Hammack, 2018-02-15 The twentieth century witnessed not only the devastation of war conflict and injustice on a massive scale but it also saw the emergence of social psychology as a discipline committed to addressing these and other social problems In the 21st century however the promise of social psychology remains incomplete We have witnessed the reprise of authoritarianism and the endurance of institutionalized forms of oppression such as sexism racism and heterosexism across the globe Edited by Phillip L Hammack *The Oxford Handbook of Social Psychology and Social Justice* reorients social psychology toward the study of social injustice in real world settings The volume s contributing authors effectively span the borders between cultures and disciplines to better highlight new and emerging critical paradigms that interrogate the very real consequences of social injustice United in their belief in the possibility of liberation from oppression with this Handbook Hammack and his contributors offer a stirring blueprint for a new important kind of social psychology today *War Narratives in Post-Conflict Societies* Michal Mochtak, 2024-02-29 This book studies war narratives and their role in the political arenas of post conflict societies with a focus on the former Yugoslavia How do politicians in postwar societies talk about the past war How do they discursively represent vulnerable social groups created by the conflict Does the nature of this representation depend on the politicians ideology personal characteristics or their record of combat service The book answers these questions by pairing natural language processing tools and large corpora of parliamentary debates collected in three southeast European post conflict societies Bosnia Herzegovina Croatia and Serbia Using the latest advances in computer science the book explores patterns in the war discourse of the political elites of these countries and discusses how politicians talk about war in terms of common narratives and shared frameworks Mapping over 20 years of parliamentary debates the book presents a new perspective on the role of the legacies of war in public space and develops theoretical arguments about reconciliation in post conflict societies The wars of the 1990s and the breakup of Yugoslavia have created three totally different settings for remembering the past conflicts in these countries despite their common history It is a story of victorious battles Croatia past grievances Bosnia Herzegovina and denial Serbia showing the different flavors of past wars in various national contexts that are symptomatic of many post conflict societies in different parts of the world This book will be of much interest to students of war and conflict studies southeastern European politics discourse analysis and international relations ***The Cambridge Handbook of Social Representations*** Gordon Sammut, Eleni Andreouli, George Gaskell, Jaan Valsiner, 2015-05-25 This Handbook provides the requisite theoretical and

methodological guidelines for undertaking social research addressing relevant contemporary social issues *Routledge Handbook of Peacebuilding* Roger Mac Ginty, 2024-08-20 This updated and revised second edition of the Routledge Handbook of Peacebuilding contains cutting edge analyses of contemporary attempts to reach and sustain peace The book covers the main actors and dynamics of peacebuilding as well as the main challenges that it faces with accessible chapters The volume is comprehensive covering everything from the main international institutions for peacebuilding to the links between peacebuilding and climate change or peacebuilding and trauma It is also firmly interdisciplinary with a number of chapters devoted to showcasing how different disciplines interpret peacebuilding and how they contribute to it Bringing together leading thinkers and practitioners on peacebuilding many from the Global South the handbook offers a valuable hands on perspective on how peace can be secured and sustained There is a significant emphasis on comparison and the book shows how peacebuilding is best examined from the vantage point of multiple cases The book is organised into six thematic sections Part I Architecture and Actors Part II Reading Peacebuilding Part III Issues and Approaches Part IV Violence and Security Part V Everyday Living Part VI Disciplinary Approaches This book will be essential reading for students of peacebuilding mediation and post conflict reconstruction and of great interest to students of statebuilding intervention civil wars conflict resolution war and conflict studies and IR in general Chapter 25 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution CC BY 4.0 license **Representations of Peace and Conflict** S.
