare and conduct its campaign against the central powers across the plains surrounding

Megiddo It provided the EEF intelligence of enemy positions freedom to maneuver forces undetected and the depth to attack and rout the retreating Turkish forces to the point of annihilation The evolution of local air superiority in Palestine properly coordinated with the ground offensive was the deciding factor for victory in that theater
