

UNLOCKING THE POWER OF INTRANETS: WHY YOUR ORGANIZATION NEEDS ONE

The Power Of Intranets

LP Steffe

The Power Of Intranets:

Intranets from the Inside: A Comprehensive Guide for Laypersons Pasquale De Marco, 2025-04-05 Embrace the Power of Intranets A Comprehensive Guide to Enhance Communication Collaboration and Knowledge Management In today's fast paced business environment organizations are constantly seeking ways to improve communication collaboration and knowledge sharing among their employees Intranets have emerged as a powerful tool that can help organizations achieve these goals and drive success This comprehensive guide provides a deep dive into the world of intranets exploring their essential components benefits and best practices Written in clear and accessible language this book is an invaluable resource for business leaders IT professionals and employees alike Through a combination of real world examples and expert insights this guide will help you understand the key considerations for planning designing and deploying an intranet that aligns with your organization's unique needs You will learn how to leverage intranets to streamline communication foster collaboration and empower employees with the knowledge they need to succeed Whether you are new to intranets or looking to enhance your existing platform this guide will provide you with the knowledge and tools to harness the full potential of intranets Discover how intranets can help you Improve communication and collaboration Enhance knowledge sharing and management Streamline business processes and increase productivity Foster a sense of community and belonging among employees Gain a competitive advantage in the digital age With its practical advice and actionable insights this guide will help you unlock the transformative power of intranets and drive success for your organization If you like this book write a review [The Human Side of Intranets](#) Jerry W. Koehler, Thom Dupper, Marvin D. Scaff, Fred Reitberger, Patti Paxson, 1997-10-27 Intranets have changed the way organizations around the world communicate Many business people are intimidated by this technological revolution but they need not be The Human Side of Intranets guides you through the daunting task of transforming communication within your business This book is for every non technical person charged with the task of creating or contributing to a company intranet system It goes through the process step by step from initial concept to launch and beyond The Human Side of Intranets avoids information overload addressing three critical dimensions of creating an effective and valuable intranet content style and politics It demonstrates how intranets are not about technology but about people and the way they communicate Real world examples and proven tactics for problem solving are given to show you the way This book makes taking your company into the 21st century a manageable feat **Inside Intranets and Extranets** J. Callaghan, 2002-05-10 This book provides a unique insight into the use of intranets and extranets Corporate intranets and the use of internet technology are relatively recent phenomena and the development of these technologies is now fuelling the most significant changes in corporate infrastructure since the development of the PC The impact is likely to be even greater and is heralding radical changes in the way organizations operate [Network World](#), 1996-12-02 For more than 20 years Network World has been the premier provider of information intelligence and insight for

network and IT executives responsible for the digital nervous systems of large organizations Readers are responsible for designing implementing and managing the voice data and video systems their companies use to support everything from business critical applications to employee collaboration and electronic commerce

Empowering Intranets to Implement Strategy, Build Teamwork, and Manage Change D. Keith Denton, 2002-12-30 Technologically driven information overloads corporate leaders managers and employees alike forcing them into a reactive mode with little time for reflection or strategic thinking When the survey is completed the teleconference over and the weekend retreat a distant memory we go back to our jobs unchanged We hope that our activities contribute to corporate objectives but we quickly lose sight of the connection between our work and critical outcomes It doesn't have to be that way Denton explains how to combine new interactive Intranet Web based technology with new managerial software to focus on strategic decision making effective team management and the big picture Along with its companion Web site www.CIVID3.com this book provides an innovative solution that integrates and displays your critical information in real time Condense all the reports received from finance operations marketing and other divisions into a single interactive visual display that's always up to date Establish two way communication that allows managers and workers at all levels of the company to participate This is the first system to graphically display on a single desktop screen the status of your key organizational and group performance measures Combine outcomes and processes Use subjective as well as objective information Integrate and display the results in a user friendly format in real time This book's solution allows organizational members to focus on their ultimate purpose and makes it easier to implement strategic or operational decisions

Network World, 1996-10-14 For more than 20 years Network World has been the premier provider of information intelligence and insight for network and IT executives responsible for the digital nervous systems of large organizations Readers are responsible for designing implementing and managing the voice data and video systems their companies use to support everything from business critical applications to employee collaboration and electronic commerce
