The Golden Bowl Be Broken Peasant Life In Four Cultures:

The Golden Bowl be Broken Richard Critchfield,1973 **The Good Shepherd** Timothy S. Laniak,2024-04-02 Learn from the Good Shepherd how to lead in your home church or community After spending months among Bedouin shepherds in the Middle East Tim Laniak offers 40 short readings that explore every leader s responsibility to provide protect and guide Each chapter begins with observations from Tim s travels continues with insights into Bible stories about shepherding and concludes with what this means for you in your own spheres of influence *Good News* Clifford G. Christians,John P. Ferré,P. Mark Fackler,1993-06-03 Mass media ethics and the classical liberal ideal of the autonomous individual are historically linked and professionally dominant yet the authors of this work feel this is intrinsically flawed They show how recent research in philosophy and social science together with a longer tradition in theological inquiry insist that community mutuality and relationship are fundamental to a full concept of personhood The authors argue that persons in community provides a more defensible grounding for journalists professional moral decision making in crucial areas such as truth-telling privacy organizational culture and balanced coverage With numerous examples drawn from life as well as from theory this book will interest journalists editors and professionals in media management as well as students and scholars of media ethics reporting and media law *Indira Gandhi's India* Henry C. Hart,2019-03-04 India credited with the best institutionalized democracy of the Third World changed in 1975 apparently overnight and at the decision of one individual to a quasi dictatorship A transformation so remarkable prompted eight scholars of Indian politics to reexamine the sectors of the system they know well seeking explanations They reappraise the carry over of colonial institutions and procedures the distribution of power in the ruling party business influence the roles of the divided Communist parties the position of the administrative corps and of the army and unrest among the rural poor at its most volatile in the state of Bihar An introduction shows just what Mrs Gandhi changed the situation that triggered her action and the justification she advances A concluding chapter tests the facts of the Indian transformation against four major theories of political change in the developing world projection into politics of personality conflicts of the leader agrarian class conflict social mobilization and cultural assimilation and institutionalization **Rule of Experts** Timothy Mitchell,2002-11-18 Publisher Description Mai Weini, a Highland Village in Eritrea Kjetil Tronvoll,1998 Written by the first anthropologist to enter Eritrea after the war this study is an ethnographic account which explores the social organisation of a remote Tigrayan speaking highland community and the livelihood of its peasants *Advanced Reporting* Miles Maguire,2014-07-25 News gathering is a large complicated and often messy task that has traditionally been viewed by journalists as irretrievably idiosyncratic best learned through trial and error Advanced Reporting takes the opposite approach focusing on reporting as a process of triangulation based on three essential activities analyzing documents making observations and conducting interviews In this readable book veteran journalism professor Miles Maguire shows how the best reporters use these three tools in a way that allows them to cross

check and authenticate facts to reduce or eliminate unsupportable allegations and to take readers and viewers to a deeper level of insight and understanding This book will help to prepare students for a profession marked by increasing complexity and competition To succeed in this environment journalists must learn to make the most of digital media to intensify the impact of their work At the same time reporters must contend with a host of sophisticated public relations techniques while engaging with news audiences that no longer just consume journalism but also collaborate in its creation Discussion questions and exercises help students put theory into practice
