The Politics Of Reality Essays In Feminist Theory

Michael Hoelscher

The Politics Of Reality Essays In Feminist Theory:

Politics of Reality Marilyn Frye, 1983-03-01 Politics of Reality includes essays that examine sexism the exploitation of women the gay rights movement and other topics from a feminist perspective This is radical feminist theory at its best clear careful and critical SIGNS For anyone first coming to feminism these essays serve as a backdrop for understanding the basic early and continuing perspectives of feminists And for all of us they provide a theoretical framework in which to read the present as well as the past Women s Review of Books The style is both scholarly and direct without being ponderous Frye makes a concerted effort to stimulate discussion as opposed to arguing unopposed so that much of the work is novel and candid An important addition to a complete feminist library Choice **The Politics of Reality** Marilyn Frye, 1983 Essays examine sexism the gay rights movement the exploitation of women by men and other topics from a feminist perspective

The Politics of Reality Marilyn Frye, 1983 Essays examine sexism the gay rights movement the exploitation of women by men and other topics from a feminist perspective **The Politics of the Essay** Ruth-Ellen B. Joeres, Elizabeth Mittman, 1993 The Politics of the Essay is that rare scholarly work that provides both a history of this relatively new field and of its formal characteristics and inspires its readers to want to participate in the making of this history Signs The first in depth study of the relationship between women and essays Employing gender race class and national identity as axes of analysis this volume introduces new perspectives into what has been a largely apolitical discussion of the essay Includes an original essay by Susan Griffin **Anti-Porn** Julia Long, 2012-09-13 Anti porn feminism is back Countering the ongoing pornification of Western culture and society with lads mags on the middle shelf and lap dancing clubs in residential areas anti porn movements are re emerging among a new generation of feminist activists worldwide This essential new guide to the problems with porn starts with a history of modern pro and anti political stances before examining the ways in which the new arguments and campaigns around pornography are articulated deployed and received Drawing on original ethnographic research it provides an in depth analysis of the groups campaigning against the pornography industry today as well as some eye opening facts about the damage porn can do to women and society as a whole This unique and inspiring book explains the powerful comeback of anti porn feminism and it controversially challenges liberal perspectives and the mainstreaming of a porn culture that threatens to change the very nature of our intimate relationships [The Oxford Handbook of Feminist Theory](#) Lisa Disch, Mary Hawkesworth, 2018-02-01 The Oxford Handbook of Feminist Theory provides a rich overview of the analytical frameworks and theoretical concepts that feminist theorists have developed to analyze the known world Featuring leading feminist theorists from diverse regions of the globe this collection delves into forty nine subject areas demonstrating the complexity of feminist challenges to established knowledge while also engaging areas of contestation within feminist theory Demonstrating the interdisciplinary nature of feminist theory the chapters offer innovative analyses of topics central to social and political science cultural studies and humanities discourses associated with medicine and science and issues in

contemporary critical theory that have been transformed through feminist theorization The handbook identifies limitations of key epistemic assumptions that inform traditional scholarship and shows how theorizing from women's and men's lives has profound effects on the conceptualization of central categories whether the field of analysis is aesthetics biology cultural studies development economics film studies health history literature politics religion science studies sexualities violence or war

At the Boundaries of Law (RLE Feminist Theory) Martha Albertson Fineman, Nancy Sweet Thomadsen, 2013-05-20

Feminists have recently begun to challenge the powerful influence of the law on the social and cultural construction of women's roles identities and rights *At the Boundaries of Law* is a timely and path breaking work that provides a series of non technical interdisciplinary explorations into the nature and effects of legal regulation on women's lives Together the essays examine the fertile and radically revisionary links between feminism and legal theory But *At the Boundaries of Law* rejects the abstract grand theorizing of traditional feminist legal theory focusing instead on the concrete and material implications of the legal injustices endured by women These essays emphasise the complex diversity of female experience collectively arguing for legal theory and practice that both recognises and accommodates the concept of difference in gender class race and sexual orientation *At the Boundaries of Law* also raises provocative questions about the methodology and future of feminist legal theory itself In its rich variety of issues and approaches this volume will command the interest not only of legal theorists but of those interested in women's studies philosophy politics sociology and history It is sure to set the future agenda for scholars policymakers and anyone concerned with the role of law in society

Bisexuality and the Challenge to Lesbian Politics Paula C Rust, 1995-10 The subject of bisexuality continues to divide the lesbian and gay community At pride marches in films such as *Go Fish* at academic conferences the role and status of bisexuals is hotly contested Within lesbian communities formed to support lesbians in a patriarchal and heterosexist society bisexual women are often perceived as a threat or as a political weakness Bisexual women feel that they are regarded with suspicion and distrust if not openly scorned Drawing on her research with over 400 bisexual and lesbian women surveying the treatment of bisexuality in the lesbian and gay press and examining the recent growth of a self consciously political bisexual movement Paula Rust addresses a range of questions pertaining to the political and social relationships between lesbians and bisexual women By tracing the roots of the controversy over bisexuality among lesbians back to the early lesbian feminist debates of the 1970s Rust argues that those debates created the circumstances in which bisexuality became an inevitable challenge to lesbian politics She also traces it forward predicting the future of sexual politics

The SAGE Handbook of Feminist Theory Mary Evans, Clare Hemmings, Marsha Henry, Hazel Johnstone, Sumi Madhok, Ania Plomien, Sadie Wearing, 2014-08-12 At no point in recorded history has there been an absence of intense and heated discussion about the subject of how to conduct relations between women and men This Handbook provides a comprehensive guide to these omnipresent issues and debates mapping the present and future of thinking about feminist theory The chapters gathered here present the state of the art in scholarship in

the field covering Epistemology and marginality Literary visual and cultural representations Sexuality Macro and microeconomics of gender Conflict and peace The most important consensus in this volume is that a central organizing tenet of feminism is its willingness to examine the ways in which gender and relations between women and men have been and are organized The authors bring a shared commitment to the critical appraisal of gender relations as well as a recognition that to think theoretically is not to detach concerns from lived experience but to extend the possibilities of understanding With this focus on theory and theorizing about the world in which we live this Handbook asks us across all disciplines and situations to abandon our taken for granted assumptions about the world and interrogate both the origin and the implications of our ideas about gender relations and feminism It is an essential reference work for advanced students and academics not only of feminist theory but of gender and sexuality across the humanities and social sciences

Simone de Beauvoir and the Politics of Ambiguity Sonia Kruks, 2012-11-19 This the first full length study of Simone de Beauvoir's political thinking both examines Beauvoir in her own politico intellectual context and demonstrates her originality and continuing significance Insisting upon the ambiguity of all human action Beauvoir presents an affirmation of human freedom and also a somber warning about the inevitability of failures in politics

Right here, we have countless books **The Politics Of Reality Essays In Feminist Theory** and collections to check out. We additionally come up with the money for variant types and after that type of the books to browse. The tolerable book, fiction, history, novel, scientific research, as competently as various further sorts of books are readily handy here.
