The Golden Mile Brian Ward,2019-08-31 The Golden Mile is a book of poems but it is more than that it is a love story It speaks of one man's love first of his brave father who died when the author was a teenager of disabilities caused by his service in the Battle of the Atlantic during World War II and then of his own family He dedicates the book to his late father's memory He retraced his father's footsteps along the Golden Mile that leads up to Edinburgh Castle seventy years after he father did so during a break in hostilities He writes about that movingly in the title piece in the collection Most of us can point to a favourite song place scent or possession that triggers memories of a loved one who has as Banjo Patterson describes gone over the range He introduces you to his own family one at a time He calls Lesley his wife the mother of his three children and grandmother of their five grandchildren by the affectionate names of Madre La Madre and the Contessa as well as her real name Their adventures are hilarious and at the same time heart rending Navigating the removal of a cheap bead his young daughter placed up her nose Heaven knows why one minute and coping with stage four breast cancer the next takes you on a roller coaster ride which our author captures brilliantly in this collection At a time when men are asked to express their feelings our author needs no coaching He uses the l word frequently filially and unexpectedly He shows us that if you say what you feel and feel what you say there is a lot to be gained by everyone If you are a thinker a believer in the golden rule and a lover of people this is definitely a book for you
