The Privilege Of All Believers

William Cunningham (D.D.)

The Privilege Of All Believers:

The Priesthood of All Believers Cyril Eastwood, 2009-05-20 The doctrine of the Priesthood of all Believers underlies all the great and far reaching religious movements of the last five hundred years Apart from that doctrine it is impossible either to understand or appreciate the cause of the Reformation the impetus of the Puritan Movement or the widespread influence of the Evangelical Revival Yet nowhere can the student find a thorough examination of its meaning for no such systematic statement exists Here is an attempt to fill this gap An examination of Reformation Theology shows that this doctrine is the basis of three dominant concepts which Luther stressed Faith Word and Congregation and that Luther's seven marks of the true Church arise from it A study of Calvin leads to the conclusion that the doctrine of vocation is the necessary counterpart of the Priesthood of all Believers that election is always related to consecration service and mission it is an election to priesthood An investigation of Wesley shows that he took this doctrine seriously and provided opportunities for the People of God to exercise their priestly privileges in the service of the Word of the Church and of the World From all this comes the inescapable conclusion that in Reformation Theology the spiritual priesthood of justified believers consists in their proclamation of God's justifying love to the world This book is an attempt to present a clear and constructive statement of a doctrine which lies at the very heart of Protestantism and is closely connected with three important issues in current theological discussion the union of the Churches the doctrine of vocation and the liturgical revival

The Priesthood of All Believers and the Missio Dei Henry Joseph Voss, 2016-10-25 The priesthood of all believers is a pillar undergirding Protestant ecclesiology Yet the doctrine has often been used to serve diverse agendas This book examines the doctrine's canonical catholic and contextual dimensions It first identifies the priesthood of all believers as a canonical doctrine based upon the royal priesthood of Christ and closely related to the believer's eschatological temple service and offering of spiritual sacrifices chapters 1-3 It secondly describes its catholic development by examining three paradigmatic shifts shifts especially associated with Christendom chapters 4-6 and a suppression of the doctrine's missional component Finally the book argues that a Christian doctrine of the priesthood of all believers should be developed with a Christocentric Trinitarian understanding of the missio Dei This suggests there are especially appropriate ways for the royal priesthood to relate to the Father to the Son and to the Holy Spirit A canonically and catholically informed priesthood of all believers leads contextually to particular ecclesial practices These seven practices are 1 Baptism as public ordination to the royal priesthood 2 Prayer 3 Lectio Divina 4 Ministry 5 Church Discipline 6 Proclamation and 7 the Lord's Supper as the renewal of the royal priesthood
