What is our preconception about Muslims Do we continue to practice medical missions in a way that is no longer considered an effective means of presenting the gospel to the unreached Is our gospel message biblically balanced and firmly contextualized in the context that we try to serve There are numerous questions that we may ask ourselves when we desire to share God's love with people who are still alienated from it Christian cross cultural missions should reconsider the strategies and attitudes that no longer reflect biblical principles This book brings a lot of insightful thoughts and suggestions from the author's medical ministry experience in the Arab world to those who want to reach out to the unreached The theology of shalom enables us to deeply understand God's ultimate purpose toward the world that he created and to devote our lives to bring people to his kingdom in the humble way that Jesus has presented throughout his life on earth when he was with us This book demonstrates how Christian medical missions can be manifested in a more biblical way and can serve people who have been physically injured and emotionally broken more effectively **To Every People from Every People** Dr. Larry D. Pate, 2022-04-22 To Every People From Every People trains people to plant reproducing churches in the mainstream of unreached cultures around the world There are over two billion people living in over seven thousand such cultures who will never have an adequate chance to know Christ as Lord and Savior unless someone plants churches in the mainstream of their culture and language group This book teaches clearly and biblically about why that is important More important it teaches you how to do it It focuses on practical subjects like how to learn another language without studying it in a school and how to make an effective strategy It actually walks you through case studies with illustrations so you can get a mental picture of how to plant reproducing churches in the mainstream of any people group An earlier version of this book was originally written specifically for Latin America It was published by Editora Vida Miami Florida in several editions of Spanish and Portuguese It has long been the best selling book of its kind for many years This English edition has been revised and updated for a global English speaking audience Many thousands of people have used this book to plant new churches in other cultures and even

in their own cultures The anthropological communications and sociological principles in this book have also helped people understand the Bible better and how to apply its truths anywhere Most of all this book is designed to implant vision and passion for cross cultural ministry in the mind and heart of the reader It creates a mental image of how to do it It is a powerful tool intended for the Holy Spirit to use to thrust forth dedicated and effective laborers into the unreached harvest fields of the world
