The family can be viewed as one of the links in a golden chain connecting individuals the private sphere civil society and the democratic state as potentially an important source of energy for social activity and as the primary institution that socializes and diffuses the values and norms that are of fundamental importance for civil society Yet much of the literature on civil society pays very little attention to the complex relations between civil society and the family These two spheres constitute a central element in democratic development and culture and form a counterweight to some of the most distressing aspects of modernity such as the excessive privatization of home life and the unceasing work and spend routines This volume offers historical perspectives on the role of families and their members in the processes of a liberal and democratic civil society the question of boundaries and intersections of the private and public domains and the interventions of state institutions **The Golden Chain** Natasha Lehrer,2003 The Golden Chain recalls a great Yiddish idea die goldene keyt the handling on the enormous cultural wealth of Jewish tradition from generation to generation This was the mission of the founding editor of The Jewish Quarterly Jacob Sonnag who as he later recalled felt called upon to add to the golden chain For fifty years The Jewish Quarterly has published the finest Jewish writing from around the world Today it remains true to its founding ideals of cultural pluralism and open debate about the many issues of interest and concern to Jews in Britain and internationally The Golden Chain brings together the finest writing to have been published in The Jewish Quarterly since it began It focuses on central themes of London community Vanished Worlds literature and Israel **The Two Kenricks** John Joseph O'Shea,1903
