K. Clark, 2018-04-30 In Kalaupapa Place Names John Clark presents a unique history of the leprosy settlement on Molokai based on his meticulous research of more than three hundred Hawaiian language newspaper articles He first assembled an extensive list of familiar and long forgotten place names associated with the Kalaupapa peninsula and then searched for them in the online repository of Hawaiian language newspapers With translation assistance by Isona Ellinwood and Keao NeSmith he discovered articles that show a community of Hawaiians from every island except uninhabited Kahoolawe Their stories reveal an active community with its members trying to live their lives as normally as possible in the face of a debilitating disease The first section of the book contains newspaper articles arranged under an alphabetical listing of place names The second section organizes the material into chronological segments from before the establishment of the Kalaupapa Settlement to the death of Mother Marianne Cope in 1918 These two sections are followed by a collection of kanikau or lamentations interviews with Kalaupapa residents and a list of Hawaiian language newspapers Introductory paragraphs for groupings of newspaper articles assist the reader in visualizing the physical landscape and understanding the history and

**People and Cultures of Hawaii** Thomas W. Maretzki, 2011-04-30 This is a significant update to the highly influential text *People and Cultures of Hawaii: A Psychocultural Profile*. Since its publication in 1980 the immigrant groups it discusses in depth have matured and new ones have been added to the mix. The present work tracks the course of these changes over the past twenty years constructing a historical understanding of each group as it evolved from race to ethnicity to culture. Individual chapters begin with an overview of one of fifteen groups. Following the development of its unique ethnocultural identity distinctive character traits such as temperament and emotional expression are explored as well as ethnic stereotypes. Also discussed are modifications to the group's ethnocultural identity over time and generational change which traits may have changed over generations and which are more hardwired or enduring. An important feature of each chapter is the focus on the group's family social structure generational and gender roles power distribution and central values and life goals. Readers will also find a description of the group's own internal social class structure social and political strategies and occupational and educational patterns. Finally contributors consider how a particular ethnic group has blended into Hawai'i's culturally sensitive society. *People and Cultures of Hawai'i: The Evolution of Culture and Ethnicity* will like its predecessor fill an important niche in understanding the history of different ethnic groups in Hawai'i.
