Transactions and Proceedings of the American Philological Association American Philological Association,1950 Bibliographical record of works published by members of the Association in v 28 1897 *Woman As Hero In Old English Literature* Jane Chance,2005-06-16 The first comprehensive study of heroic women figures in Anglo Saxon literature investigates English secular and religious prose and poetry from the seventh to the eleventh centuries Given the paucity of surviving literature from the Anglo Saxon period the works which feature major women characters often portrayed as heroes seem surprisingly numerous Even more striking is the strength of the female characterizations given the medieval social ideal of women as peaceful passive members of society The task of this study is to examine the existing sources afresh asking new questions about the depictions of women in the literature of the period Particular attention is focused on the failed possibly adulterous women of *The Wife s Lament* and *Wulf and Eadwacer* the monstrous mother of Grendel in *Beowulf* and the chaste but heroic figures and saints Judith Juliana and Elene The book relies for its analysis on recent and standard texts in Anglo Saxon studies and literature as well as a thorough grounding in Latin and vernacular historical documents and Anglo Saxon writings other than the focal literary texts **Law, Sex, and Christian Society in Medieval Europe** James A. Brundage,2009-02-15 This monumental study of medieval law and sexual conduct explores the origin and development of the Christian church s sex law and the systems of belief upon which that law rested Focusing on the Church s own legal system of canon law James A Brundage offers a comprehensive history of legal doctrines covering the millennium from A D 500 to 1500 concerning a wide variety of sexual behavior including marital sex adultery homosexuality concubinage prostitution masturbation and incest His survey makes strikingly clear how the system of sexual control in a world we have half forgotten has shaped the world in which we live today The regulation of marriage and divorce as we know it today together with the outlawing of bigamy and polygamy and the imposition of criminal sanctions on such activities as sodomy fellatio cunnilingus and bestiality are all based in large measure upon ideas and beliefs about sexual morality that became law in Christian Europe in the Middle Ages Brundage s book is consistently learned enormously useful and frequently entertaining It is the best we have on the relationships between theological norms legal principles and sexual practice Peter Iver Kaufman *Church History* **Subject Index of the Modern Books Acquired by the British Museum in the Years ...** ,1927 *The*
