Socialist Emigre

György Litván, János Bak

Socialist Emigre:

The Socialist Emigre Brian Donnelly, 2003 Paul Tillich never abandoned the Marxist ideas he developed during the political upheaval of his native Germany in the 1920s and 1930s. Indeed he subsumed and incorporated Marxism into the construction of his post German religious thinking and theology which he pioneered after fleeing to the USA in 1933. In the *Socialist Emigre* Brian Donnelly deals with the philosophical foundations of Tillich's theology specifically the important thread of Marxism and argues that Tillich's later and highly acclaimed theology cannot be divorced from his earlier Marxist views. This makes for a seminal work which examines Tillich in a new and critical light and furthers the debate as to the structure of his philosophical theology and the nature of his eclectic thought. This unique study features Tillich's boundary thought regarding Marxism and religion, faith and culture, history and supernaturalism and emphasizes Tillich the philosopher rather than Tillich the theologian.

Socialism and Capitalism Through the Eyes of a Soviet Émigré Svetlana Kunin, 2020-09-10 Growing up in Union of Soviet Socialist Republics USSR in the 1950-60s a period defined by Soviet leaders as time of developed socialism Svetlana believed in the greatness of socialism, fairness, equality and the benevolence of the communist leaders managing society's march toward progress. Gradually disillusion set in as historical and contemporary events exposed the true reality behind the veil of empty words. The decision to immigrate wasn't easy. Parents, relatives and friends were left behind. Then in 1980 came the unexpected discovery of a new life in capitalist USA. This unusually personal story that starts in the Soviet Union and ends in the United States draws parallels between two economic and political systems and provides a missing perspective and commentary on parallels to life in the USA. In this book Svetlana makes the case for how a free market economy in the USA leads to a dramatically better life for a common person than that of powerful centralized government as she experienced living in both the USA and the former USSR. Many articles that the author published in the *Investor's Business Daily* under IBD Exclusive Commentary Series Perspectives of a Russian Immigrant are poignantly relevant today. They are included in the book with IBD's permission.

The Russian Roots of Nazism Michael Kellogg, 2005-02-03 This book examines the overlooked topic of the influence of anti-Bolshevik anti-Semitic Russian exiles on Nazism. White migrants contributed politically, financially, militarily and ideologically to National Socialism. This work refutes the notion that Nazism developed as a peculiarly German phenomenon; it arose primarily from the cooperation between völkisch nationalist racist Germans and vengeful White migrants. From 1920-1923 Adolf Hitler collaborated with a conspiratorial far-right German White migrant organization Aufbau Reconstruction. Aufbau allied with Nazis to overthrow the German government and Bolshevik rule through terrorism and military paramilitary schemes. This organization's warnings of the monstrous Jewish Bolshevik peril helped to inspire Hitler to launch an invasion of the Soviet Union and to initiate the mass murder of European Jews. This book uses extensive archival materials from Germany and Russia including recently declassified documents and will prove invaluable reading for anyone interested in the international roots of National Socialism.

Chinese Émigré Intellectuals and Their Quest for Liberal Values in the Cold War, 1949-1969 Kenneth Kai-chung Yung, 2021-10-11 By examining the life and thought of self exiled Chinese intellectuals after 1949 by placing them in the context of the global Cold War Kenneth Kai chung Yung argues that Chinese intellectuals living in Hong Kong Taiwan and overseas Chinese communities in the 1950s could not escape from the global anti utopian Cold War currents Each of them responded to such currents quite differently Yung also examines different models of nation building advocated by the migr intellectuals and argues in his book that these migr intellectuals inherited directly the multifaceted Chinese liberal tradition that was well developed in the Republican era 1911 1949 Contrary to existing literature that focus mostly on the New Confucians or the liberals this study highlights that moderate socialists cannot be ignored as an important group of Chinese migr intellectuals in the first two decades of the Cold War era This book will inspire readers who are concerned about the prospects for democracy in contemporary China by painting a picture of the Chinese self exiles experiences in the 1950s and 1960s

Black Liberation and Socialism Ahmed Shawki, 2005-11-01 A socialist scholar sheds light on the interwoven histories of racism and capitalism in the United States with vital lessons for today s struggle In Black Liberation and Socialism Ahmed Shawki underscores the need to a struggle against racism that is equally clear eyed in its opposition to the economic and political system that supports it capitalism Shawki begins with a socialist perspective on the history of slavery in the United States He then presents a sharp analysis of the country s movements against racism from the separatism of Marcus Garvey to the militancy of Malcolm X and the Black Panther Party to the eloquence of Martin Luther King Jr and more In the decades since the civil rights movement many gains have been made but there is still far to go to win genuine change Black Liberation and Socialism is an essential primer on the history and future of the struggle against racism *The Transformation of Austrian Socialism* Kurt Leo Shell, 1962-01-01 As most political observers know the powerful socialist parties of Western and Central Europe are facing a profound crisis due to their departure from the Marxist slogans of their youth and their increasing inability to define the meaning of socialist goals in the prosperous mixed economy of individual enterprise and welfare state now in full blast in most European countries In Dr Shell s judgment the Austrian Socialist Party exhibits this transformation most clearly A modern mass party containing more than ten per cent of the entire Austrian population as dues paying members it is no longer full of the sound and fury of Marxist class war slogans Instead its traditional labels conceal a loss of direction of clear sense of mission and of the State within a State function originally envisaged In tracing its history its personalities and achievements from World War I to the present day Dr Shell presents a complete and authoritative picture not only of the Austrian Socialist Party but of what may well be the shape of things to come in the other Socialist parties of Central and Western Europe

