Six White Horses:

How to Read the Bible James L. Kugel, 2012-05-01 James Kugel's essential introduction and companion to the Bible combines modern scholarship with the wisdom of ancient interpreters for the entire Hebrew Bible. As soon as it appeared, *How to Read the Bible* was recognized as a masterwork: awesome, thrilling. *The New York Times* wonderfully interesting, extremely well presented. *The Washington Post* and *a tour de force* a stunning narrative. *Publishers Weekly* Now this classic remains the clearest, most inviting and readable guide to the Hebrew Bible around and a profound meditation on the effect that modern biblical scholarship has had on traditional belief. Moving chapter by chapter, Harvard professor James Kugel covers the Bible's most significant stories: the Creation of the world, Adam and Eve, Cain and Abel, Noah and the flood, Abraham and Sarah, Jacob and his wives, Moses and the exodus, David's mighty kingdom, plus the writings of Isaiah, Jeremiah, and the other prophets, and on to the Babylonian conquest and the eventual return to Zion. Throughout, Kugel contrasts the way modern scholars understand these events with the way Christians and Jews have traditionally understood them. The latter is not, Kugel shows, a naïve reading; rather, it is the product of a school of sophisticated interpreters who flourished toward the end of the biblical period. These highly ideological readers sought to put their own spin on texts that had been around for centuries, utterly transforming them in the process. Their interpretations became what the Bible meant for centuries and centuries until modern scholarship came along. The question that this book ultimately asks is: What now? As one reviewer wrote, Kugel's answer provides a contemporary model of how to read Sacred Scripture amidst the oppositional pulls of modern scholarship and tradition.

No One to Meet Raphael Falco, 2025-09-15 A groundbreaking appreciation of Dylan as a literary practitioner. WINNER OF THE ELIZABETH AGEE PRIZE IN AMERICAN LITERATURE. The literary establishment tends to regard Bob Dylan as an intriguing if baffling outsider. That changed overnight when Dylan was awarded the 2016 Nobel Prize in Literature, challenging us to think of him as an integral part of our national and international literary heritage. *No One to Meet: Imitation and Originality in the Songs of Bob Dylan* places Dylan, the artist, within a long tradition of literary production and offers an innovative way to understand his unique and often controversial methods of composition. Dylan expert Raphael Falco traces the similarities between the way Dylan borrows, digests, and transforms traditional songs and what Renaissance writers called *imitatio*. Although Dylan's lyrical postures may suggest an avant-garde consciousness, *No One to Meet* shows that Dylan's creative process creatively expands methods used by classical and Renaissance authors. Drawing on numerous examples, including Dylan's previously unseen manuscript excerpts and archival materials, Raphael Falco illuminates how the ancient process of poetic imitation, handed down from Greco-Roman antiquity, allows us to make sense of Dylan's musical and lyrical technique. By placing Dylan firmly in the context of an age-old poetic practice, *No One to Meet* deepens our appreciation of Dylan's songs and allows us to celebrate him as what he truly is: a great writer.

Folksongs Hal Leonard Corp., 2002-09-01 Guitar Chord Songbook. A strummer's cornucopia of 80 folk favorites. Includes
