Social Work As Art Making Sense For Good Practice:

Social Work as Art Hugh England, 1986 *The SAGE Handbook of Social Work* Mel Gray, James Midgley, Stephen A Webb, 2012-06-22 This Handbook is the world's first generic major reference work to provide an authoritative guide to the theory, method and values of social work in one volume. Drawn from an international field of excellence, the contributors each offer a critical analysis of their individual area of expertise. The result is this invaluable resource collection that not only reflects upon the condition of social work today but also looks to future developments. Split into seven parts, the Handbook investigates Policy, dimensions, Practice, Perspectives, Values and ethics, The context of social work, Research, Future challenges. It is essential reading for all students, practitioners, researchers and academics engaged in social work. **Social Work** Sally Holland, Jonathan Scourfield, 2015-06-25 Social workers spend their time trying to ease social suffering. They encounter the extreme casualties of social inequality: the victims of poverty, illness, addiction and abuse; they work with abusers and offenders and operate in the space between the State and the poor or marginalized. Social work is replete with vivid human stories: the troubled teenage boy who cannot settle in a foster home; the frail older woman who is desperate for social contact; the community seeking a way to tackle gang violence; the sex offender leaving prison and the disputed territory of international adoption. Social work therefore holds a fundamental importance throughout the modern world. In this Very Short Introduction, Sally Holland and Jonathan Scourfield explain what social work is and look at its rich historical development. Reflecting international human stories of social problems and social work relationships, as well as the philosophies behind the practice and the evidence about what works throughout the world, they look at the various definitions, history and debates about purpose and effectiveness, theory and methods. Including wide-ranging examples of social work practice around the world and within particular population groups, they reflect the international variation of social work theory and practice, as well as highlighting all of the main controversies and debates. ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas and enthusiasm to make interesting and challenging topics highly readable. *Evidence and Knowledge for Practice* Tony Evans, Antony Evans, Mark Hardy, 2010-05-03 Evidence and knowledge are fundamental in professional practice. A key skill for social workers is understanding how to use the range of sources available. This book recognizes and builds on the complex nature of social work practice. *The Short Guide to Social Work* Robert Adams, 2010 This one-stop text for new and prospective social work students is easy to read and full of essential information and practical advice about what is needed to qualify and practice in social work. **Professional Social Work** Jonathan Parker, Mark Doel, 2013-11-08 If social work students are to flourish in their careers and go beyond a basic sense of competence in practice, it is essential to develop a sense of Professional Self. This book will help students develop critical understanding of their own social work practice and

the tools and skills required to become a professional social worker It includes Chapters on practising Reflexivity and the importance of Relationships in social work Contributions from leading social work academics A focus on building a professional identity through learning and practice The emphasis is on developing your professionalism and how that journey translates into everyday practice To help this growth there are further chapters on getting the best from continuing professional development challenging poor practice and professionalism and ethics Professor Jonathan Parker is Deputy Dean for Research and Enterprise and Director of the Centre for Social Work and Social Policy at Bournemouth University He is currently conducting cross cultural research on learning and practice with colleagues in Southeast Asia Professor Mark Doel is Professor Emeritus in the Centre for Health and Social Care Research at Sheffield Hallam University and a registered social worker Mark's research experience is in the fields of practice education social work practice methods and service user involvement
