Socialism, Democracy and Self-management Michel Pablo,1980 **Self-management and the Crisis of**

Socialism Michael Wayne Howard,2000 While some conclude from the revolutions of 1989 that socialism is dead interest in socialism continues because of persisting problems of contemporary capitalism In this exciting text Michael W Howard offers critiques of liberal communitarian postmodern and some Marxist perspectives in order to develop a left liberal defense of a model of self managed market socialism that includes a basic income for all Specific applications of his view include analyses of its implications for the global marketplace the changing nature of workplaces and media restructuring and ownership This work is sure to be of interest to social scientists public policy makers and economists as well as to feminists ecologists and others concerned with how market socialism is relevant to their social issues Socialism, democracy and self-management

Seibel,1982-07-29 Workers' Participation And Self-management In Developing Countries Janez Prasnikar,2019-04-25

Drawing on his background as an economist and a specialist on the Yugoslav system of workers self management Janez Prasnikar analyzes an extraordinary amount of dispersed information on the experience with workers participation in thirteen developing countries *Yugoslav Workers' Selfmanagement* M.J. Broekmeyer,2012-12-06 This book contains the Proceedings of a Conference held on 7 9 January 1970 in Amsterdam on the problems and perspectives of Yugoslav workers self management The Yugoslav writers were selected according to the criteria that they are competent in their field and that they have different viewpoints in their assessment of the system We hope that the threefold purpose of this book will be attained namely to provide a clearer insight for the Western reader into the Yugoslav system secondly to confront Yugoslav society with the ques tions asked and the criticism voiced here with regard to the practice of workers selfmanagement and lastly to pay a modest tribute to the 20th anniversary of Yugoslav workers self management To be sure the range of subjects treated in Amsterdam might seem to be rather wide but one should bear in mind thaI this was unavoidable in the first large scale confrontation of two different social systems outside Yugoslavia Although the language used in this book may not always correspond with the official standards we trust that the published texts will be easily readable for the benevolent reader **Rethinking European Social Democracy and Socialism** Alan Granadino,Stefan Nygård,Peter

Stadius,2022-03-21 With a combined focus on social democrats in Northern and Southern Europe this book crucially broadens our understanding of the transformation of European social democracy from the mid 1970s to the early 1990s In doing so it revisits the transformation of this ideological family at the end of the Cold War and before the launch of Third Way politics and examines the dynamics and power relations at play among European social democratic parties in a context of nascent globalisation The chronological methodological and geographical approaches adopted allow for a more nuanced narrative of change for European social democracy than the hitherto dominant centric perspective This book will be of key

interest to scholars and students of social democracy the European Centre left political parties ideologies and more broadly to comparative politics and European politics and history The Introduction chapter of this book is available for free in PDF format as Open Access from the individual product page at www.routledge.com It has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

The Constitutions of the Communist World William B. Simons, 2024-12-09

The Subversive Seventies Michael Hardt, 2023 In *The Subversive Seventies* Michael Hardt sets out to show that popular understandings of the political movements of the seventies often seen as fractious violent and largely unsuccessful are not just inaccurate but foreclose valuable lessons for the political struggles of today Looking at a wide range of movements around the globe during the 1970s from the United States to Guinea Bissau South Korea Chile Turkey and Italy Hardt argues that the movements of the 1970s identified and attempted to resolve the political problems that still face contemporary radical political thought and action
