Wormsloe Foundation publications Wormsloe Foundation, **De Renne** William Harris Bragg, 1999 Much of what is known today of Georgia history was preserved through the diligent efforts of a single family From Wormsloe their ancestral plantation near Savannah the De Rennets built an extraordinary collection of books and manuscripts on the history of the state and the Confederacy much of which is now housed at the University of Georgia and the Museum of the Confederacy This book focuses on their efforts in the years 1827 through 1970 conveying the passion and purpose with which they pursued their avocation William Harris Bragg has mined a vast array of archival sources to present this engaging narrative of the De Renne family He tells how wealthy bibliophile and philanthropist G W J De Renne and his wife Mary set the precedent for the family's accumulation of historic material how their son established the Wymberley Jones De Renne Georgia Library that bears his name and how his children in turn expanded upon that tradition The De Rennets also printed limited editions of primary historical materials beginning with the series known as the Wormsloe Quartos Bragg's account of three generations of the De Renne family vividly records their achievements as it reconstructs their life at Wormsloe and follows them in their travels around the world

It provides glimpses into the dynamics and behavior of one of Georgia's oldest and most prominent families and the evolution of the southern aristocracy. The book draws on newly available material to expand significantly on Ellis Merton Coulter's 1955 work *Wormsloe* and provides the most complete account to date of the De Rennes. Beyond the story of the De Renne family, Bragg also reveals much about the history of collecting and of the antiquarian book trade as well as of the evolution of Georgia historical documentation. Appendix material includes genealogical tables and lists of collections and publications making *De Renne: Three Generations of a Georgia Family* an invaluable source for all scholars and aficionados of southern history.

Detailed Reports on the Salzburger Emigrants Who Settled in America... Samuel Urlsperger, George Fenwick Jones, 2021-10-15. The eighteen volumes of *Detailed Reports on the Salzburger Emigrants Who Settled in America* reproduced in sixteen discrete books contain the diaries and letters of Lutheran pastors who ministered to the Salzburger's German speaking Protestant refugees in Georgia. Samuel Urlsperger collected and edited these writings into the *Urlsperger Reports* printed at Orphanage Press Halle, Germany from 1735 to 1760. The original German publication *Ausführliche Nachricht von den saltzburgischen Emigranten* is available through the Internet Archive but this English language translation has not been available online until now. In the mid-eighteenth century Samuel Urlsperger of the Lutheran Ministry in Augsburg edited the German edition of the *Detailed Reports* after having distributed the many reports to the faithful in Germany. He made major deletions for both diplomatic and economic reasons and suppressed proper names. His son Johann August Urlsperger succeeded him. He took even greater liberties with the text deleting large sections and rearranging others. The English version translated and edited by George Fenwick Jones, a German scholar, restores the deleted sections and the proper names and provides the original sequencing of the material. The *Detailed Reports* offer insight into daily life in colonial Georgia and provide precious details and vignettes on subjects that receive less attention in other sources: notably African Americans, women, silk production, and the cost of goods in a frontier colony. The Reports are an underutilized resource for the study of this period and an unparalleled source for the evolution of a rural community during the early years of the colony. The Georgia Open History Library has been made possible in part by a major grant from the National Endowment for the Humanities. Democracy demands wisdom. Colonial Georgia Trevor R. Reese, 2010-04-01. First published in 1963, this study examines the colony of Georgia's first thirty-five years from the perspective of the British Empire. Being the last of the thirteen colonies, Georgia is well suited for a study on imperial administration because Britain had over a century of experience dealing with the other colonies at the time of its founding. This work explores British motives behind the founding of Georgia, Indian relations from the context of European wars, diplomacy, politics, and economic development. Trevor R. Reese presents the early history and settlement of Georgia as a clear example of the objects, methods, and failings of the old colonial system of the British Empire.

