The Private Life Of Islam:

The Private Life Of Islam Ian Young, 2011-04-30 Ian Young spent a summer as a medical student in a provincial maternity unit in Algeria. This book is taken from the diary he began on arrival when he found himself the privileged witness of the insides not just of Kabyl women but also some much trumpeted ideology. The immediate villains are a couple of expatriate Bulgarian gynaecologists. Dr Vasilev at the closing stages of a career of fathomless incompetence forms a bond of affection with the author and they spend many hours in the office over an old route map of Bulgaria discussing mileages and motorcycles as Maternity drifts beneath them like an abandoned ship. Dr Kostov packs a powerful bedside punch and saves his humanitarian feelings for the health of the Deutschmark. The two form a macabre comic team as they take the reader through a series of medical nightmares. But their lot is scarcely more enviable than that of their female victims: the foreign doctors are the unhappy executors working in blood, excrement and death of the most respected attitudes in Algeria. *The Private Life of Islam* is a ruthlessly clear sighted view of a particular place at a particular time. It is also a classic in the art of story telling. A real achievement, personal as well as literary. David Pryce Jones *The Times*. A parable of the reality behind a vast amount of modern social and political fantasy even in the most developed of countries. David Holden *Sunday Times*.

Societal Peace and Ideal Citizenship for Turkey Pinar Enneli, Rasim Özgür Dönmez, 2011-08-16 Globalisation and neo liberalism have been impacting the nation state and leading the full citizenship concept into crisis not only in Turkey but also in the world. While one reason for this crisis is the decline of the welfare state, another reason stems from the fluidity of borders that distorts the classical patterns of the nation state such as meta identity. The existing Turkish citizenship inherited a strong state idea with passive citizenship tradition from the Ottoman Empire. However, this understanding is no longer sustainable for Turkish society. The definition of citizenship through state led nationalism, secularism and a free market economy creates societal crises in politics and society. The aim of this book is to find out the answer of what should be the ideal citizenship regime for Turkey. Various scholars dealing with Turkish socio politics analyze different aspects and problems of Turkish citizenship regime that should be tackled for finding a recipe for ideal citizenship in Turkey.
