Historia Activa de México J Jesús Cárabes Pedroza,1998 **War and Independence In Spanish America** Anthony McFarlane,2013-10-15 During the period from 1808 to 1826 the Spanish empire was convulsed by wars throughout its dominions in Iberia and the Americas The conflicts began in Spain where Napoleon s invasion triggered a war of national resistance The collapse of the Spanish monarchy provoked challenges to the colonial regime in virtually all of Spain s American provinces and colonial demands for autonomy and independence led to political turbulence and violent confrontation on a transcontinental scale During the two decades after 1808 Spanish America witnessed warfare on a scale not seen since the conquests three centuries earlier War and Independence in Spanish America provides a unified account of war in Spanish America during the period after the collapse of the Spanish government in 1808 McFarlane traces the courses and consequences of war combining a broad narrative of the development and distribution of armed conflict with analysis of its characteristics and patterns He maps the main arenas of war traces the major campaigns by and crucial battles between rebels and royalists and places the military conflicts in the context of international political change Readers will come away with a fully realized understanding of how war and military mobilization affected Spanish American societies and shaped the emerging independent states ¡Corrido! ,2015-09-15 The present compilation of ballads from the Mexican states of Guerrero and Oaxaca documents one of the world s great traditions of heroic song a tradition that has thrived continuously for the last hundred years The 107 corridos presented here gathered during ethnographic research over a period of twenty five years in settlements on Mexico s Costa Chica and Costa Grande offer a window into the ethos of heroism among the cultures of Mexico s southwestern coast a region that has been plagued by recurrent cycles of violence John Holmes McDowell presents a richly annotated field collection of corridos accompanied by musical scores and transcriptions and translations of lyrics In addition to his interpretation of the corridos depiction of violence and masculinity McDowell situates the songs in historical and performance contexts illuminating the Afro mestizo influence in this distinctive population
