European Review of Latin American and Caribbean Studies ,2000 Democracy, Elections, and Constitutionalism in Africa Charles Manga

Fombad,Nico Steytler,2021 This volume examines democracy and elections in Africa taking stock of the state of constitutional democracy on the continent after the democratic gains of the 1990s and 2000s focusing on how competitive politics or multiparty democracy can be realized and how through competition such politics could lead to better policy and practice outcomes

The Wealth of Refugees Alexander Betts,2021-04-08 We live in an age of displacement Refugee numbers are increasing due to a proliferation of fragile states and this problem will be exacerbated by climate change and the impact of COVID 19 And yet rising populist nationalism has undermined the political willingness of rich countries to accept migrants and asylum seekers Given these contradictory trends how can we create sustainable refugee policies that enable displaced people to live in safety and dignity while operating at scale The Wealth of Refugees draws upon a decade of original qualitative and quantitative research to offer practical solutions Focusing on refugees in camps and cities in Africa it identifies approaches that can be effective in improving the welfare of refugees increasing social cohesion between refugees and host communities and reducing the need for onward migration The book argues that the key lies in unlocking the potential contributions of refugees themselves Refugees bring skills talents and aspirations and can be a benefit rather than a burden to receiving societies Realizing this potential relies upon moving beyond a purely humanitarian focus to fully include refugees in host country economies build economic opportunities in refugee hosting regions and navigate the ambiguous politics of refugee protection
