The Portrait Of A Lady The Worlds Classics:

The Portrait of a Lady Henry James,2020-09-06 Under certain circumstances there are few hours in life more agreeable than the hour dedicated to the ceremony known as afternoon tea There are circumstances in which whether you partake of the tea or not some people of course never do the situation is in itself delightful Those that I have in mind in beginning to unfold this simple history offered an admirable setting to an innocent pastime The implements of the little feast had been disposed upon the lawn of an old English country house in what I should call the perfect middle of a splendid summer afternoon Part of the afternoon had waned but much of it was left and what was left was of the finest and rarest quality Real dusk would not arrive for many hours but the flood of summer light had begun to ebb the air had grown mellow the shadows were long upon the smooth dense turf

The Book World Nicola Louise Wilson,2016-05-18 British literature underwent profound changes in the period 1900 1940 What role did audiences and channels of book distribution play in this In this wide ranging collection the influence of publishers distributors librarians and readers come to the foreground to open up new perspectives on literature and print culture Rooted in original archival research chapters include studies of the engagement of canonical writers and bestsellers with the literary marketplace the influence of international and mobile audiences publishing practices involving genre promotion and censorship and the significance of spaces of reading including bookshops circulating libraries and on board passenger ships Through a series of detailed case studies that focus on under explored aspects of distribution and readership the contributors open up new perspectives on literature and the British book trade

The Nineteenth-century Novel Dennis Walder,2001 The essays in this collection show how the conventions of realism were transformed by new ideas about gender and race

The Nineteenth-Century Novel: Identities Dennis Walder,2013-05-13 The Nineteenth Century Novel Identities provides an ideal starting point for understanding gender in the novels of this period It explores the place of fiction in constructing gender identity within society at large considering Madame Bovary Portrait of a Lady and The Woman in White The book continues with a consideration of the novel at the fin de siecle examining Dracula The Awakening and Heart of Darkness These fascinating essays illuminate the ways in which the conventions of realism were disrupted as much by anxieties surrounding colonialism decadence degeneration and the New Woman as by those new ideas about human psychology which heralded the advent of psychoanalysis The concepts which are crucial to the understanding of the literature and society of the nineteenth century are brilliantly explained and discussed in this essential volume

The Portrait of a Lady Henry James,2006-07-14 Young Isabel Archer a beautiful American travels to Europe where her naivete and recent inheritance attracts many suitors But despite her great promise she falls victim to her own provincialism Exposing the differences between the New and the Old Worlds James s masterpiece examines the themes of freedom sexuality and betrayal

[How Novels Work](#) John Mullan,2008-02-14 Never has contemporary fiction been more widely discussed and passionately analysed recent years have seen a huge growth in the number of reading groups and in the

interest of a non academic readership in the discussion of how novels work Drawing on his weekly Guardian column Elements of Fiction John Mullan examines novels mostly of the last ten years many of which have become firm favourites with reading groups He reveals the rich resources of novelistic technique setting recent fiction alongside classics of the past Nick Hornby s adoption of a female narrator is compared to Daniel Defoe s Ian McEwan s use of weather is set against Austen s and Hardy s Carole Shield s chapter divisions are likened to Fanny Burney s Each section shows how some basic element of fiction is used Some topics like plot dialogue or location will appear familiar to most novel readers others metanarrative prolepsis amplification will open readers eyes to new ways of understanding and appreciating the writer s craft How Novels Work explains how the pleasures of novel reading often come from the formal ingenuity of the novelist It is an entertaining and stimulating exploration of that ingenuity Addressed to anyone who is interested in the close reading of fiction it makes visible techniques and effects we are often only half aware of as we read It shows that literary criticism is something that all fiction enthusiasts can do Contemporary novels discussed include Monica Ali s Brick Lane Martin Amis s Money Margaret Atwood s The Blind Assassin A S Byatt s Possession Jonathan Coe s The Rotters Club J M Coetzee s Disgrace Michael Cunningham s The Hours Don DeLillo s Underworld Michel Faber s The Crimson Petal and the White Ian Fleming s From Russia with Love Jonathan Franzen s The Corrections Mark Haddon s The Curious Incident of the Dog in the Night time Patricia Highsmith s Ripley under Ground Alan Hollinghurst s The Spell Nick Hornby s How to Be Good Ian McEwan s Atonement John le Carr s The Constant Gardener Andrea Levy s Small Island David Mitchell s Cloud Atlas Andrew O Hagan s Personality Orhan Pamuk s My Name Is Red Ann Patchett s Bel Canto Ruth Rendell s Adam and Eve and Pinch Me Philip Roth s The Human Stain Jonathan Safran Foer s Everything Is Illuminated Carol Shields s Unless Zadie Smith s White Teeth Muriel Spark s Aiding and Abetting Graham Swift s Last Orders Donna Tartt s The Secret History William Trevor s The Hill Bachelors and Richard Yates s Revolutionary Road

Henry James and the Real Thing V. Smith,1994-10-12 Taking its title from James s ambivalent catchphrase this original study explores fundamental concerns of his fiction It adopts a modern critical approach yet is written for the intelligent reader whose interest in James is not necessarily academic It examines six key novels and a number of short stories interrelating them to provide not only an integrated picture of the fiction but some conception of what animates it and readings that challenge long established critical assumptions The Idea of Europe Shane Weller,2021-06-03 This book offers a new critical history of the idea of Europe from classical antiquity to the present day

Cheap Modernism Lise Jaillant,2017-04-17 We often think of Mrs Dalloway or A Portrait of the Artist as a Young Man as difficult books originally published in small print runs for a handful of readers But from the mid 1920s these texts and others were available in cheap format across Europe Uniform series of reprints such as the Travellers Library the Phoenix Library Tauchnitz and Albatross sold modernism to a wide audience thus transforming a little read highbrow movement into a popular phenomenon The expansion of the readership for modernism was not only vertical from high to low but also spatial

since publisher's series were distributed within and outside metropolitan centres in Britain continental Europe and elsewhere Many non English native speakers discovered texts by Joyce Woolf and others in the original language a fact that has rarely been mentioned in histories of modernism Drawing on extensive work in neglected archives Cheap Modernism will be of interest to all those who want to know how the new literature became a global commercial hit **Consciousness & the Novel** David Lodge, 2002 Writing with characteristic wit and brio and employing the insight and acumen of a skilled novelist and critic Lodge explores the representation of human consciousness in fiction mainly English and American in light of recent investigations in the sciences
