Social Dimensions Of Development Hb:

The Palgrave Handbook of Contemporary Kenya Wanjala S. Nasong'o, Maurice N. Amutabi, Toyin Falola, 2023-05-27 This volume is a bold attempt to address a comprehensive range of themes and issues relating to contemporary Kenya. It covers independent Kenya's history, society, culture, economics, politics, and environment with great breadth and depth, comprising thirty-four chapters divided into three parts. Part I focuses on independence and the political economy of development, followed by Part II on environment, globalization, gender, and society. Part III examines the external context's impact and implications for Kenya and the role of Kenya in the global political economy. **Atlas of Nepal in the Modern World**

Michael Sill, 2013-11-05 Nepal is associated in most people's imagination with Everest, Sagarmatha, the Nepalese, vivid plants, and picturesque villages and people. The truth, as always, is other. It is one of the poorest countries in the world, surrounded by big and powerful neighbours. It is immensely diverse, ranging from the great mountains to the north through the trans-Himalaya, a high barren plateau through the deep valleys which include the one which contains the ancient cities of Kathmandu, Patan, and Bhaktapur to the Terai, which is an extension of the Ganges plain. This atlas describes not only the complexity of the environment but the people, the languages, the towns and industries, the agriculture, food, and land management, the natural resources, the effects of tourism, sources of energy, transport, and education policies. Originally published in 1991. **Special Bibliography Series**, 1957 **A Bibliographic Guide to the Comparative Study of**

Ethics John Braisted Carman, Mark Juergensmeyer, William Darrow, 1991-04-26 This bibliography is the culmination of four years' work by a team of noted scholars; its annotated entries are organised by religious tradition and cover each tradition's central concepts, offering a judicious selection of primary and secondary works as well as recommendations of cross-cultural topics to be explored. Specialists in the history and literature of religions and comparative religion will find this bibliography a valuable research tool. *International population policy issues and choices for the United States.*, 1987 **Social**

Influences and Socialization in Infancy S. Feinman, Michael Lewis, 2013-06-29 How are we to understand the complex forces that shape human behaviour? A variety of diverse perspectives, drawing on studies of human behavioural ontogeny as well as humanity's evolutionary heritage, seem to provide the best likelihood of success. It is in an attempt to synthesize such potentially disparate approaches to human development into an integrated whole that we undertake this series on the genesis of behaviour. In many respects, the incredible burgeoning of research in child development over the last two decades or so seems like a thousand lines of inquiry spreading outward in an incoherent starburst of effort. The need exists to provide on an ongoing basis an arena of discourse within which the threads of continuity among those diverse lines of research on human development can be woven into a fabric of meaning and understanding. Scientists, scholars, and those who attempt to translate their efforts into the practical realities of the care and guidance of infants and children are the audience that we seek to reach. Each requires the opportunity to see to the degree that our knowledge in given areas permits various aspects

of development in a coherent integrated fashion It is hoped that this series which brings together research on infant biology developing infant capacities animal models and impact of social cultural and familial forces on development and the distorted products of such forces under certain circumstances serves these important social and scientific needs **Female Entrepreneurship** Maura McAdam, 2013-02-15 Female entrepreneurship and in particular the contribution of their ventures to aggregate economic activity has gained increasing attention over recent years in terms of theory practice and policy This concise book explores how women fit into the contemporary entrepreneurial discourse by recognizing that gender intersects with and influences women's experience of entrepreneurship The book is novel in that it considers women to be a heterogeneous group and as such acknowledges that ethnicity culture class and education will all influence and intersect with female entrepreneurship As a consequence it explores issues ranging from theoretical relationships between the constructs of gender and entrepreneurship to more empirical work on how entrepreneurship might act as an empowering change agent for women In order to address the Euro US centric assumptions underpinning the influence of gender upon entrepreneurship a chapter is dedicated to the role of entrepreneurship in empowering Palestine women This book will be important supplementary reading on entrepreneurship small business management and women's gender studies courses it will prove particularly useful to women moving towards starting their own business as well as postgraduate students researching the topic for the first time **Cultural History of Modern India** Dilip M.
