Sinuosities Lesbian Poetic Politics:

Sinuosities, Lesbian Poetic Politics Jeffner Allen, 1996-01-22 Allen's work is virtually unique among American writers. It illustrates a deep knowledge of the issues raised by the postmodernists yet she does not succumb to the playing field constructing instead her own philosophical direction and aesthetic. Sarah Hoagland. Jeffner Allen shapes a poetic politics that transforms textual and everyday realities. The surprising resilient and transformative windings of lesbian writing and lesbian lives a poetics of sinuous movement the turning of women to women informs these reflections. **Wild Politics** Susan Hawthorne, 2002 Synthesising issues that are at the forefront of local and global politics and social movements of the 21st century this work presents a powerful critique of global western culture challenging many of its central assumptions and institutions. Queer Economics Joyce Jacobsen, Adam Zeller, 2013-03-07 An important new book bringing together into one volume many of the salient early articles in the field as well as important recent contributions this reader is an examination of and response to the effects of heteronormativity on both economic outcomes and economics as a discipline. The first book to consolidate what has been published filling a gap in the currently available literature and edited by an expert in the field it contains a brief introductory essay setting out the reasons for and aims of the project and a short section introduction defining the topic at hand and introducing each of the key readings. Feminist Interpretations of Jean-Paul Sartre Julien S. Murphy, 2010-11-01 While Sartre was committed to liberation struggles around the globe his writing never directly addressed the oppression of women. Women have worked to attain freedom through speaking out writing memoirs fiction plays poetry and essays. The creative experiences of women are captured in this book thus fulfilling the book's aim to give women voices to air their views and show that they are effectual members of society. The book examines the roles played by patriarchy religion and socioeconomic and political systems that keep women to the background. It also examines the issue of education otherhood marginalization cultural imposition and the diverse positions of women in local and international affairs. The book testifies that women's literature and the stories of women all over the world can be appreciated and viewed from different perspectives because of the diverse cultural environment in which women find themselves. This confirms that the issue of marginalization suppression and

oppression of women are on going problems in different societies around the world **Cultural Activisms** Gertrude M. James Gonzalez, Anne J. M. Mamary, 1999-01-01 This text presents art and writing which is political rather than theorizing about how art and writing might be political The wide array of voices and styles is one of the book s strengths as it not only offers a multi faceted approach toward activism and positive change but also speaks a range of emotions from anger passion and fear to joy and courage This book also opens and creates space for the humor and hope which can come even in the presence of violence and despair *Women Making Art* Marsha Meskimmon, 2012-11-12 Women have been making art for centuries yet their work has been seen as secondary or has gone unrecognized altogether *Women Making Art* asks why this is so and what it would take for us to realize the extent of women s extraordinary contribution to the arts Marsha Meskimmon mobilizes contemporary feminist thinking to reconsider how and why women have made art She examines work by a wide range of women artists from different cultures and historical periods including Rebecca Horn Rachel Whiteread Shirin Neshat and Maya Lin emphasizing the diversity of women s art and the importance of differences between women

Resistance, Flight, Creation Dorothea Olkowski, 2000 Thirteen women at the forefront of philosophy locate new feminist points of view within the discipline by rigorously engaging works of contemporary French philosophy In so doing they both transform the standard practices of the field and carve out new territory These writers amplify the work of feminist philosophers such as Simone de Beauvoir Luce Irigaray and Sarah Kofman in ways that are both stylistically and substantively creative They also appropriate for radical feminist use the works of male philosophers such as Michel Foucault Gilles Deleuze Maurice Merleau Ponty and Jean Paul Sartre The essays illustrate the manner in which feminist philosophers bypass traditional methodology in favor of a disciplinary freedom characterized by fluid methodologies best exemplified in Beauvoir s work and by the employment of imaginative forms including the autobiographical and the poetic The modes of inquiry used here range variously from psychoanalysis and existentialism to deconstruction post structuralism and newly resurgent phenomenology This volume also contains a comprehensive bibliography of feminist thinkers who are enacting French philosophy in English German and French **The Films of Apichatpong Weerasethakul** Anik Sarkar, Jayjit Sarkar, 2024-01-15 Delving into Apichatpong Weerasethakul s films this book uncovers a plethora of conceptual paradigms Apichatpong s films frequently utilize rural Thailand as a backdrop showcasing daily life interactions rituals and customs all infused with a Southeast Asian essence This utilization of local imagery provides a national quality to his works allowing a global audience to explore both urban and rural aspects of Thai society along with discourses on history culture politics and practices Beyond the surface the films also address universal and intricate themes transcending cultural boundaries The book delves into a range of lesser explored aspects regarding the films and filmmaking of Apichatpong developing fresh perspectives on the representation of nonhumans hybrid forms transmedia plot technique production among others With meticulous analyses of his key works this interdisciplinary study unveils the threads that bind Apichatpong s creative practice
