restricted areas In reality these ghettos were holding areas where Jews were kept before being transferred to concentration extermination and work camps Aware of their imminent fate which included the threat of family separation enslavement and death underground resistance groups sprung up staged numerous uprisings which were brutally and callously suppressed The Nazis ultimate aim was the liquidation of the ghettos and the extermination of their inhabitants in furtherance of The Final Solution This may seem unthinkable today but as this book graphically reveals they worked to achieve their objective regardless of human suffering