Paul Tillich and Religious Socialism Kirk R. MacGregor, 2021-03-19 Paul Tillich and Religious Socialism Towards a Kingdom of Peace and Justice argues that the Kingdom of God the reign of God over all human affairs via God s manifestations in love power and justice can be

fragmentarily achieved through a religious socialism that creatively integrates the early Tillich's socialist thinking with later insights throughout Tillich's theological career and with contemporary developments in just peacemaking. The resulting religious socialism is defined by economic justice and a recognition of the sacred reality in all human endeavors. It employs Christianity to furnish the necessary depth for warding off materialism and affirming the spiritual dimension of both labor and acquiring material goods. The unbridgeable Marxist chasm between expectation and reality is bridged through new being already historically inaugurated in the Christhood of Jesus. New being is fundamentally oriented toward bringing justice to the poor, the disenfranchised, and the marginalized. It affirms the individual and equal value of all persons and thus in Kantian terms promotes a kingdom of intrinsically worthwhile ends rather than a kingdom of instrumentally worthwhile means of things.

Socialism and Social Science György Litván, János Bak, 2011-07-25. The writings by Ervin Szab selected in this work first published in 1982 are primarily those which address themselves to general issues of the European working class movement and socialist theory, presenting proof of his critical insight into Marxist theory and of his perceptive analysis of socialism around the turn of the century.

Socialism and Social Science (Routledge Revivals) György Litván, János Bak, 2012-11-12. The essays and letters of Ervin Szab 1877-1918 present proof of his critical insight into Marxist theory and of his perceptive analysis of socialism around the turn of the century. His ideals of an engaged social science and an enlightened socialism, his preoccupation with the socialist future, are still relevant today. The writings selected in this work first published in 1982 are primarily those which address themselves to general issues of the European working class movement and socialist theory, but there are also a few pieces that characterize the intellectual and political climate of early twentieth century Budapest. Szab was one of the theoretical leaders of a whole generation of progressive thinkers from Oscar J. Szilard through Karl and Michael Polanyi to Georg Lukács and many others. The almost insurmountable conflict between theory and practice that characterized Ervin Szab's life remains a problem that has to be solved by engaged intellectuals whatever the time and place. Background notes and an introduction by the editors help to place the writings in their historical and political context.

Steinmetz: Engineer and Socialist Ronald R. Kline, 2019-12-12. When Charles Proteus Steinmetz 1865-1923 died suddenly at the height of his fame, his face was as familiar to Americans as that of Babe Ruth, Henry Ford, or Jack Dempsey. Newspapers quoted his views on religion, politics, he was a Socialist, science, and future technological wonders. All were intrigued by the Horatio Alger tale of the penniless hunchbacked German immigrant who rose to fame as the Wizard of Science, chief engineer at General Electric, and symbol of the new breed of scientists who daily surpassed the feats of Thomas Alva Edison. This intellectual biography follows Steinmetz from his education in Germany to his rise as General Electric's chief consulting engineer. Steinmetz obtained nearly 200 patents; he made his most important contributions in electrical energy loss or hysteresis, the understanding and wider use of alternating current, and high voltage power transmission. General Electric became Steinmetz's home, his identity, and a platform from which he stepped onto the wider stage of world.

affairs As leader of the American Institute of Electrical Engineers Socialist councilman in Schenectady New York and part time professor at Union College Steinmetz attempted to engineer society in the direction of a technocratic utopia by promoting welfare capitalism Lenin s electrification of the Soviet Union and other schemes all with limited success In a life filled with contrasts perhaps even Steinmetz himself a prominent Socialist serving as chief engineer of a major corporation was not always able to separate the myth from the man Steinmetz Engineer and Socialist was the subject of the 2014 PBS documentary film Divine Discontent Well informed by recent studies of similar mythologizing Kline explains both the rise and decline of Steinmetz s popular reputation Robert Friedel Science Kline s explanations are lucid and he offers broader insights about science and technology that will interest all cultural historians Mark Pittenger Journal of American History Steinmetz not only provides the first comprehensive technically sophisticated analysis of Steinmetz s engineering achievements but also carefully examines his influential political and social writings and judiciously dissects the making of the Wizard of Schenectady legend David Sicilia Reviews in American History

Socialist Emigre Introduction

In today's digital age, the availability of Socialist Emigre books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Socialist Emigre books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Socialist Emigre books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Socialist Emigre versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Socialist Emigre books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Socialist Emigre books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Socialist Emigre books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library.

lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Socialist Emigre books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Socialist Emigre books and manuals for download and embark on your journey of knowledge?

FAQs About Socialist Emigre Books

What is a Socialist Emigre PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it.
