The Quills of the Porcupine Jean Marie Allman, 1993-08-01 Bearing the historic symbol of the Asante nation the porcupine the National Liberation Movement NLM stormed onto the Gold Coast's political stage in 1954 mounting one of the first and most significant campaigns to decentralize political power in decolonizing Africa Ghana formerly the Gold Coast was the first colony in sub-Saharan Africa to secure political independence from Britain The struggle for full self government was led by Kwame Nkrumah the leading advocate of African nationalism and Pan African unity in the post World War II era The NLM threatened the stability of Nkrumah's preindependence government and destroyed prospects for a smooth transition to full self rule Though NLM demands for Asante autonomy mobilized thousands of members marchers and voters the NLM was unable to forestall plans for a unitary government in a new nation Under Nkrumah Ghana became independent in 1957 Marginalized politically by 1958 the NLM has at times been marginalized by scholars as well Cast into the shadows of academic inquiry where history's losers often dwell the NLM came to be characterized as a tribalist ghost of the past whose foreordained defeat was worthy of some attention but whose spectacular rise was not Today when it is far harder to dismiss decentralizing movements and alternative nationalisms as things of the past Jean Marie Allman's brilliant The Quills of the Porcupine recovers the history of the NLM as a popular movement whose achievements and defeats were rooted in Asante's history and in the social conflicts of the period Allman draws skillfully on her extensive interviews with NLM activists on a variety of published and archival sources in Ghana and on British colonial records many of them recently declassified to provide rich narrative detail Sophisticated in its analysis of the NLM's ideology and of the appeals of the movement to

War Star Rising, *The Night of the First Billion* Ghada Samman, 2005-02-01 Set in Geneva Switzerland around the 1982 Israeli invasion of Lebanon this intricately plotted novel probes the emotional misfortunes of Arab men and women fleeing the horror of war only to find their ways of life constantly challenged by their foreign surroundings The author's scalding critique of the Lebanese situation resonates with strong sociopolitical issues Here are telling portraits of class oppression and the role of women in Arab society the treatments of war and sexuality of immigration of cultural assimilation and nationalism With supreme artistry and insight and in modern Arab literary fashion Ghada Samman skillfully blends realism with fantasy into a highly stylized thematically multilayered tale It is at once a Gothic romance and a suspenseful whodunit with engaging characters At the same time it is a gripping study of social injustice and the consequences of wartime upheaval Far from home and out of harm's way Samman's Lebanese exiles repeat and replay the very same conflicts that torment them in their own land even as it is under siege *The Night of the First Billion* is an eloquent reminder that the only genuine security in the most profound and human sense of the word is to be found in the courageous willingness to confront challenge and finally to ease suffering
