The Principle Of Changes Understanding The I Ching:

The Principle of Changes: Understanding the I Ching Jung Young Lee, 1971 *I Ching* Edward A. Hacker, Steve Moore, Lorraine Patsco, 2002 This volume is a comprehensive collection of critical essays on *The Taming of the Shrew* and includes extensive discussions of the play's various printed versions and its theatrical productions. Aspinall has included only those essays that offer the most influential and controversial arguments surrounding the play. The issues discussed include gender, authority, female autonomy, and unruliness; courtship and marriage; language and speech; and performance and theatricality.

A Systematic Theology from East Asia Edmond Zi-Kang Chua, 2023-05-26 A Systematic Theology from East Asia Jung Young Lee's Biblical Cultural Trinity considers the Trinitarian theology of Jung Young Lee, a twentieth-century Korean American theologian unique for being based on the Bible but also inspired by the *Book of Changes*, a classical text from East Asian culture with wide appeal. This monograph examines the Christian scriptural, traditional, and cultural roots of Lee's doctrines of God and the Trinity as twin pillars of his systematic theological system, bearing out God's nature, purposes, and guidance for humanity and the world. In addition, this book outlines the autobiographical milieu of Lee's theology, its contribution to three distinct fields of Trinitarian doctrine: immanent, economic, and social Trinity theory, and Cappadocian trinitarianism, and culminates in an assessment of Lee as a systematic theologian from East Asia, comparing Lee with other Asian American theologians.

Journeys at the Margin Jung Young Lee, 1999 Being an immigrant is both being in between two cultures, that of the immigrant and that of the dominant group, and being in both of these cultures. It ultimately means being in beyond the two cultures together. In this book, a group of prominent Asian American Christian theologians reflect in an autobiographical form on how being an Asian and a North American has shaped the way they understand the Christian story. As the United States becomes increasingly multiethnic and multicultural, this book offers useful suggestions on how to meet the challenge of cultural diversity in both Church and society.

Dances with Spirits Calvin Helin, 2014-07-01 Scientific and technological advances have provided the means for destroying planetary life, but does humanity have the wisdom necessary to choose survival? While facing impending danger, cultures worldwide can benefit by exploring tried and true perspectives on humankind's place in the world. One proven measure for greater balance comes through reclaiming the spirit-infused views that ensured the survival of our ancestors for millennia.

The Primary Way Chung-ying Cheng, 2020-09-01 In *The Primary Way*, the distinguished scholar of Chinese philosophy, Chung-ying Cheng, synthesizes his lifetime of work on the *Yijing*, also known as the *I Ching* or *Book of Changes*. Cheng offers a systematic engagement with the classic Chinese text as a philosophy that is still valuable and relevant today. In contemporary philosophical terms, Cheng has developed the ontological hermeneutics of the *Yijing*, as well as its philosophical methodology of symbolic reference in a holistic and onto-generative system of trigrams and hexagrams. The book is organized around eight themes that illuminate Cheng's interpretation of the *Yijing* as a philosophy for creative human action and transformation. He

demonstrates how the philosophy of change in the Yijing embodies early Chinese ontology cosmology epistemology and virtue ethics in the interpretation of divinatory judgments Cheng's work shows how the philosophy of change contains a vision of humanity as creatively related to heaven and earth and how it gives positive meaning to any change as part of a ceaseless creativity With this understanding it enables humanity to develop its potential as a partner of heaven and earth

An Intercultural Theology of Migration Gemma Cruz, 2010-01-15 Migration has long been associated with the social sciences However as a phenomenon that provides windows into possibly new forms of oppression and at the same time paths toward human liberation a systematic theological look at contemporary migration is long overdue Building on the emerging interest on migration in theology this book presents an intercultural theology of migration drawn from the experience of Filipino women domestic workers in Hong Kong in dialogue with theological ethics and liberationist theologies The result is a new look at the phenomenon of contemporary migration **The Passion of God** Warren McWilliams, 1985-06

Christianity with an Asian Face Peter C. Phan, 2015-02-19 *The Trinity* Veli-Matti Kärkkäinen, 2007-01-01 Unique for its breadth in studying theologians not only from Europe and North America but also from Latin America Asia and Africa this landmark volume introduces the doctrine of the Trinity examining the work and thought of contemporary theologians throughout the world Veli Matti Karkkainen provides an overview of the biblical roots of the doctrine discussing both the idea of plurality in God in the Old Testament and the rise of Trinitarian understandings in the New Testament He details the historical growth of Trinitarian traditions and delves into specific theologies both Western and non Western Also including both an introductory consideration of the doctrine's significance and a concluding assessment and agenda for future thought Karkkainen's *The Trinity* is the broadest and most comprehensive contemporary study on the Trinity available
