Social Polarization in Post-Industrial Metropolises John O'Loughlin,Jürgen Friedrichs,2015-08-17 No detailed description available for Social Polarization in Post Industrial Metropolises **The Political Economy of City Branding** Ari-Veikko Anttiroiko,2014-02-24 Globalization affects urban communities in many ways One of its manifestations is increased intercity competition which compels cities to increase their attractiveness in terms of capital entrepreneurship information expertise and consumption This competition takes place in an asymmetric field with cities trying to find the best possible ways of using their natural and created assets the latter including a naturally evolving reputation or consciously developed competitive identity or brand The Political Economy of City Branding discusses this phenomenon from the perspective of numerous post industrial cities in North America Europe East Asia and Australasia Special attention is given to local economic development policy and industrial profiling and global city rankings are used to provide empirical evidence for cities characteristics and positions in the global urban hierarchy On top of this social and urban challenges such as creative class struggle are also discussed The core message of the book is that cities should apply the tools of city branding in their industrial promotion and specialization but at the same time take into account the special nature of their urban communities and be open and inclusive in their brand policies in order to ensure optimal results This book will be of interest to scholars and practitioners working in the areas of local economic development urban planning public management and branding **Henri Lefebvre and the Theory of the Production of Space** Christian Schmid,2022-11-29 Henri Lefebvre s was the major theorist of space and of the urban This is the definitive book on Lefebvre Shortlisted for the Deutscher Memorial Prize 2023 This book presents an encompassing detailed and thorough overview and reconstruction of Lefebvre s theory of space and of the urban Henri Lefebvre belongs to the generation of the great French intellectuals and philosophers together with his contemporaries Michel Foucault and Jean Paul Sartre His theory has experienced a remarkable revival over the last two decades and is discussed and applied today in many disciplines in humanities and social sciences particularly in urban studies geography urban sociology urban anthropology architecture and planning Lefebvre together with David Harvey is one of the leading and most read theoreticians in these fields This book explains in an accessible way the theoretical and epistemological context of this work in French philosophy and in the German dialectic Hegel Marx and Nietzsche and reconstructs in detail the historical development of its different elements It also gives an overview on the receptions of Lefebvre and discusses a wide range of applications of this theory in many research fields such as urban and regional development urbanization urbanity social space and everyday life *Readings in Urban Theory* Susan S. Fainstein,Scott Campbell,2011-03-07 Updated with a majority of new readings the Third Edition of Readings in Urban Theory expands its focus to present the most recent developments in urban and regional theories and policies in a globalized world Around 75% of the readings included are new for the third edition Unifies readings by an orientation toward political economy and normative themes of social justice

Expands the focus on international planning including globalization and theories of development Addresses the full range of core urban theory so as to remain the primary text in courses *Greening Post-Industrial Cities* Corina McKendry,2017-09-22 City greening has been heralded for contributing to environmental governance and critiqued for exacerbating displacement and inequality Bringing these two disparate analyses into conversation this book offers a comparative understanding of how tensions between growth environmental protection and social equity are playing out in practice Examining Chicago USA Birmingham UK and Vancouver Canada McKendry argues that city greening efforts were closely connected to processes of post industrial branding in the neoliberal economy While this brought some benefits concerns about the unequal distribution of these benefits and greening s limited environmental impact challenged its legitimacy In response city leaders have moved toward initiatives that strive to better address environmental effectiveness and social equity while still spurring growth Through an analysis that highlights how different varieties of liberal environmentalism are manifested in each case this book illustrates that cities though constrained by inconsistent political will and broader political and economic contexts are making contributions to more effective socially just environmental governance Both critical and hopeful McKendry s work will interest scholars of city greening environmental governance and comparative urban politics *Introducing Human Geographies, Second Edition* Paul Cloke,Philip Crang,Mark Goodwin,2013-01-11 Introducing Human Geographies is a comprehensive stimulating and innovative introduction to human geography This second edition has been thoroughly revised and updated to build upon the success of the acclaimed first edition Now in full colour and with sixteen new chapters discussion points and glossary definitions in the margin it is even more accessible Part one discusses the principal ideas through which human geographers understand and shape their subject Part two examines each of the main sub fields cultural geography development geography economic geography environmental geography historical geography political geography rural geography social geography urban geography Part three demonstrates how different thematic interests are combined in cutting edge human geographical debates Introducing Human Geographies continues to be the essential textbook for first year undergraduate geography students taking introductory courses in human geography *Remaking Post-Industrial Cities* Donald K. Carter,2016-03-02 Remaking Post Industrial Cities Lessons from North America and Europe examines the transformation of post industrial cities after the precipitous collapse of big industry in the 1980s on both sides of the Atlantic presenting a holistic approach to restoring post industrial cities Developed from the influential 2013 Remaking Cities Congress conference chair Donald K Carter brings together ten in depth case studies of cities across North America and Europe documenting their recovery from 1985 to 2015 Each chapter discusses the history of the city its transformation and prospects for the future The cases cross cut these themes with issues crucial to the resilience of post industrial cities including sustainability doing more with less public engagement and equity social economic and environmental the most important issue cities face today and for the foreseeable

future This book provides essential lessons learned from the mistakes and successes of these cities and is an invaluable resource for practitioners and students of planning urban design urban redevelopment economic development and public and social policy Social Polarization in Post-industrial Metropolises John Vianney O'Loughlin,Jürgen Friedrichs,1996
