

"**Barbara Riddle** has given us a sharp, funny glimpse into a little explored moment in women's recent history. The year is 1963, the same year Betty Friedan published *The Feminine Mystique*. Brave young women were heading out from college and looking for lives very different from those their mothers had lived. My excitement about *The Girl Pretending to Read Riddle* stems in part from the fact that I was there — heading for graduate school in science in 1963. I recognize Riddle's heroine Brownen for her spirit of adventure as well as her sometimes crippling self-doubts (carefully nourished by the all-too-realistic boyfriend-from-hell). Today's 20-somethings will recognize her as a woman struggling, like themselves, for personal coherence in a world that still has difficulty seeing us as complete and entire human beings."
