Socialist Register 1999:

Socialist register 1999 ..., 1999 **Global Flashpoints** Leo Panitch, Colin Leys, 2007 New forces of resistance have emerged to both American imperialism and neoliberalism But how far do these forces represent a progressive alternative This volume surveys the key flashpoints of resistance today The main arena of resistance to imperialism is the Middle East Six essays explore the ambivalent nature of Islamic anti imperialism and the West s crucial role in making it so significant as well as the different forms it takes as a political creed and they provide particular insight into the relationship between religion and politics today in Iraq Palestine and Turkey **Socialist Register** Ralph Miliband, Leo Panitch, John Saville, *Interpreting the Labour Party* John Callaghan, Steven Fielding, Steve Ludlam, 2018-07-30 This electronic version has been made available under a Creative Commons BY NC ND open access license Interpreting the Labour Party consists of twelve essays on the principal thinkers and schools of thought concerned with the political and historical development of the Labour Party and Labour movement The essays are written by contributors who have devoted many years to the study of the Labour Party the trade union movement and the various ideologies associated with them The book begins with an in depth analysis of how to study the Labour Party and goes on to examine key periods in the development of the ideologies to which the party has subscribed Each chapter situates its subject matter in the context of a broader intellectual legacy including the works of Sidney and Beatrice Webb Theodore Rothstein Stuart Hall and Samuel Beer among others **Counterpublics and the State** Robert Asen, Daniel C. Brouwer, 2001-09-27 Explores antagonistic encounters between people both individuals and groups and governments *Renewing Socialism* Leo Panitch, 2019-06-18 Renewing Socialism opens with an exploration of the contemporary meaning of revolution and reform beginning by stressing the appropriation of both terms into the rhetoric of the political right Panitch examines the failure to realize socialism s revolutionary promise through an analysis of social democratic parties and the politics of compromise *Immigrant Voices* Enrique T. Trueba, Lilia I. Bartolomé, 2000 The ethnics are coming and the fear of many observers is that the quality of traditional disciplines will suffer as a result Immigrant Voices In Search of Pedagogical Reform is a new book which shows that such fear is unfounded Ethnic scholars of international repute come together in this new collection of essays to meditate upon the single most important social phenomena in America today Immigration Due to the ever increasing ethnic diversity in today s school populations the need to explore this issue has become more critical than ever Giving voice to a broad range of complex experiences contributors from China Taiwan Mexico Argentina Spain and Slovakia provide insight into the numerous obstacles immigrants must overcome in order to succeed in both the academy and society at large Offering broad theoretical perspectives as well as powerful and unforgettable personal narratives this book serves as a invaluable resource for continued efforts toward educational equity **After the Fall** George N. Katsiaficas, 2001 First Published in 2001 Routledge is an imprint of Taylor Francis an informa company The Next Upsurge Dan Clawson, 2018-08-06 The U S labor movement may be on the verge of

massive growth according to Dan Clawson He argues that unions don't grow slowly and incrementally but rather in bursts Even if the AFL CIO could organize twice as many members per year as it now does it would take thirty years to return to the levels of union membership that existed when Ronald Reagan was elected president In contrast labor membership more than quadrupled in the years from 1934 to 1945 For there to be a new upsurge Clawson asserts labor must fuse with social movements concerned with race gender and global justice The new forms may create a labor movement that breaks down the boundaries between union and community or between work and family issues Clawson finds that this is already happening in some parts of the labor movement labor has endorsed global justice and opposed war in Iraq student activists combat sweatshops unions struggle for immigrant rights Innovative campaigns of this sort Clawson shows create new strategies determined by workers rather than union organizers that redefine the very meaning of the labor movement The Next Upsurge presents a range of examples from attempts to replace macho unions with more feminist models to campaigns linking labor and community issues and attempts to establish cross border solidarity and a living wage
