

SOCIAL PROBLEMS

Social Problems In Canada

Francis J. Turner

Social Problems In Canada:

Recent Social Trends in Canada, 1960-2000 Lance W. Roberts, 2005 Canadian society has changed dramatically since 1960 This work captures the scope and range of these changes through a systematic documentation of seventy eight social trends The introduction summarizes and locates the major waves of change The authors then document each trend in relation to eighteen thematic groups that include age community women labour management stratification social relations the state mobilizing institutions social forces ideologies households lifestyle leisure education integration and attitudes and values In contrast to many recent works and journalistic reports *Recent Social Trends in Canada* concentrates on the trajectory of change rather than on current events It provides a longitudinal context in which unfolding events can be interpreted in a broader historical and international context Comparable volumes in the McGill Queen's Comparative Charting of Social Change series describe similar tendencies in the United States Quebec France Germany Italy Greece Russia and Bulgaria making it possible to situate the Canadian experience in a global context Shadows Anthony Synnott, 1996 *Social Problems in Canada* Adie Nelson, Augie Fleras, 1998 Discusses addictions sex and sexuality crime inequality and poverty gender race ethnicity and aboriginality family media work and workplaces globalization and global problems etc Handbook of Social Problems George Ritzer, 2004 Ritzer's *Handbook of Social Problems* offers a comprehensive treatment of today's major societal issues The articles are authored by some of the top scholars in the field and address problem areas that will capture the interests of students and professors alike The international coverage is most welcome in this time of intensifying global inequalities Nancy Jurik Arizona State University The *Handbook of Social Problems A Comparative International Perspective* provides a unique broadly comparative perspective on the current state of social problems and deviance in a variety of societies around the world Editor George Ritzer along with leading U S and international sociologists examines the relationship between social problems and a society's level of development and affluence The essays in this volume focus on four interrelated issues involved in the relationship between social problems and the level of development and affluence Less developed and less affluent societies are more likely to experience a range of social problems than developed and affluent societies Affluence causes or at least brings with it a series of social problems that do not exist in less affluent societies It is only with affluence that certain things can come to be imagined as social problems such as excessive consumption The very affluence of a society makes it vulnerable to problems that would not be social problems in poorer societies The *Handbook* explores the theory of the weakness of the strong in other words strong or wealthy nations may have greater vulnerability to some social problems than less developed or affluent societies This theory is clearly illustrated in this volume by the aftermath of September 11 2001 depicting the vulnerability of the U S to social problems in far removed corners of the world In addition the international and comparative essays in this volume cover other important issues such as the impact of modern technologies on social problems ecological problems global inequality health

as a social problem and much more The Handbook of Social Problems is a vital resource for sociologists and graduate students as well as an excellent addition to any academic library

Critical Perspectives on Social Control and Social Regulation in Canada Mitch Daschuk, 2020-08-25T00:00:00Z How does social regulation shape who is deviant and who is normal Critical Perspectives on Social Control and Social Regulation in Canada is an introduction to the sociology of what has traditionally been called deviance and conformity This book shifts the focus from individuals labelled deviant to the political and economic processes that shape marginalization power and exclusion Class gender race and sexuality are the bases for understanding deviance and it is within these relations of power that the labels deviant and normal are socially developed and the behaviours of those less powerful become regulated This textbook introduces readers to theories and critiques of traditional approaches to deviance and conformity Using vivid and timely examples of contemporary social regulation and control this textbook brings to life how forces of social control and marginalization interact with social media sex work immigration anti colonialism digital surveillance and social movements and much more Theories and critiques are clarified with summaries definitions rich illustrative examples discussion questions recommended resources and test banks for instructors

The Cambridge Handbook of Social Problems: A. Javier Treviño, 2018-03-22 The introduction of the Affordable Care Act in the United States the increasing use of prescription drugs and the alleged abuse of racial profiling by police are just some of the factors contributing to twenty first century social problems The Cambridge Handbook of Social Problems offers a wide ranging roster of the social problems currently pressing for attention and amelioration Unlike other works in this area it also gives great consideration to theoretical and methodological discussions This Handbook will benefit both undergraduate and graduate students eager to understand the sociology of social problems It is suitable for classes in social problems current events and social theory Featuring the most current research the Handbook provides an especially useful resource for sociologists and graduate students conducting research

The Cambridge Handbook of Social Problems: Volume 2 A. Javier Treviño, 2018-03-22 The introduction of the Affordable Care Act in the United States the increasing use of prescription drugs and the alleged abuse of racial profiling by police are just some of the factors contributing to twenty first century social problems The Cambridge Handbook of Social Problems offers a wide ranging roster of the social problems currently pressing for attention and amelioration Unlike other works in this area it also gives great consideration to theoretical and methodological discussions This Handbook will benefit both undergraduate and graduate students eager to understand the sociology of social problems It is suitable for classes in social problems current events and social theory Featuring the most current research the Handbook provides an especially useful resource for sociologists and graduate students conducting research

Social Problems across the Life Course Helena Z. Lopata, Judith A. Levy, 2003-09-03 The human life course is filled with and subject to a wide range of personal difficulties many of which are shared by others Life events and processes such as birth childhood training for and entering an occupation marriage and procreation growing

older death and dying are all subject to dilemmas obstacles and barriers Social Problems across the Life Course offers accessible readings that examine the societal construction of social problems out of the personal troubles that people confront at major life stages The essays provide an overview and illustrate the theory and principals that inform both the life course and social problems Introductions by the editors vividly introduce the research and key theories in this unique anthology perhaps the only one available to help students understand how life stages and personal and social problems interact

Encyclopedia of Canadian Social Work Francis J. Turner, 2005-09-07 Annotation Covers over 500 topics important to Canadian social work Written by a highly diverse group of experts and covering all aspects of the field nation wide

Investigating Social Problems A. Javier Trevino, 2017-12-21 The author is a proud sponsor of the 2020 SAGE Keith Roberts Teaching Innovations Award enabling graduate students and early career faculty to attend the annual ASA pre conference teaching and learning workshop Given the complexity of the issues the study of social problems requires indeed demands specialized focus by experts A Javier Trevi o A Javier Trevi o working with a panel of experts thoroughly examines all aspects of social problems providing a contemporary and authoritative introduction to the field Each chapter is written by a specialist on that particular topic and the unique contributed format ensures that the research and examples provided are the most current and relevant available The text is framed around three major themes intersectionality the interplay of race ethnicity class and gender the global scope of many problems and how researchers take an evidence based approach to studying problems
