Sino-Vatican Relations Beatrice Leung, 1992-03-26 How can the contemporary claims of communism and national culture be reconciled with a universal religion How can the government of the People's Republic of China with its claim to absolute sovereignty exist alongside the spiritual authority of the Roman Catholic church This conflict between two centres of authority has been at the core of recent relations between the Catholic church and China In this first book length study of the subject Dr Beatrice Leung analyses the interactions between China and the Holy See from 1976 to 1986 Dr Leung examines the historic relationship between the Catholic church and China both prior to 1949 and from 1949 to 1976 She then analyses the major problems between these two institutions as they tried to establish a dialogue for future reconciliation These include the need for the Vatican to transfer its recognition of China from Taipei to Beijing the role of the Pope with his spiritual leadership of Chinese Catholics and the handling of the Chinese

Catholic Patriotic Association The book concludes with suggestions for a basis for church state rapprochement Throughout her work Dr Leung uses Chinese language sources both on the Catholic and Communist sides These are supplemented by a wide range of interviews which the author has conducted in the Vatican in Hong Kong and with members of the official and unofficial Catholic churches inside China itself *Catholicism in China, 1900-Present* C. Chu, 2014-11-18 This volume is the product of scholars of various backgrounds specialties and agendas bringing forth their most treasured findings regarding the Chinese Catholic Church The chapters in this book covering the church from 1900 to the present trace the development of the Church in China from many historical and disciplinary vantage points **Challenges and Policy Programmes of China's New Leadership** Joseph Y. S. CHENG, 2007-04-01 This volume analyzes the new leadership's perceptions of the challenges facing it how it defines its priorities builds up political support for its policy programmes and overcomes the resistance of vested interests Attempts will also be made to evaluate its achievements so far Published by City University of Hong Kong Press *China's Catholics in an Era of Transformation* Anthony E. Clark, 2020-07-13 This book features a collection of essays on China's modern Catholic Church by a scholar of China West intellectual and religious exchange The essays and reflections were mostly written in China while the author was traveling by train or staying in villages or large cities near to Roman Catholic cathedrals or other important historical sites during research trips to the country It is clear that Clark's understanding of Catholicism in China evolved from the first entry to the final ones in 2019 The essays included in this compendium were written in disparate contexts and in response to different events As such there is no obvious theme or order to the content However despite this the book provides valuable insights for readers wishing to gain a better understanding of the complex topography of Catholic history in China the contours of which have undergone stark transformations with each dynastic political and ecclesial transition The information presented serves to highlight and explain the lives of Catholic people and the events that have punctuated one of the most significant dimensions of China's long history of friendship conflict and exchange with the West **The Catholic Church in China** C. Chu, 2012-10-15 This book traces the history of the Catholic Church in China since the country opened up to the world in December 1978 It comprehensively studies the Chinese Catholic Church on various levels including an analysis of Sino Vatican relations the control over the Catholic Church by the Beijing government the supervision of local Church activities and the consecration of government approved bishops the formation of priests and the everyday lives of Chinese Catholics **Whither China's Democracy? Democratization in China Since the Tiananmen Incident** Joseph Y. S. CHENG, 2011-01-01 This weighty monograph offers a thoughtful assessment of one of globally raising China's most profound political issues democratization since the 1989 Tiananmen Incident Not exactly a looking back retrospective nor a typical commemorative work this book harbors a more forward prospecting approach with 13 substantive chapters yielding informed analysis and insightful interpretations of various key issues The core subjects range from legal foundation of Chinese democracy middle class

politics Internet based democratization debates and pro democratic mobilizations civic society activism to the external and international media s inputs democracy and China s ethnic minorities and PRC Vatican interface Published by City University of Hong Kong Press

The Catholic Church, The Bible, and Evangelization in China Cindy Yik-yi Chu, 2022-01-01 This edited volume starts from the perspectives of Beijing in how it sees that religion should serve the interests of the state From China s viewpoint religion should act as a stabilizing force of society or else the Christian Churches will lose their reason for existence This might be incomprehensible to Western Christians who believe in the freedom of religion and their right to embrace their faith This collection of articles represents the concerted efforts of Chinese Italians and an American who live in China Europe and the United States and belong to different disciplines such as History Religious Studies and Language Studies to promote a better understanding of the Catholic Church in the world and in China
