Science as Autobiography Thomas Soderqvist, 2008-10-01 This biography probes the unusual mind the dramatic life and the outstanding scientific work of Danish born immunologist Niels Jerne 1911 1994 Jerne's Nobel Prize winning achievements in the field of immunology place him in the pantheon of

great twentieth century biomedical theorists yet his life is perhaps even more interesting than his science Science as Autobiography tells Jerne s story weaving together a narrative of his life experiences emotional life and extraordinarily creative scientific work A legendary figure who preferred an afternoon of conversation in a Paris wine bar to work in the laboratory Jerne was renowned for his unparalleled powers of concentration and analytical keenness as well as his dissonant personal life The book explores Jerne the man and scientist making the fascinating argument that his life experience and view of himself became a metaphorical resource for the construction of his theories The book also probes the moral issues that surrounded Jerne s choice to sacrifice his family in favor of scientific goals and the pursuit of excellence **Theories of**

Informetrics and Scholarly Communication Cassidy R. Sugimoto,2016-02-22 Scientometrics have become an essential element in the practice and evaluation of science and research including both the evaluation of individuals and national assessment exercises Yet researchers and practitioners in this field have lacked clear theories to guide their work As early as 1981 then doctoral student Blaise Cronin published The need for a theory of citing a call to arms for the fledgling scientometric community to produce foundational theories upon which the work of the field could be based More than three decades later the time has come to reach out the field again and ask how they have responded to this call This book compiles the foundational theories that guide informetrics and scholarly communication research It is a much needed compilation by leading scholars in the field that gathers together the theories that guide our understanding of authorship citing and impact

Science, Technology, and Democracy Daniel Lee Kleinman,2000-09-28 Examines restrictions and potentialities for public access to science and technology decision making **What Is a Case?** Charles C. Ragin,Howard Saul Becker,1992-07-31

The concept of the case is a basic feature of social science research and yet many questions about how a case should be defined selected and judged are far from settled The contributors to this volume probe the nature of the case and the ways in which different understandings of the concept affect the conduct and the results of research The contributions demonstrate that the work of any given researcher is often characterised by some hybrid of these basic approaches and it is important to understand that most research involves multiple definitions and uses of cases as both specific empirical phenomena and as general theoretical categories **National Library of Medicine Current Catalog** National Library of Medicine (U.S.),1991
