The History of Canada Series - The Last Act: Pierre Trudeau Ron Graham, 2011-04-05 Between the morning of Wednesday November 4 and the morning of Thursday November 5 1981 a fateful drama unfolded that changed Canada forever In one last attempt to renew the constitution with the consent of the provinces Prime Minister Pierre Elliott Trudeau met behind closed doors in Ottawa with the ten premiers It was the culmination of more than five decades of constitutional wrangling and has been called the most important conference since the Fathers of Confederation got together in Quebec City in 1864 Faced with the threat of Quebec independence the ambitions of Western Canada and the provinces demands for more power Trudeau was embattled But he was fiercely determined to make Canadians fully independent and to entrench a Charter of Rights and Freedoms What happened that day still reverberates It severed the last important link to Canada's colonial past It guaranteed individual liberty and minority rights in the future It weakened the grip of the elites and gave ownership of the constitution to Canadians But it came at a price Quebec alone refused to sign the final deal Ren L vesque its separatist premier claimed he had been betrayed by his allies in the Gang of Eight The legend of the Night of the Long Knives took hold precipitating a series of events that came close to destroying the country Thirty years later author Ron Graham delivers a gripping account of the fractious debates and secret negotiations He uses newly uncovered documents and the candid recollections of many of the key participants to create a vivid record of that momentous twenty four hours Authoritative and engaging The Last Act is a remarkable combination of scholarly research and historical narrative

Fighting with the Empire Steve Marti, William John Pratt, 2019-04-01 Canadians often characterize their military history as a march toward nationhood but in the first eighty years of Confederation they were fighting for the British Empire From 1867 to 1947 war or threat of war forced Canadians to define and redefine their relationship to Britain and to one another As French Canadians Indigenous peoples and those with roots in Continental Europe and beyond mobilized in support of imperial war efforts their participation challenged the imagined homogeneity of Canada as a British nation From soldiers overseas to workers on the home front and from the cultural ties of imperial pageantry to the bonds of race and class Fighting with the Empire examines the paradox of a national contribution to an imperial war effort This insightful collection of connected case studies explores the middle ground between narratives that celebrate the emergence of a nation through warfare and those that equate Canadian nationalism with British imperialism

Canadian churches involved and illustrates their commitment on behalf of the northern natives opposed to the project
