The Global Christ:

The Global Christ Roy Lawson Tawes, 2013-10 This is a new release of the original 1945 edition *The Global Edwards* Rhys S. Bezzant, 2017-10-20 In a globalized world networks are key whether they are networks of people ideas or interests In this volume of essays on the texts and teachings of Jonathan Edwards contributors from each continent ask questions about how the world of Edwards explains or illuminates the world of today whether in the area of systematics missions historiography politics church planting or biblical studies Such diverse discourses enrich the networks of scholarship that the contributors represent and provide a global snapshot of contemporary research in Edwards studies These papers were presented in August 2015 at the Jonathan Edwards Congress held at Ridley College in Melbourne Australia where personal engagement with the topics at hand made the worldwide network of Edwards aficionados and scholars not merely a virtual aspiration but an experience in time and space This book will not only inform its readers but surprise them as well as they track the power of eighteenth century theological ideas in the late modern world *The Global Politics of Jesus* Nilay Saiya, 2022 A unique timely and wide ranging book that formulates and applies an ethic of Jesus to the realm of global politics Since the fourth century Christians have wrestled with how they should interact with political authority The most common view holds that while their ultimate loyalty rightfully belongs to God Christians also have allegiance to their countries and a moral responsibility to transform their political systems In *The Global Politics of Jesus* Nilay Saiya provides a normative critique of this conventional view and advances an alternative approach While it may seem natural for the church to fervently engage in political life and cultivate a close relationship with the state Saiya argues that such beliefs result in a paradox of privilege As he shows when the church yields to the seduction of political power when enjoying the benefits of an alliance with the state it struggles to adhere to its tenets and when it resists the allure of state power it does its best work This unique and wide ranging book examines the paradox of privilege in some of the most important areas of global politics and considers its implications for the church itself **Spiritual Formation for the Global Church** Ryan A. Brandt, John Frederick, 2021-10-19 The church is a global body of believers called to grow in Christ Yet too often it privileges a few voices and ignores the practical dimensions of the faith Offering a multi denominational multi ethnic vision this volume brings together biblical scholars theologians and practitioners from around the world to pursue a theology and praxis of spiritual formation for the global church *The Global Flora* Maarten M.J. Christenhusz, Michael Fay, James W. Byng, 2018-02-09

The Fall of Christianity in The Global North Dr. Naloka Baker Frederick, 2025-03-30 *Encyclopedia of Christianity in the Global South* Mark A. Lamport, 2018-06-01 Christianity has transformed many times in its 2 000 year history from its roots in the Middle East to its presence around the world today From the mid twentieth century onward the presence of Christianity has increased dramatically in Asia Africa and Latin America and the majority of the world's Christians are now nonwhite and non Western The *Encyclopedia of Christianity in the Global South* traces both the historical evolution and

contemporary themes in Christianity in more than 150 countries and regions The volumes include maps images and a detailed timeline of key events The phrases Global Christianity and World Christianity are inadequate to convey the complexity of the countries and regions involved this encyclopedia with its more than 500 entries aims to offer rich perspectives on the varieties of Christianity where it is growing how the spread of Christianity shapes the faith in various regions and how the faith is changing worldwide Local Theology for the Global Church Matthew Cook, Rob Haskell, Ruth Julian, 2010-06-01 As the church in the global south continues to grow at a rapid pace the question of how to develop local theologies becomes more and more urgent This book charts a path forward through exegetical theological and cultural analysis by scholars who are wrestling with the issues in their own situations around the globe The contents were developed under the auspices of the World Evangelical Alliance Theological Commission at the Oxford contextualization consultation This book was published in partnership with the World Evangelical Alliance

Escape the Global Storm Bob Sullivan, 2008-04 Anyone who has been objectively reading their daily newspapers or watching the evening news has to be wondering what in the world is going on It seems like conditions all around the globe are beginning to spin out of control In fact it is hard to identify a time in history when the world has faced so many complex and potentially devastating problems at the same time In *Escape the Global Storm* A personal guarantee from the God of Abraham Isaac and Jacob Bob Sullivan uncovers the reasons for the growing chaos that is occurring throughout the world today He takes the reader back four thousand years to the time when God Almighty unveiled His eternal plan for humanity to Abraham He shows just how important that plan is to God and how it is impacting world events today This book will change your view of world events but more importantly it will reveal a glorious future that is waiting for all those who put their trust in Jesus Christ Bob Sullivan grew up in Corning New York He met his wife Shirley in 1966 and was married one year later They currently reside in Connecticut as do their two married children and seven grandchildren Shirley is a life long Christian but it was not until 1976 that Bob committed his life to Jesus Christ He began studying Second Coming prophecy after reading Hal Lindsay's *Late Great Planet Earth* in the late 70s He has spent hundreds of hours studying Prophecy and has put his knowledge to use by leading several studies on the subject at his home church He has also conducted two day long prophecy conferences and has developed a website that is dedicated to current events in light of Biblical truth www.folksinthepeews.com

