## **The Geometry Of Imperialism The Limits Of Hobsons Paradigm:**

*The Geometry of Imperialism* Giovanni Arrighi, 1978      **Hobson and Imperialism** P. J. Cain, 2002-07-11 The year 2002 sees the centenary of J A Hobson's *Imperialism A Study* the most influential critique of British imperial expansion ever written P J Cain marks the occasion by evaluating for the first time Hobson's writings on imperialism from his days as a journalist in London to his death in 1940 The early chapters chart Hobson's progress from complacent imperialist in the 1880s to radical critic of empire by 1898 This is followed by an account of the origins of Imperialism and a close analysis of the text in the context of contemporary debates Two chapters cover Hobson's later writings showing their richness and variety and analysing his decision to republish *Imperialism* in 1938 The author discusses the reception of *Imperialism* and its emergence as a classic by the late 1930s and ends with a detailed discussion of the relevance of the arguments of *Imperialism* to present day historians      **The Political Economy of Imperialism** Ronald M. Chilcote, 2012-12-06 This book brings together important essays by distinguished scholars who have devoted past attention to the study of imperialism and development It complements an anthology of previously published essays that brings together important theoretical perspectives around the issues and debates on these themes this volume will be published by Humanity Press forthcoming Both projects relate to a lengthy chapter *Theories of Imperialism* which will be published in my book *Theories of Comparative Political Economy* Forthcoming These projects represent a culmination of many years of teaching in both economics and political science During that time I taught two political science courses on development and underdevelopment but I was unable to convince my colleagues of the usefulness of a course on imperialism that linked historical issues and debates with the more recent developmental literature When in 1990 I was welcomed into economics my colleagues endorsed a graduate seminar on the political economy of imperialism Thus this volume evolved out of that experience in an effort to encourage new analysis that reflects retrospectively on past contributions as well as the prospects for imperialism and development in the contemporary world      *Imperialism, the Permanent Stage of Capitalism* Herb Addo, 1986      **A Modern Economic History of Africa: The nineteenth century** Paul Tiyambe Zeleza, 1997 The nineteenth century in Africa was a time of revolution and tumultuous change in virtually all spheres Violent dry spells the staggered abolition of the slave trade mass migrations and an influx of new settlers characterized the century Regional trade links grew stronger and spread further The century also saw the beginnings of the ruthless and bloody quest for foreign dominion      **Southern Insurgency** Immanuel Ness, 2015-10-20 The site of industrial struggle is shifting Across the Global South peasant communities are forced off the land to live and work in harsh and impoverished conditions Inevitably new methods of combating the spread of industrial capitalism are evolving in ambitious militant and creative ways This is the first book to theorise and examine the present and future shape of global class struggles Immanuel Ness looks at three key countries China India and South Africa In each case he considers the broader historical forces at play the effects of

imperialism the decline of the trade union movement the class struggle and the effects of the growing reserve army of labour For each case study he narrows his focus to reveal the specifics of each grassroots insurgency export promotion and the rise of worker insurgency in China the new labour organisations in India and the militancy of the miners in South Africa This is a study about the nature of the new industrial worker in the Global South about people living a terrifying precarious existence but also one of experimentation solidarity and struggle
