Only the Good Die Young Chris Marie Green, 2014-02-04 FIRST IN A NEW SERIES You know the theory that ghosts are energy trapped when someone dies violently It s true I know it for a fact My name is Jensen Murphy and thirty years ago I was just an ordinary California girl I had friends family a guy who might have been the One Ordinary until I became a statistic one of the unsolved murders of the year Afterward I didn t go anywhere in pursuit of any bright light I stayed under the oak tree where my body was found and relived my death over and over So when a psychic named Amanda Lee Minter pulled me out of that loop into the real world I was very grateful Now I m a ghost at large rescued by Amanda I found out to be a supernatural snoop I m helping her uncover a killer not mine she promises me well get to that which should be easy for a spirit Except that I ve found out that even ghosts have enemies human and otherwise From the Paperback edition Haunted Man and the Ghost's Bargain Charles Dickens, 1891 **The House of Cards** Leon Garfield, 2015-05-31 In 1847 an orphaned baby is rescued as the sole survivor of a massacre in a Polish village Many years later a mysterious and disturbed Russian lady turns up unexpectedly at one of Mr Dolly's regular Friday night dinner parties So begins a search for identity and lost inheritance in the seedy and crowded streets of nineteenth century London *In Defence of Fantasy* Ann Swinfen, 2019-10-01 The modern fantasy novel might hardly seem to need a defence but its position in contemporary literature in the 1980s was still rather ambivalent Many post war writers had produced highly successful fantasy novels some phenomenal publishing successes had occurred in the field and an increasing number of universities throughout the English speaking world now included the literary criticism of fantasy as part of their English Literature courses None the less some critics and academics condemned the whole genre with a passion that seemed less than objectively critical In this book originally published in 1984 Dr Ann Swinfen presents a wide ranging and comprehensive view of fantasy what it is what it tries to achieve what fundamental differences distinguish it from mainstream realist fiction She concentrates on the three decades from 1945 when a new generation of writers found that Tolkein had made fantasy respectable Her approach is thematic rather than by individual author and she brings out the profound moral purpose that underlies much modern fantasy in a wide range of works both British and American such as Russell Hoban's The Mouse and His Child C S Lewis s Chronicles of Narnia and Ursula Le Guin s Earthsea Trilogy John Diamond Leon Garfield, 2014-03-06 My father that stern and upright man was nothing but a swindler and a thief What is the matter with old Mr Jones Endless footsteps and low groans can be heard from his room in the dead of night Only his son William knows the a terrible secret his father betrayed his business partner Mr Diamond and swindled him out of a great fortune William resolves to go to London find Mr Diamond and make amends But the murky big city with its sinister characters and treacherous back streets is no place for a boy of

twelve And Mr Diamond s own son is not the sort of person to forgive and forget Danger and deceit lie waiting Includes exclusive material In the Backstory you can find out more about the wonderful author and learn some Cockney rhyming slang Vintage Children's Classics is a twenty first century classics list aimed at 8 12 year olds and the adults in their lives Discover timeless favourites from The Jungle Book and Alice's Adventures in Wonderland to modern classics such as The Boy in the Striped Pyjamas and The Curious Incident of the Dog in the Night Time The A to Z of Fantasy Literature Brian Stableford, 2009-08-13 Once upon a time all literature was fantasy set in a mythical past when magic existed animals talked and the gods took an active hand in earthly affairs As the mythical past was displaced in Western estimation by the historical past and novelists became increasingly preoccupied with the present fantasy was temporarily marginalized until the late 20th century when it enjoyed a spectacular resurgence in every stratum of the literary marketplace Stableford provides an invaluable guide to this sequence of events and to the current state of the field The chronology tracks the evolution of fantasy from the origins of literature to the 21st century The introduction explains the nature of the impulses creating and shaping fantasy literature the problems of its definition and the reasons for its changing historical fortunes The dictionary includes cross referenced entries on more than 700 authors ranging across the entire historical spectrum while more than 200 other entries describe the fantasy subgenres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies. The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature through bibliographies and accounts of the fantasy literature of different nations to individual author studies and useful websites The Strange Affair of Adelaide Harris Leon Garfield, 2013-06-30 Harris and Bostock are best friends but they are as different from one another as night and day Harris thinks up harebrained schemes and Bostock gets in trouble for them When Harris puts his baby sister Adelaide in the woods to see if she will be adopted by a fox little do they realize that they are starting a chain of events that will be remembered in their little seaside town as the Strange Affair The Paradox Files J.E. Taylor, 2018-12-04 THE PARADOX FILES BOOKS 1 3 SILENCING THE SIREN A of Adelaide Harris protector A lost soul A siren looking for salvation Kylee Paradox never expected to be a protector of humankind but when hell s portals open and let loose the creatures of the underworld she can t see any other way Armed with an ultimatum Kylee has no choice but to embrace her new position as bounty hunter of the damned Sending these monsters back to purgatory becomes her life s mission The only glitches in an otherwise noble pursuit are those who hold her fate in their hands They forbid her from using her deadly siren song to lure the beasts back to the pit If she harms even a single innocent soul in her quest Kylee herself will become one of the hunted WAKING THE SIREN Kylee has another mission and a new ally but will it be enough to battle the desert heat Virtue and devotion Who would have thought those two qualities could get you killed When a bicorn starts terrorizing Las Vegas that s exactly what this murdering beast targets Kylee Paradox is given the

mission to bring this monstrosity to justice but the desert does not bode well for a siren In fact it could be just as deadly as the monster she is hunting HUNTING THE SIREN In the aftermath of the massacre in Las Vegas Kylee Paradox has no choice but to run Her siren caused innocent lives to be lost and now Fate is bound to carry out Kylee s punishment for breaking her contract If Fate catches her before she can find a loop hole Kylee will be on a one way train to a tortured eternity in the fiery pits of hell **A Dictionary of Writers and their Works** Christopher Riches, Michael Cox, 2015-01-29 Over 3 200 entries An essential guide to authors and their works that focuses on the general canon of British literature from the fifteenth century to the present There is also some coverage of non fiction such as biographies memoirs and science as well as inclusion of major American and Commonwealth writers This online exclusive new edition adds 60 000 new words including over 50 new entries dealing with authors who have risen to prominence in the last five years as well as fully updating the entries that currently exist Each entry provides details of a writer s nationality and birth death dates followed by a listing of their titles arranged chronologically by date of publication