Why Evangelical Theology Needs the Global Church Stephen T. Pardue, 2023-08-22 Christianity Today 2024 Award of Merit Missions Global Church Christian theologians and students are aware that evangelicals in the Majority World now outnumber those in North America and Europe and many want to know more about emerging voices in the global church At the same time these voices are largely absent from Western evangelical theology Stephen Pardue seeks to bridge this divide by arguing biblically and theologically that it is imperative for Western evangelical theology to engage with the global church and he provides examples of how this can be done Case studies throughout the book illustrate opportunities for fruitful

engagement with non Western theology in various areas of Christian doctrine Readers will be given an introduction to the riches available within the worldwide body of Christ and learn how to engage productively with the global church

Emerging Theologies from the Global South Mitri Raheb, Mark A. Lamport, 2023-03-29 In recent decades there has been a seismic shift in world Christianity Whereas formerly Christianity existed as a Caucasian Euro American phenomenon the majority of Christians today reside in the Southern Hemisphere or the Global South And what is true for the demographics of Christianity has followed lockstep for its theological developments The era of German theologians setting the tone for global church are gone Today some of the loudest and most creative voices in theology speak from the emerging contingencies of the Global South for example promoting Latinx Black Caribbean and Asian theologies and their influence often influences the conversation in the United States and Europe In addition just as the center of Christianity has moved geographically from north to south so with theological seminaries in the west which have declined as training centers for clergy These events coincide with new theological centers are opening in Asia Africa Oceania and Latin America The bottom line is contemporary Christianity today looks significantly different than it did a century ago and publications have been slow to acknowledge let alone describe and elaborate upon this major shift to the largest religion in the world These shifts guide our intentions in this book Such a reference book which could also be used as a textbook therefore is very much needed In fact there is nothing like the contents of this single volume book in the publishing market which allows for high quality interdisciplinary and international dialogue

Queer Ministers' Voices from the Global South Lisa Isherwood, Hugo Córdova Quero, 2023-10-13 This book brings together the narratives of diverse ministers from the Global South in order to show that queer theologies are impacting many parts of the world and queer lives are molding and enriching Christian ministry Across Asia Africa and Latin America we are witnessing the emergence of queer faith based communities in very different contexts and with very different histories The perspectives included in the book form a tapestry that honors diversity among the Global South's queer communities and ministries They demonstrate the various ways in which queer ministry challenges and changes theological understanding as well as religious practice Each chapter highlights issues pertaining to liturgy sacraments pastoral rites and the personal faith journey that each minister underwent to foster pastoral queer theologies Contributors focus on their understanding of the relationship between faith and sexuality how rituals relate to the daily lives of queer believers and the struggles they face within the political structures of religious institutions The narratives highlight some of the challenges and mechanisms deployed to cope with ingrained LGBTIQ phobia They also evidence how communities enact interreligious and multi religious dialog and rituals while honoring faith and activism and how prophetic ministries counter oppressive discourses and colonial performativities This is a valuable resource for academics and religious leaders interested in the study of queer theologies Asian African and Latin American Christianity as well as ecclesiastical and liturgical issues

Demonology for the Global Church Scott D. MacDonald,2021-06-01 As Christians how do we address the contentious and often disturbing subject of demonology Our cultural paradigms pit us between the extremes of skepticism and sensationalism Increasingly diverse Christian communities are in desperate need of a biblical understanding of the demonic that transcends cultural frameworks an understanding that will challenge assumptions rebuke errors and unite Christians in scriptural truth Demonology for the Global Church endeavors to provide the biblical and theological essentials for a unified Christian perspective of the demonic Avoiding speculation and anecdotal evidence Scott D MacDonald roots his analysis in Scripture He frames a biblical demonology in light of global and contextual concerns offering an understanding that avoids the pitfalls of anti supernaturalism and over emphasis If the church is to effectively overcome its spiritual adversaries Christians from around the world must stand and resist together This is an essential resource for the global church relevant to students of theology institutional scholars cross cultural missionaries local pastors and all types of Christian leaders

The Global Solutions Rev. Samuel Bakare,2010-11-29 The book is based on global economic and social crisis today and in the future and how to solve some of this global chaos and crisis

