The Power Of Laughter Comedy And Contemporary Irish Theatre

D. Morse

The Power Of Laughter Comedy And Contemporary Irish Theatre:

The Power of Laughter Eric Weitz, 2004 Essays on comedy in contemporary Irish theatre **The Palgrave Handbook of Contemporary Irish Theatre and Performance** Eamonn Jordan, Eric Weitz, 2018-09-18 This Handbook offers a multiform sweep of theoretical historical practical and personal glimpses into a landscape roughly characterised as contemporary Irish theatre and performance Bringing together a spectrum of voices and sensibilities in each of its four sections Histories Close ups Interfaces and Reflections it casts its gaze back across the past sixty years or so to recall analyse and assess the recent legacy of theatre and performance on this island While offering information overviews and reflections of current thought across its chapters this book will serve most handily as food for thought and a springboard for curiosity Offering something different in its mix of themes and perspectives so that previously unexamined surfaces might come to light individually and in conjunction with other essays it is a wide ranging and indispensable resource in Irish theatre studies

Masculinities and the Contemporary Irish Theatre B. Singleton, 2010-11-24 Irish theatre and its histories appear to be dominated by men and their actions This book s socially and culturally contextualized analysis of performance over the last two decades however reveals masculinities that are anything but hegemonic played out in theatres and other arenas of performance all over Ireland

Modern Irish Theatre Mary Trotter, 2008-11-03 Modern Irish Theatre provides an engaging and accessible introduction to twentieth century Irish theatre its origins dominant themes relationship to politics and culture and influence on theatre movements around the world **Laughter in the Middle Ages and Early Modern Times** Albrecht Classen, 2010-09-22 Despite popular opinions of the dark Middle Ages and a gloomy early modern age many people laughed smiled giggled chuckled entertained and ridiculed each other This volume demonstrates how important laughter had been at times and how diverse the situations proved to be in which people laughed and this from late antiquity to the eighteenth century The contributions examine a wide gamut of significant cases of laughter in literary texts historical documents and art works where laughter determined the relationship among people In fact laughter emerges as a kaleidoscopic phenomenon reflecting divine joy bitter hatred and contempt satirical perspectives and parodic intentions In some examples protagonists laughed out of sheer happiness and delight in others because they felt anxiety and insecurity It is much more difficult to detect premodern sculptures of laughing figures but they also existed Laughter reflected a variety of concerns interests and intentions and the collective approach in this volume to laughter in the past opens many new windows to the history of mentality social and religious conditions gender relationships and power structures

Irish Theatre in Transition D. Morse, 2015-01-19 The Irish Theatre in Transition explores the ever changing Irish Theatre from its inception to its vibrant modern day reality This book shows some of the myriad forms of transition and how Irish theatre reflects the changing conditions of a changing society and nation

Performing the Body in Irish Theatre B. Sweeney, 2008-02-14 This title examines the representation of the body in Irish theatre alongside the specific circumstances within which Irish

theatre is performed incorporating issues of gender and embodiment and the performance of Irishness and tradition The author contextualizes the body in Irish theatre and includes in depth analysis of five key productions *Irish Theatre on Tour* Nicholas Grene,Chris Morash,2005 Essays on the touring of Irish theatre at home and abroad The Playful Air of Light(ness) in Irish Literature and Culture Marta Goszczyńska,Katarzyna Poloczek,2011-05-25 While discussions in the field of Irish Studies traditionally gravitate towards themes of struggle oppression and death the present book originates from a contradictory impulse Without losing sight of Ireland's troubled history and the complexities that shape its present it centres on instances of playfulness light ness and air in Irish literature and culture Refracted through the prism of contemporary philosophy notably of Italo Calvino Luce Irigaray and Mar a Lugones these categories serve as the basis for thirteen essays by academics from Poland the UK Germany and Spain Some of these offer fresh readings of such seminal authors as W B Yeats Louis MacNeice Seamus Heaney and John Banville others look at lesser known figures such as Eimar O Duffy and Forrest Reid who before now have received little scholarly attention Community Politics and the Peace Process in Contemporary Northern Irish Drama Eva Urban,2011 This book examines theatre within the context of the Northern Ireland conflict and peace process with reference to a wide variety of plays theatre productions and community engagements within and across communities The author clarifies both the nature of the social and political vision of a number of major contemporary Northern Irish dramatists and the manner in which this vision is embodied in text and in performance The book identifies and celebrates a tradition of playwrights and drama practitioners who to this day challenge and question all Northern Irish ideologies and propose alternative paths The author's analysis of a selection of Northern Irish plays written and produced over the course of the last thirty years or so illustrates the great variety of approaches to ideology in Northern Irish drama while revealing a common approach to staging the conflict and the peace process with a distinct emphasis on utopian performatives and the possibility of positive change

Reviewing **The Power Of Laughter Comedy And Contemporary Irish Theatre**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is actually astonishing.