Lachlan McIntosh and the

Politics of Revolutionary Georgia Harvey H. Jackson, 2003-11-01 Lachlan McIntosh 1728 1806 was a prominent Georgia planter patriarch of his Highland Scots clan in America and the ranking general from Georgia in the Continental army Often however he is known simply as the man who in a duel mortally wounded Button Gwinnett one of Georgia's signers of the Declaration of Independence This biography fleshes out McIntosh considerably and just as important uses his life as a springboard for discussing the rapidly shifting political social and economic forces at work during a crucial period of Georgia's history

Culture, Special Resource Study ,2003 **The Wesleys and the Anglican Mission to Georgia, 1735-1738** John Thomas Scott,2020-10-23 The Wesleys and the Anglican Mission to Georgia 1735 1738 considers the fascinating early history of a small group of men commissioned by trustees in England to spread Protestantism both to new settlers and indigenous people living in Georgia Four minister missionaries arrived in 1736 but after only two years these men detached themselves from the colonial enterprise and the Mission effectively ended in 1738 Tracing the rise and fall of this endeavor Scott s study focuses on key figures in the history of the Mission including the layman Charles Delamotte and the ministers John and Charles Wesley Benjamin Ingham and George Whitefield In Scott s innovative historical approach neglected archival sources generate a detailed narrative account that reveals how these men s personal experiences and personal networks had a significant impact on the inner workings and trajectory of the Mission The original group of missionaries who traveled to Georgia was composed of men already bound together by family relations friendships and shared lines of mentorship Once in the colony the missionaries prospects altered as they developed close ties with other missionaries including a group of Moravians and other settlers John Wesley returned to England after his romantic relationship with Sophy Hopkey soured Structures of imperialism class and race underlying colonial ideology informed the Anglican Mission in the era of trustee Georgia The Wesleys and the Anglican Mission to Georgia enriches this historical picture by illuminating how a different set of intricacies rooted in personal dynamics was also integral to the events of this period In Scott s study the history of the expansive eighteenth century Atlantic world emerges as a riveting account of life unfolding on a local and individual level

Salzburger Migrants and Communal Memory in Georgia Christine Marie Koch,2020-01-04 The book investigates processes and strategies of remembering the so called Georgia Salzburger exiles German speaking immigrants in the 18th century British colony of Georgia The longitudinal study explores the construction of Georgia Salzburger memory in what is today Austria Germany and the United States from the 18th to the 21st century The focus is set on processes of memoria throughout three centuries at the intersections between the creation of German American Lutheran U S American and Southern identity memories of migration nativism and Whiteness *Georgians in Profile* Horace Montgomery,2010-06-01 Originally published Athens University of Georgia Press 1958 **Deerskins and Duffels** Kathryn E. Braund,1996-03-28

Deerskins and Duffels documents the trading relationship between the Creek Indians in what is now the southeastern United States and the Anglo American peoples who settled there The Creeks were the largest native group in the Southeast and through their trade alliance with the British colonies they became the dominant native power in the area The deerskin trade became the economic lifeblood of the Creeks after European contact This book is the first to examine extensively the Creek side of the trade especially the impact of commercial hunting on all aspects of Indian society British trade is detailed here as well the major traders and trading companies how goods were taken to the Indians how the traders lived and how trade was used as a diplomatic tool The author also discusses trade in Indian slaves a Creek Anglo cooperation that resulted in the virtual destruction of the native peoples of Florida

Captain Jones's Wormslow William M. Kelso, 2008-08-01 During the fall of 1968 and the summer of 1969 William Kelso conducted archaeological excavations at the site of eighteenth century ruins at Wormslow near Savannah Georgia Historical records indicated that the ruins were the remains of Fort Wimberly most likely constructed by Noble Jones an original settler of Georgia Records further suggested that Fort Wimberly had been constructed on the site of Jones s earlier fortification a timber guardhouse known as Jones s Fort built in 1739 and 1740 The existence of these two structures built at different times on the same location made possible an archaeological study of two periods of Georgia coastal fortifications The earlier was built as a major link in General James Oglethorpe s chain of defenses against the Spanish threat from Florida in the 1740s and the later presumably was built to repel the French The project also presented another important opportunity the chance to define what effect the semitropical hostile border environment of colonial Georgia had on the plantation development scheme of at least one English settler Mr Kelso s report of his excavations begins with a documentary history of Wormslow followed by a presentation of the archaeological evidence that correlates it with the historical documents Ultimately he reconstructs the site based on the historical and archaeological evidence an architectural study of the ruins and information about early Georgia architecture in general and other eighteenth century buildings in particular The report concludes with a detailed study of the artifacts with illustrations descriptions and identifications of the important pieces