Power and Identity in the Global Church: Brian M. Howell,Edwin Zehner,2009-06-01 Power and Identity in the Global Church Six Contemporary Cases applies contemporary sociological theological and New Testament insights to better understand how God s people can do and should interact in the field thereby laying the groundwork for better multicultural approaches to mission partnership The authors six evangelical anthropologists and theologians also show that faithfulness in mission requires increased attention to local identities cultural themes and concerns including the desire to grow spiritually through direct engagement with God s word In this context failure to attend to power imbalances can stunt spiritual and leadership growth Attending to those imbalances should make Christian churches more truly brothers and sisters in Christ equal members of the one global body of which Christ alone is the head

Faith and Caring in the Global Village Georges Jonas Georges,Jonas Georges,2009-12 Faith and Caring in the Global Village is about pastoral care and Christian spirituality in the age of an ever shrinking interdependent world It is a call to action that delves into the current argument about the necessity for the Church to embrace the mission based paradigm in the ecclesial communities that are eager to have their say in the way the good news is communicated to them and to others It speaks especially to the historical denominations that are still reluctant to do away with deep seated traditions and social racial status Listening to the current tone of the debate one would think that only scientists and politicians are responsible for the problems humans face and therefore they and they alone have the moral obligation and capacity to propose solutions for the resulting challenges and lay out a set of plans to deliver us from annihilation Although they have an important role to play the exemplary conduct of many of Christ s followers and the results of the teaching in many Christian communities points in a different direction the Church In the final analysis the appropriate response to the call for relevancy leads to the understanding and acceptance of diversity in people culture and in practice and to unity in purpose

Christ's Return and Today's Global Geopolitical Bombshells Dr. David Liang,2019-05-14 Many people are eager to embrace Nostradamus and the Mayans while dismissing the Holy Bible s prophecies Yet the Bible in Revelation chapter 4 promises Come up here and I will show you what must take place after this Inspired by that promise this principal author has gleaned decades of insight regarding global geopolitical events and what might take place toward the end of this world as we know it In 1989 he predicted in a Chinese magazine the possibility of German unification as an expression of the mixed iron and clay kingdom foreseen in Daniel chapter 2 The same prophecy suggests the intermingling of China with Taiwan and North and South Korea Back in 1989 this principal author also predicted that the U S would withdraw from Europe because the Bible speaks little of the U S s role during Earth s final hour Chapter 1 of this book deals with doomsday end of the world bombshells with reference to notable scientists such as Stephen Hawking Martin Rees Frank Fenner and Isaac Newton Chapters 2 and 3 address the startling role reversal between the U S a former superpower now in retreat from the global scene and a resurgent Russia and the incredible role played by Vladimir Putin in both Russia and the U S Chapter 4 deals with the miraculous rebirth of Israel and the path toward a rebuilt Third Temple Chapter 5 deals with Middle East bombshells particularly the rise of radical Islamic based entities and the Bible s portrait of Babylon Chapter 6

applies the aforementioned iron and clay mixture analogy to the possible unification of China with Taiwan and North and South Korea including bombshell overtures between U S President Trump and North Korean leader Kim Chapter 7 deals with China s ascent and applies a prophecy in Isaiah chapter 49 to the increasing number of Chinese Christians despite communism Chapter 8 situates Brexit Britain exiting the European Union which this principal author foresaw within the Biblical context of a future ten kings coalition and the emergence of the antichrist Finally chapter 9 deals with Christ s own statements of what geopolitical bombshells must take place leading up to his return to Earth The Bible s accuracy in predicting geopolitical events gives us reason to believe in its supernatural authority and thus to believe its ultimate promise that Jesus Christ will return to this world

Women's Literary Cultures in the Global Middle Ages Kathryn

Loveridge, Liz Herbert McAvoy, Sue Niebrzydowski, Vicki Kay Price, 2023 Initiates a wider development of inquiries into women s literary cultures to move the reader beyond single geographical linguistic cultural and period boundaries Since the closing decades of the twentieth century medieval women s writing has been the subject of energetic conversation and debate This interest however has focused predominantly on western European writers working within the Christian tradition the Saxon visionaries Mechthild of Hackeborn Mechthild of Magdeburg Gertrude the Great for example and in England Julian of Norwich and Margery Kempe are cases in point While this present book acknowledges the huge importance of such writers to women s literary history it also argues that they should no longer be read solely within a local context Instead by putting them into conversation with other literary women and their cultures from wider geographical regions and global cultures women from eastern Europe and their books dramas and music the Welsh gwraig llwyn a pherth woman of bush and brake the Indian mystic Mirabai Japanese women writers from the Heian period women saints from across Christian Europe and those of eleventh century Islam or late medieval Ethiopia for instance much more is to be gained in terms of our understanding of the drivers behind and expressions of medieval women s literary activities in far broader contexts This volume considers the dialogue synergies contracts and resonances emerging from such new alignments and to help a wider multidirectional development of this enquiry into women s literary cultures
