Siberia Anthony Haywood, 2012-05-02 Before Russians crossed the Urals Mountains in the sixteenth century to settle their colony in North Asia they heard rumours about bountiful fur of bizarre people without eyes who ate by shrugging their shoulders and of a land where trees exploded from cold This region of frozen tundra endless forest and humming steppe between the Urals and the Pacific Ocean was a vast strange and frightening paradise It was Siberia Siberia is a cradle of civilizations the birthplace of ancient Turkic empires and home to the cultures of indigenes including peoples whose ancestors migrated to the Americas It was a promised land to which bonded peasants could flee their cruel masters yet also a white hell across which exiles shuffled in felt shoes and chains If in Stalin's era Siberia became synonymous with the gulag today it is a vast region of bustling metropolises and magnificent landscapes a place where the humdrum the beautiful and the bizarre ignite the imagination Tracing the historical contours of Siberia A J Haywood offers a detailed account of the architectural and cultural landmarks of cities such as Irkutsk Tobolsk Barnaul and Novosibirsk Born to be Criminal Riccardo Nicolosi, Anne Hartmann, 2017-11-15 This collection of essays explores the continuities and disruptions in the perceptions of criminality its causes and ways of fighting it in late imperial Russia and the early Soviet Union It focuses on both the discourse on criminality and thus the conceptualisation of criminality in various disciplines criminology psychiatry and literature and penal practice that is different aspects of criminal law and anti crime policy Thus the volume is markedly interdisciplinary with authors representing a variety of approaches in history and literary studies from social history to discourse analysis from the history of sciences to text analysis **A History of Russian Literature** Andrew Kahn, Mark Naumovich Lipovet'skiĭ, Irina Reyfman, Stephanie Sandler, 2018 Russia possesses one of the richest and most admired literatures of Europe reaching back to the eleventh century A History of Russian Literature provides a comprehensive account of Russian writing from its earliest origins in the monastic works of Kiev up to the present day still rife with the creative experiments of post Soviet literary life The volume proceeds chronologically in five parts extending from Kievan Rus in the 11th century to the present day The coverage strikes a balance between extensive overview and in depth thematic focus Parts are organized thematically in chapters which a number of keywords that are important literary concepts that can serve as connecting motifs and case studies in depth discussions of writers institutions and texts that take the reader up close and Visual material also underscores the interrelation of the word and image at a number of points particularly significant in the medieval period and twentieth century The History addresses major continuities and discontinuities in the history of Russian literature across all periods and in particular bring out trans historical features that contribute to the notion of a national literature The volume's time range has the merit of identifying from the early modern period a vital set of

national stereotypes and popular folklore about boundaries space Holy Russia and the charismatic king that offers culturally relevant material to later writers This volume delivers a fresh view on a series of key questions about Russia s literary history by providing new mappings of literary history and a narrative that pursues key concepts rather more than individual authorial careers This holistic narrative underscores the ways in which context and text are densely woven in Russian literature and demonstrates that the most exciting way to understand the canon and the development of tradition is through a discussion of the interrelation of major and minor figures historical events and literary politics literary theory and literary innovation

The Oxford Handbook of the Russian Novel Julie A. Buckler, Justin Weir, 2025 The Oxford Handbook of the Russian Novel brings together top specialists in Russian literature to treat the Russian novel from the late 18th to the 21st century using a range of interpretive perspectives The Russian novel is a distinctive tradition by virtue of its formal eccentricities as well as the boldness with which these works approached the most complex philosophical political and moral questions This Handbook treats well known works and authors but also explores the much broader tradition of the Russian novel up to the present The essays in the Handbook provide cultural and historical perspectives on the Russian novel as well as showcasing emergent modes of analysis including postcolonialism ecocriticism and posthumanism
