The Film Buff's Catalog William R. Meyer, 1978 **Library of Congress Catalogs** Library of Congress, 1977 **Books in Series**, 1980 *The General* Peter Krämer, 2016-06-29 Offering a fresh perspective on *The General* arguably one of the most successful American films of the silent era this insightful text analyses its initial critical reception and the thematic and stylistic characteristics of the film that made it difficult for critics to appreciate at the time but led to its celebration by later generations *Monographic Series* Library of Congress, **Film - An International Bibliography** Malte Hagener, Michael Töteberg, 2016-12-16 Kommentierte Bibliografie Sie gibt Wissenschaftlern Studierenden und Journalisten zuverlässige Auskunft über rund 6000 internationale Veröffentlichungen zum Thema Film und Medien Die vorgestellten Rubriken reichen von Nachschlagewerk über Filmgeschichte bis hin zu Fernsehen Video Multimedia **Landmark Films** William Wolf, Lillian Kramer Wolf, 1979 *The British Library General Catalogue of Printed Books 1976 to 1982* British Library, 1983 Buster Keaton's *The General*, Starring Buster Keaton and Marion Mack Richard J. Anobile, 1975 *Composite List of Nontheatrical Film Sources*, 1929 **Composite List of Nontheatrical Film Sources ...** United States. Bureau of foreign and domestic commerce (Dept. of commerce), 1929 **Cinemas and Cinema-Going in the United Kingdom: Decades of Decline, 1945-65** Sam Manning, 2020-03-31 Cinema going was the most popular commercial leisure activity in the first half of the twentieth century peaking in 1946 with 1.6 billion recorded admissions Though going to the pictures remained a popular pastime the transition to peacetime altered citizens leisure habits During the 1950s increased affluence the growth of television ownership and the diversification of leisure led to rapid declines in attendance Cinema attendances fell in all regions but the speed nature and extent of decline varied widely across the United Kingdom By linking national developments to detailed case studies of Belfast and Sheffield this book adds nuance to our understanding of regional variations in film exhibition audience habits and cinema going experiences during a period of profound social and cultural change Drawing on a wide range of quantitative and qualitative sources *Cinema and Cinema Going* conveys the diverse nature of this important industry and the significance of place as a determinant of film attendance in post war Britain *The Oxford Handbook of Hesiod* Alexander Loney, Stephen Scully, 2018-07-26 This volume brings together 29 junior and senior scholars to discuss aspects of Hesiod's poetry and its milieu and to explore questions of reception over two and half millennia from shortly after the poems conception to Twitter hashtags Rather than an exhaustive study of Hesiodic themes the Handbook is conceived as a guide through terrain some familiar other less charted examining both Hesiodic craft and later engagements with Hesiod's stories of the gods and moralizing proscriptions of just human behavior The volume opens with the Hesiodic Question to address questions of authorship historicity and the nature of composition of Hesiod's two major poems the *Theogony* and *Works and Days* Subsequent chapters on the archaeology and economic history of archaic Boiotia Indo European poetics and Hesiodic style offer a critical picture of the sorts of questions

that have been asked rather than an attempt to resolve debate Other chapters discuss Hesiod's particular rendering of the supernatural and the performative nature of the Works and Days as well as competing diachronic and synchronic temporalities and varying portrayals of female in the two poems The rich story of reception ranges from Solon to comic books These chapters continue to explore the nature of Hesiod's poetics as different writers through time single out new aspects of his art less evident to earlier readers Long before the advent of Christianity classical writers leveled their criticism at Hesiod's version of polytheism The relative importance of Hesiod's two major poems across time also tells us a tale of the age receiving the poems In the past two centuries artists and writers have come to embrace the Hesiodic stories for themselves for the insight they offer of the human condition but even as old allegory looks quaint to modern eyes new forms of allegory take form

The British Library General Catalogue of Printed Books to 1975 British Library, 1977 Hollywood Vault Eric Hoyt, 2014-07-03 Hollywood Vault is the story of how the business of film libraries emerged and evolved spanning the silent era to the sale of feature libraries to television Eric Hoyt argues that film libraries became valuable not because of the introduction of new technologies but because of the emergence and growth of new markets and suggests that studying the history of film libraries leads to insights about their role in the contemporary digital marketplace The history begins in the mid 1910s when the star system and other developments enabled a market for old films that featured current stars After the transition to films with sound the reissue market declined but the studios used their libraries for the production of remakes and other derivatives The turning point in the history of studio libraries occurred during the mid to late 1940s when changes in American culture and an industry wide recession convinced the studios to employ their libraries as profit centers through the use of theatrical reissues In the 1950s intermediary distributors used the growing market of television to harness libraries aggressively as foundations for cross media expansion a trend that continues today By the late 1960s the television marketplace and the exploitation of film libraries became so lucrative that they prompted conglomerates to acquire the studios The first book to discuss film libraries as an important and often underestimated part of Hollywood history Hollywood Vault presents a fascinating trajectory that incorporates cultural legal and industrial history *Moving Picture World and View Photographer*, 1915 Managing Performing Arts Collections in Academic and Public Libraries Carolyn A.

Sheehy, 1994-07-21 This professional reference provides solid advice to academic and public librarians for managing performing arts collections The volume is divided into sections on the history of performing arts librarianship dance collections film studies collections music collections and theater collections Each chapter is written by one or more expert contributors and presents current and reliable information on collection management They discuss personnel management collection development technical services public services the impact of new technologies facilities management financial planning and political considerations Each chapter closes with references cited in the chapter and the volume concludes with a valuable selected annotated bibliography of important background sources and management tools **Motion Pictures,**
