**Baby Boomers of Color** Melvin Delgado, 2014-12-09 Because researchers often treat baby boomers of color as belonging to one group quality data on the individual status of specific racial populations is lacking leading to insufficiently designed programs policies and services The absence of data is a testament to the invisibility of baby boomers of color in society and deeply affects the practice of social work and other helping professions that require culturally sensitive approaches Melvin Delgado rectifies this injustice by providing a comprehensive portrait of the status and unique assets of boomers of color Using specific data he grounds an understanding of boomers financial medical and emotional needs within a historical socioeconomic cultural and political context resulting in tailored recommendations for meeting the challenges of a growing population His research focuses on African American Hispanic Asian Pacific Islander and Native American older adults and addresses issues of financial security employment stability housing and health care which are often complicated by linguistic and cultural differences Rather than treat baby boomers of color as a financial burden on society and its resources Delgado recognizes their strengths and positive contributions to families and communities resulting in an affirming and empowering approach to service

Melvin Delgado, 2001-09-26 When it comes to social work practice in community outreach programs in juvenile detention centres in prisons in parole and probation programs and in the inner cities Melvin Delgado asks the question Where are all the young men and women of color Although many urban residents especially persons of color are or have been involved in the juvenile and or criminal justice system the

topic of criminal offenders and ex offenders has been much neglected by the human services literature This book stands as the only work to discuss correctional supervision and the needs of individuals in a nonprescriptive manner marking a shift toward a capacity enhancement or strengths perspective approach specifically what are the strengths of individuals and how can they capitalize on them Delgado includes a section of reflections from the field that applies capacity enhancement principles and methods to case studies      *Celebrating Urban Community Life* Melvin Delgado, 2016-01-01 Communal celebrations bring out the best in us offering a place for people to come together and take a break from the routines of daily life They are a vital aspect of city life and are increasingly popular as an urban development strategy Celebrating Urban Community Life is a comprehensive guide to understanding and enhancing communal celebrations as a source of community capital Drawing on case studies from New York San Francisco and Toronto Melvin Delgado discusses the many ways in which fairs festivals and parades can enhance communal life Providing a framework for social scientists urban planners and social workers to analyse and foster celebrations that benefit urban populations the book is a valuable resource for those with an interest in this growing area of academic and practical interest      **Youth-Led Community Organizing** Melvin Delgado, Lee Staples, 2008 Youth led organizing is increasingly receiving attention from scholars activists and the media Delgado and Staples have produced the first comprehensive study of this dynamic field Their well organized book takes an important step toward bridging the gap between academic knowledge and community practice in this growing area      *Consensus Organizing: A Community Development Workbook* Mary L. reader engagement and that it will influence community practice which quite frankly is the bottom line I do not subscribe to the axiom of advancing knowledge for the sake of knowledge I am much too practical Some readers however may beg to differ Books challenge readers to entertain new ways of thinking on a subject supplying a rationale for the subject's importance Books need major time financial and intellectual commitment to a subject bringing heightened expectations and serving as a key motivator for action Readers have a right to have lofty expectations from a book because of the time invested and that must be confirmed and met by an author It is impossible for an author to suspend their experiences and worldviews from the task of writing a 300 or so page document The more an author uplifts their values motivations biases limitations and experiences both good and bad it allows readers to have a better grasp of why a topic is framed in a particular manner This stance ascends in significance in this journey and more so when it covers religion Readers may ask about my personal stands on religion religious beliefs and houses of worship More specifically although raised Catholic up to my late teenage years I am a member of a Church of Christ congregation because of the values that this church embraces This church too is facing its challenges with dwindling congregations and closures Suffice it to say I respect people's religious spiritual beliefs that are different from mine although I am not a very religious person by nature it is fair to say
